DEADLOCK IS UNBROKEN

French Cabinet Riddle Unsolved

Painleve Attempts Again to Form Ministry After Briand Gives Up

M. Sarraut Refuses Offer of Premiership; Finance Crisis Desperate

[BY CABLE—EXCLUSIVE DISPATCH]

PARIS, April 14.—Aristide Briand many times Premier of France, today notified President Doumergue that his efforts to form a Cabinet to succeed that of Edouard Herriot were unsuccessful and he could not, therefore, accept the Premiership.

The President then sent for M. Sarraut. When he refused to attempt to form a government, Paul Painleve was sent for. M. Painleve, when leaving the Elysee Palace late tonight, said that he had tentatively accepted the invitation of the President, but would not reply definitely until Wednesday morning.

SUPPORT WITHHELD

In the meantime talk of dissolution of Parliament and new elections is growing in the lobbies of the Chamber and the Senate as it becomes clearer that no hope exists for a satisfactory solution of the present impasse.

M. Briand was unwilling again to become Premier without the support of the four leading Socialist groups, realizing that he could not count upon a majority in the Chamber of Deputies unless representatives of all the Socialist sections became members of the Cabinet, and thus took their full share of responsibility.

The unified Socialists, who form

UMPIRE SHIP LEAVES FOR FLEET TEST

Navy Proper Will Start at 10 o'Clock Today for Hawaiian Maneuvers

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 14.—The cruiser Seattle, flagship of the United States fleet, weighed anchor today for Hawaiian waters, where she will act as umpire ship for the forthcoming joint Army and Navy maneuvers. Admiral Robert E. Coontz, commander-in-chief of the fleet, was on the bridge of the Seattle when she put to sea.

The remainder of the fleet will leave tomorrow, according to present plans, the first battleship will depart about 10 o'clock. It is expected that it will be three hours at least before the last vessel passes through the Golden Gate.

With Admiral Coontz are Maj.-Gen. John L. Hines, chief-of-staff; Maj.-Gen. Wendell C. Neville, U.S.M.C., and the other members of the umpire board appointed for the maneuvers.

The fleet will maintain an even speed, which will be the speed of its slowest vessels, and on this account is not expected to reach the maneuver area before the end of the month.

ARSENIC IN BODIES OF TWO BOYS

Poison Revealed in Organs of Both Cunningham Lads Following Analysis

[EXCLUSIVE DISPATCH]

CHICAGO, April 14.—Arsenic was found in the organs of both Walter and Harry Cunningham, whose bodies were exhumed Monday from the little country church yard near Valparaiso, it was announced tonight by Coroner Wolff of Cook county, Illinois, after he had received the report of his chemist, Dr. William D. McNally.

With this information the prosecutors drew tighter the net of circumstances about Mrs. Anna Cunningham of Gary, Ind., mother of the two dead youths, whose husband, a daughter and another son died also under suspicious circumstances and whose last son is now suffering from arsenical poisoning. All had been insured for amounts ranging from $2000 to $5000.

It is now certain the bodies of other members of the Cunningham family will be exhumed and examined.

Mrs. Anna Cunningham, mother of four of the dead and wife of another, was to be questioned in her home at Crown Point about an hour before the chemists announced the finding of arsenic. The hearing was to determine her sanity, but she suddenly collapsed and fell into a coma which the doctors could not break for hours. This followed a similar collapse in a hospital and her attempt there to kill herself by choking in a rope made of torn bedsheets.

Simultaneous post-mortems were held in Chicago and at Valparaiso to avoid any legal complications, as it is an Indiana case. Chicago is interested from the fact that David Cunningham, 24, the only surviving son in the family, is dying of arsenical poisoning in a hospital here.

BRITISH RUM SHIP CAPTURED

Trim Schooner Carrying $250,000 Liquor Cargo Believed Overhauled Far Out to Sea

[BY A. P. NIGHT WIRE]

NEW YORK, April 14.—Uncle Sam's rum chasers today added $250,000 to the value of recent liquor seizures in this vicinity with the capture of the two-masted British ninety-five-ton auxiliary schooner Madeline Adams, twenty miles off the coast.

There was some mystery about the capture of the trim little craft which had in her hold 3700 cases of assorted liquors, including champagnes, in addition to 100 barrels of alcohol on her decks. Capt. W. E. V. Jacobs, commandant of the New York division of the Coast Guard, assured questioners that the schooner was taken "twenty miles off Fire Island." But the fact that the Coast Guard cutter Seminole spent twelve hours in the chase lent color to reports that the pursuit took the speedy government boat from 150 to 200 miles out to sea and that a number of shots were laid across the fugitive's bow before the capture.

The capture was made late yesterday and the Madeline Adams tonight was anchored off the Statue of Liberty, a Coast Guard prize crew aboard in charge of her captain, John Gillan, and seven members of her crew.

Capt. Jacobs said that two of the schooner's crew had sought to bribe the crew of the government's rum-chaser, CG-203 to take 500 cases of whisky aboard last Saturday. The government men pretended to accede to the proposal, Capt. Jacobs related, and piled the contraband on the boat's decks, only to discharge the cargo at the United States barge office at the Battery and place the two men under arrest.

It was then that Capt. Jacobs said he broadcast orders to all his chasers to "get the Madeline Adams, if you have to chase her to the British three-mile limit.

ARIZONA PYTHIANS ELECT

[EXCLUSIVE DISPATCH]

PHOENIX (Ariz.) April 14.—Claude W. Cisney of Phoenix was elected Grand Chancellor of the Arizona Grand Lodge, Knights of Pythias, today, and John D. Loper, superintendent of Phoenix schools, was continued in the office of Grand Keeper of Records and Seals, a post he has filled since 1901. Dr. L. A. Wood Burch of Morenci was chosen Supreme Representative.

Indians Object to Proposals of Aid From State

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 14.—Passage of two bills designed to bring relief to Indians of California would tend to create race distinction, delegates representing 11,000 California Indians today called on Gov. Richardson in opposition to Senate Bills 336 and 337, which would appropriate $125,000 for relief and investigation work for the various tribes. The Indians also protested against the passage of the measures on the ground that they would provide for an unnecessary investigation and expenditure of State funds and jeopardize the passage of their United States Courts of Claims bill, according to the statement.

The bills already have passed the Senate and are pending in the Assembly.

OIL LEASE GRANTED ON PUBLIC DOMAIN

SAN GABRIEL MAN SECURES PERMIT TO DRILL IN KERN COUNTY

[EXCLUSIVE DISPATCH]

WASHINGTON, April 14.—An oil and gas lease was today granted to Leonard Iuy of San Gabriel, Cal., on 1761 acres of public land in Kern county by the Department of the Interior.

A royalty of 5 per cent on 500 acres and from 12½ to 33 1-3 per cent on 1261 acres must be paid the government on all oil produced.

Two wells have already been drilled through an exploratory permit on the property. Oil was discovered in both, one producing thirty-five barrels and the other forty barrels daily.

PLANT SEIZURE PROTESTED

Confiscation of American Property by State of Vera Cruz Taken Up by Ambassador Sheffield

BY JACK STARR-HUNT

[BY CABLE—EXCLUSIVE DISPATCH]

MEXICO CITY, April 14.—Confiscation by the State of Vera Cruz of property valued at $5,000,000 of the Jalapa Light and Power Company, an American-owned corporation, has brought strong representations from Ambassador Sheffield to the Foreign Office.

The corporation has operated a plant in Jalapa, capital of the State of Vera Cruz, and a thirty-six-mile railroad through the banana and coffee districts. It is owned by the Higgins Estate, Inc., of New York, one of the largest investment concerns in the world, which operates mines and power plants in many foreign countries.

Since its initial investment in the Jalapa district, the corporation has reinvested all profits to benefit the region in which it operates.

The activities of the company are under the direction of W. K. Boone, who until recently had had no labor trouble. The workmen of the company recently demanded a share in the profits.

The company has offered to sell the property to the Vera Cruz government on yearly payments to be made from profits during the next twenty-five years.

Before Boone returned to New York he made representations to Ambassador Sheffield. It is understood that the company intends to abandon the Mexican field, adding another claim against Mexico which the Claims Commission will be called upon the investigate.

COOLIDGE'S PARABLES

Allegories Used at Conference

Spokesman Defines Workers as "Bodies in Motion" Until Deflected

President Thrives on Tasks; Prefers Shaking Hands to Making Speeches

BY ROBERT B. ARMSTRONG

[EXCLUSIVE DISPATCH]

WASHINGTON, April 14.—That always interesting personality, the spokesman for the President, at the semiweekly conference with the Washington correspondents at the White House today adopted a new method, perhaps as an experiment—he spoke in parables.

In recent weeks there have been a number of instances in which glaring misinterpretations have been placed on the communications of the President to the people through this medium. A flare-up in the French press over a misreported statement that the President had paid high tribute to the fallen Premier Herriot is in point.

The President may be annoyed over the manner in which he has been misinterpreted, but if so he shows no signs of it. On the contrary, even in the face of the huge task of shaking hands today with many hundreds of Easter vacationists visiting Washington, he exhibited a buoyancy of spirit and an inclination to indulge in dry Vermont wit, accompanied by a quirk or a smile.

Thus it was that from his spokesman the assembled correspondents today heard the parable of the sentinel and the rose, the parable of the lesson in physics, the parable of the Junior Achievement Club work and the parable of the fisher.

SURVEYS DEPARTMENTS

The first of these was expounded when a question was submitted regarding the President's reported intention of making important changes in the organization of the departments and bureaus at Washington. It was explained that the President is putting his chief dependence on the enactment of the reorganization bill, which will be pressed anew when Congress reassembles. In the meantime he is causing to be conducted a series of surveys to determine the efficiency and necessity of the existing government establishments. Already there has been eliminated a group of war-born government activities, but not all of these have yet been abolished.

What actually is going on is a checking up to determine what is and what is not useful. Because without such periodical checking up, incidents similar to that of the sentinel and the rose will occur.

More than 100 years ago, a European monarch, as the spokesman for the President related, noted a particularly fine rose blossoming in his garden. Lest it be disturbed, he ordered that a sentinel be placed over it. The rose withered and died, but the sentinel remained until in recent times, there was a checking up of palace activities which disclosed the uselessness of maintaining a sentinel. So it is in the government structure; there must be periodical surveys to determine whether an existing agency of government justifies its existence.

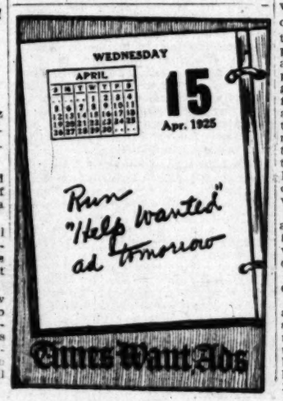
BODIES IN MOTION

Some one asked if the story printed today in some newspapers that Senator Butler of Massachusetts was going to resign the post of chairman of of the Republican National Committee before the end of the year, was true. This tale had declared that Senator Butler, after consultation with the President, had determined on this course in order to give his attention to the campaign he must make next year for election to his present seat.

The answer given was that the President was very certain that Senator Butler had never mentioned the subject to him. Here came the parable of the lesson in physics.

The President's spokesman said that in his youth he was taught that a body at rest remains at rest and that a body in motion continues to move in a straight line until acted upon by some other force. This, the correspondents were informed, is applicable to all persons now holding office of a character over which the President has or is presumed to have authority. The application is that the chairman of the Republican National Committee

(Continued on Page 2, Column 4)



JULIAN IS OUT OF OIL COMPANY OF HIS NAME

Has Not Even Any Voting Stock; Stockholders Amply Protected, Says New President

C. C. Julian is no longer an officer or director of the Julian Petroleum Corporation and holds not one share of stock that carries a voice in the company's management. He maintains separate offices in the Loew's State Building as president of the Julian Oil Well Pump Company. S. C. Lewis, president of the Lewis Oil Corporation, a Delaware company, with head offices in New York, is the new president of Julian Petroleum with offices in the Pershing Square Building. Hitherto he has been known to the great majority of Julian stockholders as general manager. Actually he has been president for over four months.

Confirmation of these facts was obtained yesterday from Mr. Lewis and is of documentary record in the archives of the County Recorder. Mr. Julian refused to make any comment.

The reorganization of the company, at which Mr. Julian stepped out in order to make it possible for new capital and new control to come in, has been one to amply protect every interest of the stockholders, Mr. Lewis said yesterday. An audit by Price, Waterhouse & Co., to be made public today, shows the company to be in excellent condition, according to its new president.

TELLTALE MORTGAGE

At the Julian shareholders' meeting held on January 17, last, in Hollywood Bowl, a balance sheet was read to them containing an item in the list of liabilities showing that the Security Trust and Savings Bank holds a $300,000 mortgage bearing 7 per cent interest and running three years, on the company's refinery, its Norwalk tank farm and its pipe line system from the Santa Fe fields to the tank farm and from the refinery to its distributing terminals.

The copy on file in the County Recorder's office shows that it was executed on December 20, 1924, by S. C. Lewis, president, and E. N. Fischer, secretary, of the Julian Petroleum Corporation. This was two days before Mr. Julian announced through the newspapers that a reorganization was pending which would bring new capital into the company and that S. C. Lewis would represent the new capital as general manager.

Mr. Julian's retirement had become a fact before any inkling of what had happened was permitted to become public and even at the January shareholders' meeting, Mr. Lewis was introduced as general manager, not as president. Asked if such was not the case yesterday, he confirmed the fact, stating that no formal statement of his election ever had been made, either to the public or privately among the stockholders as a body, though many of them as individuals, he said, knew the changes that had taken place, and all the business of the company had been and was being done by him without mystery as its president and general manager.

Mr. Julian," said Mr. Lewis yesterday, "as of course the recorded mortgage shows, is no longer president of Julian Petroleum and has not been since a short time before the mortgage was executed. All his common stock, which carries the voting power in this corporation, has been placed in escrow, to remain there until the company shall have been placed on a dividend-paying basis. Owning no voting stock, of course he is no longer a director.

"DID NOT SELL OUT"

"Mr. Julian did not sell out. He received not 1 cent for his common stock and, in yielding control of his company, was actuated by nothing but an unselfish desire to further what he believed were the best interests of the shareholders. To my knowledge he has made heavy purchases of Julian preferred, at the market price, paying for what he bought out of his personal resources, because he has faith in the future of the company.

"I want to say that it never has been my privilege to deal with a

(Continued on Page 3, Column 6)

KING BORIS AMBUSHED

Assailants Slay Attendants

Bulgarian Sovereign Has Narrow Escape from Assassin's Attack

Former Army Leader Who Aided in Deposing of Stamboulisky Slain

[BY CABLE AND ASSOCIATED PRESS]

SOFIA (Bulgaria) April 14.—King Boris of Bulgaria had a narrow escape from death today at the hands of alleged Communists while Gen. Gheorghieff, one of the leaders in the movement which overthrew the Stamboulisky government in 1923, was killed in the streets of Sofia.

The King's automobile, which was traveling in the direction of the capital, ran into an ambuscade of Communists who fired upon him. The King was not hurt, but two of his attendants are reported to have been killed and the chauffeur wounded. One of the slain men was a young naturalist, Iltcheff.

Almost immediately after the attack the King's assailants fled. Troops were sent in pursuit and searched the entire district, but without avail.

King Boris of Bulgaria has for several months been taking an active part in the efforts to suppress the long series of disturbances which have developed into a national crisis.

Numerous assassinations have occurred. In February, last, Nicola Mileff Minister Designate to the United States, was shot down in the streets of Sofia. The Communist Deputy, H Stovanoff, was assassinated on March 6, in the same city. He was the third Deputy murdered within a month.

The Bulgarian government has several times denied there was any revolution or any attempt at revolution in Sofia, but at the same time Communists and Anarchists have been particularly active and within the last few days the authorities announced the seizure of documents which were reported to prove that an armed revolt was planned for this spring.

Sofia dispatches stated that the revolution was to start in Northwestern Bulgaria on April 15. Concurrently acts of sabotage directed against railroads bridges, buildings and telegraph and telephone communications were to be carried out. A campaign of assassination was arranged for and, according to the authorities, no stone was to be left unturned to set up a soviet republic.

Bulgaria has been permitted by

(Continued on Page 2, Column 7)

SOVIET DREAMS SHATTERED

Stalin, Chief of Russian Communists, Bows to Demand of Peasants for Reforms

[BY CABLE—EXCLUSIVE DISPATCH]

[Copyright, 1925, by the New York Times.]

BERLIN, April 14.—According to reports from Moscow, Stalin who is the chief of the Communist party promises the peasants grand land reforms which may ultimately return the land to private ownership. This step was expected as the natural consequence of economic reforms promising the restoration of private ownership of factories, mines and houses and the re-establishment of freedom of trade.

This important announcement was made at the Moscow meeting of the provincial representatives of the peasants. Among the complaints made was that the peasants would not plant crops or improve their land unless they were guaranteed possession of the land for a long term of years. Stalin authorized the representatives of the provinces to carry back the message that land would be granted to peasants for a period of at least twenty years and perhaps forty. He also stated there is a possibility of the land being returned to private ownership without restriction.

Representatives of the peasants asked Stalin how his promises could be fulfilled when such an action would be contrary to the soviet constitution. Stalin answered:

"We wrote the constitution, we can change it also."

Stalin also promised the peasants an additional franchise and representation privileges in the government. The peasants now elect one representative for every 40,000 inhabitants, while the cities are allowed one representative for every 25,000. A peasant is at present ineligible to hold office except in the provincial committee. The peasants now demand equal representation and eligibility to the country's highest executive committees. Stalin instructed the representatives to inform the peasants that these election reforms would be granted. This would make the peasants eligible for the country's highest offices.

These promised reforms which were expected because of concessions already granted to private capital, are considered the greatest step that the soviet government has made towards the abolition of Marxian dreams since the government was formed in 1917.

WILL BUILD ROAD

[EXCLUSIVE DISPATCH]

GLOBE (Ariz.) April 14.—Globe and Miami business men are uniting to provide a highway from this city direct to the top of the projected Coolidge storage dam on the Gila River below San Carlos. It has been learned that the dam is to be built by the Indian Bureau, and that no provision has been made for roads.

SENATE PASSES GAS TAX BOOST

Measure Approved by Four Votes Margin

Reconsideration to be Asked by Opponents

Action Comes After Long and Bitter Debate

(Continued from First Page)

allegiance, and responded "no" when his name was called. Senator Crowley expressed his hearty approval of the projected highway from San Francisco to San Jose, but believed, he declared, that to force an allocation into the Breed bill would not only fail to accomplish the purpose, but would endanger the passage of the measure to the detriment of the entire road system of the State.

This ballot placed Senator Johnson, Montara, in a similar position as a representative of a county through which the new route would pass.

Senator Fellom, San Francisco, who stood staunchly with his delegation on the Bay Shore highway proposals, parted with the majority of this delegation on the final roll call, casting his vote in favor of the tax increase.

ANGELENOS SOLID

The Los Angeles representation was solid against raising the gasoline levy, but Senator Savage of San Diego voted for the bill.

Senator A. B. Johnson of Pasadena criticised the gasoline tax as a method of procuring funds for highway construction, saying that this places the heavy burden on owners of small cars who cannot afford a tax and takes off the shoulders of larger property owners the tax burden that rightfully belongs to them. As highways enhance the value of property, he contended, a property tax or bond issue is the logical way to build roads leaving to the gasoline tax the duty of maintaining them.

Senator Christian reviewed the taxes already existing on a commercial car, enumerating nine separate charges for the production of revenue.

Senator Breed spoke briefly in support of his bill and waived his right to close, except to take one minute to answer a question that had been raised.

The Piedmont Senator declared that the gasoline tax is the only fair method as it meters the use of the road accurately; that the people of the State want this method of building highways adopted and that a weight tax is unjust as it takes as much from the owner who drives only 500 miles a year as it does from the man driving 5000 miles. A bond issue, he declared, could not carry at an election.

FUND FOR EXHIBIT AT PHILADELPHIA VOTED

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 14.—The Assembly of the Legislature today voted to appropriate $100,000 for the erection of a suitable building to maintain an exhibit of the products of the State of California at the Philadelphia exposition next year.

"DIRECT-U" TELLS WHERE YOU CAN BUY IT

Have you been wondering where to buy that tooth paste you saw advertised the other day? . . . or that beautiful new trade-marked fabric? . . . or that vacuum cleaner? . . . or that special make of gloves?

Many manufacturers find it impractical to enumerate in their advertisements the names of all their dealers, but you can always find out who sells any advertised product by calling up the Los Angeles Times' new department—"Direct-U"—MEtropolitan 0700. "Direct-U" keeps track of where thousands of advertised trade-marked articles are sold and gives this information freely and cheerfully to all who ask.

Assembly Votes Bills for Relief of Delhi Colony

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 14.—Three bills designed to bring relief to settlers of the Delhi Land Settlement Colony were passed in the Assembly today. One measure appropriates $250,000 to pay existing obligations and operating expenses, to be repaid to the State with interest.

Another bill amends the Land Settlement Act authorizing a reduction in the price of untold lands and a revision of existing contracts with settlers to meet present price conditions. The reduction amounts to approximately 30 per cent.

The third measure eliminates interest charges for the next five years on the $2,000,000 loaned from the general fund to the Land Settlement Board for the development of the Delhi project, this being necessary to equalize the amount of reduction in payments proposed to the settlers during the next five years.

Another bill which would appropriate $350,000 for the Land Settlement Board with which to pay to the State its arrears, which is merely a method of balancing the books, was amended and probably will be voted on tomorrow.

Sale of College at San Diego is Given Approval

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 14.—The State of California would be authorized to sell the lands and buildings of the San Diego State Teachers' College and from the proceeds purchase a new site for the college, under the provisions of a bill by Assemblyman Walters, San Diego, which was passed in the Assembly today. The bill now goes to the Senate.

It is contemplated, Walters stated, that the city will purchase the present site and buildings and convert the college into a city school. The college is badly in need of more land and new buildings to relieve the cramped condition, he added.

ASSEMBLY BACKS WAR ON CITRUS WHITE FLY

BILL APPROPRIATING FUND TO COMBAT PEST PASSED BY LOWER HOUSE

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 14.—The bill by Assemblyman Hartranft, Fullerton, appropriating $100,000 for eradication of the citrus white fly pest in certain orange growing districts and authorizing the Department of Agriculture to provide for the prevention of spread of the pest was passed by the Assembly today and sent to the Senate.

The lower house also passed the Dillinger bill, appropriating $200,000 for the erection of buildings for boys requiring special custodial care at the Preston School of Industry at Ione.

An appropriation of $50,000 was voted by the Assembly to be used for the construction and equipment of buildings at the California Polytechnic School at San Luis Obispo.

Assemblyman Herbert McDowell's bill appropriating $75,000 for the purchase of land for the State Teachers' College at Fresno, also was passed.

The lower house also approved the bill carrying an appropriation of $20,000 to be used in the control of malaria.

Other measures approved by the lower house and sent to the Senate include:

By Assemblyman Reindollar, appropriating $5000 for fire prevention in the Tamalpais forest fire district in Marin county.

By the San Francisco delegation, increasing the amount the Board of Harbor Commissioners may expend for the use of fireboats belonging to the City of San Francisco from $65,000 to $83,775 annually.

By Assemblyman McDowell, providing that students from one school district shall not be permitted to attend school in another district without the consent of the board of trustees of the district in which the student resides.

Four bills increasing the salaries of Superior Judges in Merced, Madera, Imperial and Santa Clara counties.

Appropriations Bills Favored by Committee

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 14.—The Senate Finance Committee today recommended for passage the bill by Senator Ingram appropriating $250,000 for the deepening and widening of the mouth of the San Joaquin and Sacramento rivers.

The measure, carrying an appropriation of $225,000 for new buildings at the Agnew State Hospital, near San Jose, also was sent out with favorable recommendation.

Others that met with the committee's approval included one by Assemblyman Saylor, appropriating $25,000 for the construction of fire trails and lookout stations on the hills of Alameda and Contra Costa counties; also Senator Kline's bill carrying an appropriation of $5000 for fire prevention in the San Jacinto Mountains in Southern California.

The committee tabled the Fellom maternity aid bill, which provided for the payment of money not to exceed $250 to needy prospective mothers.

Fall Off Ladder Proves Fatal to Septuagenarian

M. V. Conklin, 72 years of age, a retired merchant living at 633 West California street, Glendale, died at the Glendale Hospital last night from injuries he suffered yesterday afternoon when he fell from a ladder at his home.

Mr. Conklin, who came to California from Princeville, Ill., about five years ago, is survived by his widow and five children: Mrs. Virginia E. Conklin, Mrs. J. D. Rathbun and Mrs. T. J. Kelly of Glendale; Miss Ruth Conklin of Los Angeles, Mrs. B. W. Crowe and T. J. Conklin. Funeral services will be announced later.

Sonoma Farm Bill Revived by Assembly Vote

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 14.—For the second time during the session the Assembly voted to disregard committee action on bills when today by a 52-to-12 vote the bills providing for the re-establishment of the California farm for delinquent women at Sonoma were brought to the floor from the Ways and Means Committee.

DEADLOCK STILL ON IN FRANCE

(Continued from First Page)

the most powerful group in the Chamber, were unwilling to accept a share of the burden. Leon Blum, their leader, openly declared that M. Briand had changed his political convictions too often to be trusted. The real reason for their refusal, however, is believed to be that they do not want to come into office without being certain of their ability to put through the capital levy plan which they consider the only way to save France from bankruptcy.

The financial situation is regarded as somewhat desperate. The Bank of France threatens to cease its relations with the government and to close its offices if Parliament does not authorize an increase of $200,000,000 in the bank-note circulation.

The agreement reached between Finance Minister De Monzie and the Bank of France, authorizing the issue of 4,000,000,000 francs in additional currency, is to be ratified at a special meeting of the Chamber of Deputies tomorrow afternoon and then by the Senate at 5 p.m. This was announced after an interview today by M. De Monzie and M. Robineau, governor of the Bank of France, with M. Briand.

It was held that the Herriot Ministery, being charged with the duty of carrying on current affairs, could constitutionally put this ratification measure through Parliament.

PARABLES GIVE COOLIDGE BENT

(Continued from First Page)

and Federal officers now in office are to be considered as bodies in motion until the President deflects them.

White House comment was asked on the work of the Junior Achievement Club, so warmly approved by the President and Mrs. Coolidge at the conference yesterday of those who have this work in hand. Thus the relation of the parable.

It was explained that the President in his early youth came in contact with the people of the junior achievement work. His father organized it. The whimsical way in which this last sentence was uttered brought a roar of applause.

The President's spokesman went on to explain that the President also received some instruction in junior achievement work from his grandfather, who died when the President was 6 years old. Before that, the President, under his grandfather's instruction, had learned to sow wheat. If, the spokesman went on, aridly, the grandfather had lived, the President probably would be sowing wheat yet. In this connection, it was recalled that among the President's intimates is a wise old judge, living at Northampton, Mass., who maintains that every one would be better off if he periodically hoed potatoes.

MOMENTOUS ISSUE

A local controversy over the planting of fish in the tidal basin in Potomac Park, with wire screens to prevent their escape, in order that Washington fishermen may have the sport of angling made easily accessible to them, was brought up in the conference.

He who was speaking for the President confessed that the President did not know much about fishing possibilities of the tidal basin. It is true, went on the informant, that the President is an advocate of outdoor life, but he is not quite sure that fishing in the tidal basin is conducive to the objects desired. Fishing, it was related in a burst of frankness, possibly calculated, has always impressed the President as being a sport more in keeping with the spirit of children than that of grown-ups.

Maybe this was a sly thrust at the President's very good friend, Atty.-Gen. Sargent, who has been represented as Vermont's most notable fisherman.

It was mentioned that those who had been with the President at his birthplace in Vermont last summer, would recall that a little brook lies adjacent to the Coolidge farm. When he was a boy this brook appeared to President Coolidge as a large and important stream. When he could escape from such Junior Achievement Club work as assigned to him by his father or grandfather, he found delight in fishing in this rivulet, but since then he has done no angling whatever. Nevertheless, he realizes that many others seem to get satisfaction out of the sport and even journey to the Florida coast to indulge in it. He is inclined to doubt that these would find any great enjoyment in fishing in the tidal basin. But if the problem is to be regarded as a means of furnishing recreation for children, it would be worth while considering.

There was an upward tilt to the corners of the mouth of the President's spokesman when, with apparent gravity, he went on to say that the matter must be given the most careful analysis by the Bureau of Fisheries of the Department of Commerce, and possibly by the Agricultural Department, before a decision is reached.

THRIVES ON WORK

Although the demands on the President's time at this period are heavy because of the large number of visitors in town who want to have a glimpse of him in his office, the President appears in excellent health and spirits. Indeed, he seems to thrive on the tasks which proved so wearing on his recent predecessors.

At the conference today, a suggestion in the form of a question was presented, to the effect that the strain of meeting so many visitors each day might be lessened were all the visitors to be herded at an appointed hour on the White House lawn and the President then to appear and make a speech to them.

This plan, it was manifest, amuses rather than interests the President. It would make his work harder rather than easier, for he finds it much easier to shake the hands of several hundred visitors, one after the other, than to prepare and make a speech. If it is a choice between two evils, he would far rather do the handshaking, but some pains were taken to make it plain that the President does not regard this handshaking job as a task.

On the contrary it is his one opportunity to come in close contact with people, for ordinarily he is insulated against them, as it were. Actually, he gets a greater pleasurable emotional response from shaking the hands of individuals than from talking to them in a formal fashion.

PYTHIANS IN PHOENIX

PHOENIX, April 14.—In Phoenix are being held the fortieth annual convention of the Arizona Grand Lodge Knights of Pythias and the twentieth of the Grand Temple of Pythian Sisters. Tomorrow there will be a session of the Dramatic Order Knights of Khorassan. Representatives are present from twenty-eight lodges of the order and from seventeen temples.

YOSEMITE HOST TO SECRETARY

Interior Chief Opens Postal Building in Village

Visits Inspiration Point and New Museum

Accepts Rockefeller Gift of $75,000 Structure

[EXCLUSIVE DISPATCH]

YOSEMITE, April 14. — Hubert Work, Secretary of the Interior, today officially opened the $40,000 postoffice building just completed in the new Yosemite village. Through the courtesy of Postmaster-General Harry S. New, the Secretary was designated to officiate at the opening ceremonies. The task proved a pleasant one for Secretary Work, who stepped behind the postoffice window and conducted business, while Postmaster F. C. Alexander smilingly congratulated him.

Following the opening of the postoffice Secretary Work, Stephen T. Mather, director of National Park Service; Horace M. Albright, field assistant to Mather, and Superintendent Lewis inspected operators buildings now under construction in the new village site. Later the official party visited the new Yosemite Museum, a $75,000 gift from the Laura Spellman Rockefeller Foundation. At the conclusion of his inspection Secretary Work accepted the structure on behalf of the Interior Department, and congratulated Director Mather for his efforts which led to the donation of the building by the Rockefeller Foundation.

Shortly before noon the officials conferred on an extensive educational program for all national parks. During the afternoon Secretary Work, Director Mather, Mr. Albright and Supt. Lewis visited Inspiration Point. The Secretary was profoundly impressed with the magnificent panorama unfolded as the automobile carrying the party slowly ascended Wawona Road.

The Secretary, with Director Mather, Mr. King, traffic manager of the Southern Pacific, and Mr. Donald, secretary to Secretary Work, are all quartered in Rangers' Club, which is a $30,000 personal gift of Director Mather to his rangers.

Arrivals in Yosemite now in connection with the Secretary's visit include Mrs. David Curry, manager Camp Curry; Don Tresidder, president Yosemite Park and Curry Company; Daniel R. Hull, chief landscape engineer; George Goodwin, chief civil engineer; Francis Farquhar, special accountant; Ansel F. Hall, chief naturalist, and others.

ORDER TO SHOW BOOKS IS RESISTED

Muskogee Oil Men Aver Government is Fishing for Evidence

First blood will be drawn today in the United States government war on ten Muskogee (Okla.) oil companies which are asserted by Federal officials to have conducted operations running into many millions of dollars in California, Texas, Oklahoma and elsewhere.

For some time postoffice inspectors and, representatives of the United States Attorney-General's office in Washington, D. C., have been investigating the companies with the result that U. S. Dist. Atty. McNabb, on request of the Washington office, procured from Federal Judge James an order for the companies to produce their books before the Federal grand jury here next Friday.

This order the companies are opposing through B. Frank Wood, trustee of the defendant companies, and W. I. Gilbert, local attorney. Today they will appear in court against the government's representatives and will seek to have the order set aside. The companies assert that the demand for their books is merely a fishing expedition to attempt to uncover a suspected misuse of the mails.

Postoffice Inspector Clampitt and J. S. Pratt, special assistant United States Attorney-General, will come here to handle the case for the government.

The companies under fire are Invaders' Oil Corporation, Invaders' Oil and Refining Company, Invaders-Burknet Nos. 1, 2, 3 and 4 and four other subsidiaries of the corporation.

WORK FOR STORM VICTIMS

[EXCLUSIVE DISPATCH]

ST. LOUIS, April 14.—The Mobile and Ohio Railroad has announced from its offices here that it will continue to operate its roundhouse, repair yard and reclamation department at Murphysboro, Ill., thus furnishing employment for many residents who suffered heavy losses in the recent tornado. Nothing will be done at present regarding the locomotive repair shop.

JULIAN OUT OF OIL COMPANY

(Continued from First Page)

more conscientious and upright business man than Mr. Julian. He has worked eighteen hours a day, week in and week out, with me, on our plan, already generally known, to withdraw Julian stock from the market and place it in escrow for two years, so that it might be held safe from the raids of adverse interests.

"At this or any other moment, I know that I could have every cent Julian owns in the world if I were to telephone him that it was needed to protect Julian shareholders.

"You ask about the purpose of the mortgage. The company owed money to the Dominguez Land Company and others on notes which it had given in part payment of purchases. This indebtedness was consolidated and refinanced."

"This mortgage might, then, be considered as in the nature of a refunding issue of bonds?" Lewis was asked.

"Yes," he said, "just that—a refunding issue."

In explanation of the reticence which has surrounded the reorganization of Julian Petroleum, Lewis said it had been feared that an abrupt announcement might unsettle the stock market, thereby causing many shareholders to sacrifice their holdings at a loss. Neither did he regard the mortgage, he said, as a matter on the same plane with the public flotation of a bond issue. It stood on the books and could be turned to by any stockholder who had a right to open them.

Mr. Julian refused to confirm his retirement.

"Why not?" he was asked. "Doesn't the signature of Mr. Lewis as president on the mortgage tell the whole story?"

Mr. Julian crossed his legs, cocked his feet on his desk and took a deep draft on his cigar.

"On the other hand," he observed, "it is my opinion that when the Prince of Wales arrives in India, a determined effort will be made to stamp out these recurrent outbreaks of cholera. Don't you think?"

ZONING LAW PASSED

[EXCLUSIVE DISPATCH]

JEFFERSON CITY (Mo.) April 14.—A bill which will enable large cities to establish zoning restrictions has been passed by the Legislature. Cities adopting provisions of the law may regulate height, size and location of buildings.

EX-KLANSMAN'S ACCUSER DIES

Girl Victim of Poison Taken After Asserted Attack

Former Grand Dragon Faces Five Serious Charges

Indiana Prosecutor to Confer on Points of Law

[BY A. P. NIGHT WIRE]

INDIANAPOLIS, April 14.—Miss Madge Oberholtzer, 28 years of age, who has been ill since March 16, last, from the effects of poison taken following an asserted attack by D. C. Stephenson, former Ku Klux Klan Grand Dragon, died at her home here today.

Her death was followed by a preliminary medical examination, which disclosed, according to Dr. Virgil Moon, professor of pathology at the Indiana University school of medicine, evidences of the poison she told her parents she had taken.

Attorneys connected with the prosecution of Stephenson, who is under indictment on five charges, were in consultation this afternoon for two hours. Charles E. Cox, former Indiana Supreme Court judge, has been retained by the Oberholtzer family.

"This case is complicated with a number of questions of law," said Prosecutor W. H. Remy, "and if a more serious charge is placed against Stephenson, it will only be done after I have made a thorough study of the law questions with Judge Cox and not on the spur of the moment."

The indictments returned against Stephenson by the grand jury that investigated the asserted attack on Miss Oberholtzer are assault and battery with intent to kill, criminal attack, malicious mayhem, kidnaping and conspiracy to commit a felony. Earl Klinch find Earl Gentry, both former residents of Evansville, Ind., and said to have been companions of Stephenson, were indicted jointly with him on the charge of conspiracy to commit a felony. All three are at liberty under bond.

Miss Oberholtzer left her home on the night of Sunday, March 15, and did not return until Tuesday, March 17, her parents said.

Miss Oberholtzer was a graduate of Butler College, and resided in the Butler College district near Stephenson's home.

RUMANIA IS APPROACHED ON FUNDING

Sharply Reminded That Action is Expected on $42,000,000 Debt

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—Steps to press the Rumanian relief debt question to early settlement have been initiated at Bucharest by the Washington government.

The amount involved aggregates almost $42,000,000, principal and interest, and the loan is viewed at the State Department as a purely relief transaction, not to be confused with the general war debt problem.

Views of the Washington government have been presented at Bucharest by Minister Jay in a formal communication. It calls attention sharply to the fact that Rumania has negotiated refunding agreements with several other governments covering similar loans, negotiated after the American loans had been made and for smaller amounts, but that the obligations to the United States have thus far been ignored.

Bogota Rebels Pla nto Seize Palace; Jailed

[BY CABLE AND ASSOCIATED PRESS]

BOGOTA (Colombia) April 14. A coup d'etat was frustrated Sunday when a group of army officials who planned to take possession of the palace and the government were arrested and thrown into prison.

STATES APPORTION GILA RIVER WATER

[EXCLUSIVE DISPATCH]

PHOENIX, April 14.—A conference at Duncan over the flow of the Gila River resulted in amicable understanding between the New Mexico and Arizona representatives. Under the present low-water conditions, Arizona farmers are to be supplied from a New Mexico ditch, which is to be enlarged at the expense of the Arizonans, who also will build a connecting waterway. No questions of priority were brought up.

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudies esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercanos se halla aterritorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan se dan cuenta de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarán español correcto y enteramente moderno.

NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, Abril 14. — Avisan de Honduras que ha estallado una nueva revolución.

La junta de apelación de contribuciones se ha preparado para celebrar audiencias en varias ciudades importantes.

Se ha anunciado que ha sido presentada en Bucharest una nota referente a la deuda de guerra de Rumania.

Se ha manifestado dispuesto el ministerio de estado a reanudar negociaciones con Méjico para concertar nuevos tratados comercial y de extradición.

La dirección de navegación propone que se sobresea en el juicio inhibitorio de la Pacific Mail Company, entablado por ésta para impedir la venta de cinco paquebotes a la compañía de navegación "Dollar".

Ante la suprema corte ha proseguido la controversia entre el departamento ejecutivo y el legislativo, sobre las facultades presidenciales para remover funcionarios.

El Ministerio de Comercio anuncia que hubo en Marzo un movimiento de tráfico con el exterior, cuyas proporciones son de esas que baten records. Arrojó una balanza en nuestro favor de más de $67,000,000.

Pronto Podrá Conversarse por Radiófono a Través del Océano

LONDRES, Abril 14. — Ciertos experimentos secretos que sobre telefonía sin hilos se han llevado a cabo en algunas estaciones británicas, han tenido tal éxito, que puede asegurarse que está cercano el día en que sean posibles las llamadas telefónicas entre este país y los Estados Unidos. Eso es lo que declara el "Morning Post". Las experiencias se efectuaron entre Rocky Point, Estados Unidos, y Somerset y Wiltshire, Inglaterra.

Los resultados obtenidos prueban de modo concluyente que está cercano el día en que haya radiófono público y un servicio comercial transatlántico regular. Cuando se complete la estación de gran potencia de Rugby, será ésta el equivalente en Inglaterra de la de Rocky Point, en los Estados Unidos. Los experimentos, sobre los que se ha guardado toda reserva, indican que la telefonía sin hilos es ya cosa práctica y comercial, por la mañana, la tarde y la noche de los días del verano, y que, de Septiembre a fines de Abril, puede mantenerse la comunicación durante todas las veinticuatro horas, salvo durante la puesta del sol. El ocaso de este astro presenta dificultades para la comunicación, que tal vez no puedan vencerse nunca. Otra circunstancia importante es que será casi imposible oír conversaciones ajenas.

Cuando queden ultimados los planes para la transmisión de mensajes ordinarios, cada estación quedará ligada con una gran estación central; para que cuando un suscriptor pida "la troncal transatlántica", sea puesto inmediatamente en conexión con la central, y pueda comunicarse con la central de Nueva York o de Rocky Point. Esta última lo pondrá luego en conexión con el número que desee, ya sea de Chicago o de San Francisco.

Tom Mix Causa Sensación en Londres

LONDRES, Abril 14.—Tom Mix, el vaquero americano del cine, entró hoy galopando en Inglaterra, jinete en su famoso poney. Al atracar esta mañana el Aquitania en Southampton, Tom dirigió un saludo a una gran muchedumbre de entusiastas del cine, entre los que había millares de chiquillos ingleses. El saludo de Tom consistió en correr a toda velocidad sobre su caballo Tony por una pasarela especial que se le puso para que saliera del barco.

Gran número de funcionarios de Southampton saludaron a Tom y le obsequiaron con un almuerzo. Mix y sus acompañantes siguieron rumbo a Londres en un tren especial, en el que Tony ocupaba una caballeriza de lujo en un compartimiento. Al llegar a la estación de Waterloo, Tom saltó a la silla, y cabalgando por entre muchedumbres de personas que lo vitoreaban, llegó hasta la calle.

El actor de cine, su esposa y su hijita pararon en el Hotel Savoy, que se halla sitiado por los asombrados reporteros ingleses, que han entrevistado a los americanos y escrito descripciones de ellos.

"Nunca se ha visto indumentaria mas extraña en Londres", dice uno de los diarios. "Mix se presentó modestamente ataviado de un sombrero ancho de diez galones de capacidad, un traje de montar de color de gamuza y adornado con cuero, botas de vaquero con arabescos de cuentas, y un gran cinturón brillante con el nombre de su dueño trazado con brillantes".

NOTAS LOCALES

Túneles para Peatones en Los Angeles

El ingeniero de ciudad Van Norman, por conducto de la Junta de Obras Públicas, presentó ayer tarde al Concejo Municipal los planos para setenta pasos subterráneos para peatones, presupuestos en $10,000 cada uno, más o menos.

Desde que empezó a funcionar con éxito el túnel escolar del bulevar Sunset, varias organizaciones cívicas han estado instando porque se someta a votación la construcción de estos pasos por emisión de bonos, en las elecciones del próximo Junio.

El proyecto ha sido sometido a la comisión de proyectos cívicos del ayuntamiento la cual ha estado en espera del dictamen y presupuesto del ingeniero de ciudad. Parece que ya la cosa no encontrará obstáculos para ser presentada al pueblo en las próximas elecciones, y éste decidirá si han de emitirse los $700,000 de bonos que se necesitan para dar cima al proyecto de referencia.

DEPORTES

Baseball

NUEVA YORK, Abril 14. — El equipo de Washington, campeón mundial, comenzó con una derrota la temporada de 1925 de la Liga Americana, pues arrió su pabellón ante los Yanquis de Nueva York, que lo derrotaron por 5 a 1, en el Estadio Yanquí, ante una concurrencia de 58,000 aficionados. Urban Shocker, quien, por virtud de un trueque con los "Browns" de San Luis, pasó a trabajar con los Yanquis, estuvo tirando por éstos y les infligió cinco golpes a los campeones, en tanto que sus implacables compañeros realizaron cinco carreras y nueve golpes.

OPERA STAR DENIES SHE IS TO MARRY

Mme. Bori Says Her Heart Belongs to Her Public. Not to Eddie Johnson

[EXCLUSIVE DISPATCH]

NEW YORK, April 14.—Another potential matrimonial bark has gone the way of witches, omens and ghosts. The beautiful Mme. Lucrezia Bori, Metropolitan Opera singer, has not the slightest idea of marrying, she said today.

Rumor that the debonair young Canadian tenor, Eddie Johnson, who has been occupying the center of the Mme. Bori's romantic stage lately, had won the elusive heart of the attractive singer is "all wrong," Mme. Bori said. Her Bohemian soul just wouldn't permit her to wed now, she said.

"Yes, he is charming, and I like him—oh, very much!" she said. "But no—I shall not marry him," she laughed long and musically and showed a row of very white teeth.

"To be married is to spoil one's career," Mme. Bori said. "The artist loses something for her public when she marries," she continued. "You know," Mme. Bori tried to explain, "when you are not married the public—it thinks you are wonderful. It stands on its toes and watches you—you are more to them that way—understand? But when you are married—," Mme. Bori shrugged her shoulders and drew the corners of her mouth down—"that is all. You are just married."

COOLIDGE APPROVES PLAN

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14. — Recalling his own boyhood angling days, President Coolidge has given approval to the plan to stock with fish the tidal basin lying between the Washington Monument and the Lincoln Memorial.

Cowboy Star Greeted and Feted on Arrival at Southampton; Clothes Astound Reporters

[BY CABLE—EXCLUSIVE DISPATCH]

LONDON, April 14.—Tom Mix, American cowboy movie star, galloped into England today on his famous pony, Tony. When the Aquitania docked at Southampton this morning Tom greeted a mob of movie fans including thousands of English kids, by riding Tony at breakneck speed down a special gang plank.

Scores of officials of Southampton greeted Tom and gave a luncheon in his honor. Mix's party traveled to London on a special train, Tony occupying a de luxe stall in a compartment. On arriving at Waterloo station Tom jumped into the saddle and drove Tony through crowds of cheering people to the street.

The movie actor, his wife and baby daughter are stopping at the Savoy Hotel, which is besieged by astonished English reporters interviewing and writing descriptions of the Americans.

"The strangest clothes ever seen in London," one paper says. "Mix was modestly attired in a ten-gallon sombrero hat, a fawn-colored leather-trimmed riding suit, beaded cowboy boots and a huge, glittering belt with his name spelled on it in diamonds."

"This is a great country—they've got me drinking tea already," Mix told the correspondent. "Imagine the sensation in Hollywood when they find out that I have been dallying with teacups. I gotta admit I like the goldurned stuff."

This evening Tom gave a speech over the radio regarding his impressions of England, which he punctuated with a few cowboy yips, startling 9,000,000 English radio fans. Tomorrow's program includes a reception by the Lord Mayor of London, which will be followed by a press luncheon and then a swanky banquet.

On Thursday Mix will invade the famous Rotten Row for a ride and afterward he will visit the scenes of Dick Turpin's adventures, which he has played on the screen. On Saturday Tom will leave for Paris, and thence to Berlin.

EDDIES GUARD SEA POMPEII

Currents and Whirlpools Balk Efforts to Pierce Mystery of Submerged Tunisian City

BY COUNT BYRON KUHN DE PROROK

[BY CABLE—EXCLUSIVE DISPATCH]

[Copyright, 1925, by the New York Times.]

ISLAND OF DJERBA (Tunisia,) April 14.—A reconnoitering trip which I have made over the site where an ancient city is reported to be submerged in the Gulf of Bougara shows it will be more difficult to examine it closely than was expected.

It is a virtual death trap, being located where the gulf narrows into a channel a mile wide with a strong undercurrent and many swirling eddies believed to be caused by buried houses.

I went out to examine it in a small sailboat with the old native sponge diver, Mesoda Beshweesha, who discovered the city. The area he indicared for the ruins was roughly 300 yards long and 200 wide. Our apparatus for seeing the bottom of the sea proved insufficient under the weather conditions prevailing, but I took soundings, showing that the depth varied from fifty to seventy feet.

While the native sponge divers of Djerba have developed astonishing powers of resisting the pressure of the sea and are capable of diving 200 feet below the surface, staying under for three minutes, the unusually low temperature recently has chilled the water too much for them to dive to the depth of the city now.

They also have a superstitious respect for it, because one of them who dived to explore it never returned, having been caught, it is believed in one of the buried houses.

I plan to return here for a couple of weeks in May, or in the summer, with professional divers and diving bells to make an adequate survey of this mysterious city in the sea.

According to Louis Pagnon, Governor of the island, and local divers who have carried on as much exploration as their equipment permits, it is built on a slope with steep streets. At least fifteen houses are standing with walls as much as sixteen feet high, some with their stairways, some with their columns in place.

A whirlpool zone which is all that marks this watery Pompeii is much nearer to the mainland than the island, which would seem to indicate that it was originally a continental and not an insular city.

The mainland at this point is a line of sheer clayish cliffs about twenty feet high. To reach the island with our four cars over the ferry, which is five miles wide we had to transport each of them on two small rakish corsair sailing boats, such as the Barbary pirates used in the days of Decatur, which the native boatmen lashed together, catamaran style, accomplishing the crossing without incident, despite a strong wind.

TAKE "the cure" at famous Arrowhead Hot Springs. Summer rates.

GLUTTING OF MARKET HIT BY JARDINE

Agricultural Secretary Speaks at Conference of Department Field Agents

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—One of the greatest problems which ever faced American agriculture has resulted from dumping large volumes of farm products on the market during the first few months after harvest, Secretary Jardine declared tonight in an address before the Agriculture Department's field agents charged with enforcement of the United States Warehouse Act.

Field men are in conference here in an effort to adopt uniform methods for enforcement of the act, which deals with the storage of cotton, grain, wool, tobacco, peanuts, potatoes, broom corn, dried beans, dried fruits and maple and cane syrup.

"The United States Warehouse Act," the Secretary explained, "gives farmers of this country a handy vehicle to use in bringing about a more even distribution of their products. The big purpose of the act is to develop a form of warehouse receipt which would be acceptable generally to bankers as security on loans for products in storage."

The Secretary warned the field agents to maintain diligence in their inspection of warehouses and examination of applicants so that the present "good standing" of the warehouse receipts with bankers will be continued.

Titled Relative of Gen. Grant to Wed Kentuckian

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—Announcement of the engagement of Princess Bertha Cantacuzene, a great-grand-daughter of Gen. Ulysses Grant, to Bruce Smith of Louisville, Ky., has been made by her parents, Prince Michael Cantacuzene and Princess Cantacuzene. The date of the wedding has not been fixed.

Mr. Smith is the son of Mr. and Mrs. Thomas Floyd Smith of Louisville, Ky. Prince Michael, a brother of Princess Bertha, also chose to marry an American, his wife having been Miss Clarissa P. Curtis of Boston.

Princess Bertha, with her sister, Princess Ida, now in school near Baltimore, and Prince Michael had difficulty in escaping from Russia during the revolution. Their parents, Prince Michael Cantacuzene, Count Speransky and Princess Cantacuzene were a year later in getting out of the country.

Princess Bertha's grandmother, Mrs. Frederick Dent Grant of Washington, cared for the refugee children in California and Florida until their parents came.

DENTISTS NAME HEAD

[EXCLUSIVE DISPATCH]

TUCSON (Ariz.) April 14.—C. E. Matteson of Tucson was elected president of the Southwestern Dental Society at a meeting in El Paso. The secretary is L. A. Neil of El Paso.

SCRAPPING OF VESSELS DISCUSSED BY BOARD

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14. — The question of scrapping about 200 vessels not now in operation was referred by the Shipping Board today to its committee on scrapping, with a request for an early report.

Chairman O'Connor, who also heads the committee on scrapping, brought the question before the board today, proposing that the vessels, which he considers are only a source of expense, be immediately placed on the market for scrapping.

ULSTER PARLIAMENT ELECTS OLD SPEAKER

[BY CABLE AND ASSOCIATED PRESS]

BELFAST (Ireland) April 14.—The newly elected Ulster Parliament met today and organized with the re-election of R. W. Hugh O'Neill to be Speaker after the members had taken the oath of office. The Nationalists and the Republicans did not attend.

ARGUE POWER OF PRESIDENT

Solicitor-General Defends Postmaster's Removal

Says Executive Prerogative Should be Unhampered

Myers Case Being Heard by High Tribunal

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—A picture of the White House with a "to let" sign hung out was drawn in the Supreme Court today by Solicitor-General Beck in closing argument in the Myers case, through which the President's right to remove a postmaster without obtaining the Senate's consent has been challenged.

The Solicitor-General presented the President's position as opposed by the Senate through Senator Pepper, Pennsylvania, in the controversy resulting from the appeal of the estate of Frank S. Myers, which is suing for back pay on the contention that his removal as postmaster at Portland was illegal.

SHOULD BE UNHAMPERED

Congress should not be permitted, Mr. Beck declared, to place the President in a strait-jacket by encroaching upon his prerogative to remove government officeholders. There are 800,000 such employees and the President, he argued, should be unhampered in his right to remove any or all of them.

Mr. Beck held it highly essential in the proper administration of the government that the President should be unrestrained by Congress in exercising his right. If deprived of it, he contended, the work of the President would be so impaired and be rendered so ineffective that it would be well to close the White House.

WARNS COURT

The office of Comptroller-General McCarl also came under discussion during the argument. Senator Pepper defended the law under which the Comptroller-General is subject to removal only by Congress, while Solicitor-General Beck condemned "the interference of the Comptroller-General in administrative matters." Reading from a recent decision by Mr. McCarl, the Solicitor-General warned the court that unless the Comptroller-General was made subject to removal by the President he might ignore the decisions of even the judicial branch of the government.

TAX-APPEAL CASES TO BE HEARD HERE

Federal Board Members Coming to Coast to Hear Arguments

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—In furtherance of its policy to carry the administration of tax laws closer to the taxpayers, the Board of Tax Appeals will send a committee next month to sit at Milwaukee, St. Paul, Seattle, Los Angeles, San Francisco and Portland in controversial tax cases.

There will be no change in the method of handling the controversial cases. Appeals which have been taken from the Bureau of Internal Revenue by taxpayers have been segregated so that the committee may dispose of them as speedily as the arguments can be made. Hearings in several hundred cases will be held on the present trip.

Members of the board have made no plans concerning the length of time to be spent in the cities named, but it is assumed that they will dispose of all cases originating in territory contiguous to each of the cities.

EXAMINER SAYS LAND IS MISCLASSIFIED

ERROR HITS MINERAL GRANT TO NORTHERN PACIFIC, HE ASSERTS

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—Approximately 8 per cent of the land of the Northern Pacific Railroad returned to the government as mineral land was erroneously classified, C. A. McElroy, mineral examiner for the Forestry Service, testified today before the Congressional commission investigating the company's land grants.

Mr. McElroy said the government commissioners who made the classification were accompanied by a representative of the company, who, he added, "was the man that kept the commissioners from getting lost."

Asked by Representative Baker, Democrat, California, if he could explain why the land was classified as mineral, the witness said he knew of no reason unless the company had sought the classification so it could exchange the classified land for more valuable acreage. Previously, Mr. McElroy had described the land as "rugged mountainous country" with practically no commercial value.

President Sees Encouragement in March Trade

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—President Coolidge regards the March foreign trade figures, made public today by the Commerce Department as an encouraging indication of a condition of business prosperity existing in the country.

The President was particularly interested in one aspect of the situation: that if prices were considered as reduced to the levels of 1914, it would be seen that the volume of trade in quantity had increased 50 per cent. He was told that in no other country during the last decade has such a result been obtained.

VIRGINIA JUDGE DIES BY ACCIDENTAL SHOT

WEAPON DISCHARGED WHEN JURIST FALLS ON STAIRWAY

[BY A. P. NIGHT WIRE]

BRISTOL (Va.) April 14.—For the second time in less than two months the Virginia Supreme Court of Appeals has lost one of its members through death from shotgun wounds, Judge Joseph L. Kelly having been found dying in his home today after members of his family heard an explosion in the basement.

In February Judge Frederick W. Sims, to whose post Judge Kelly succeeded, committed suicide by shooting himself in a Richmond hotel.

Judge Kelly had been in ill health for many months. Early today his household was startled by the sound of a shot and entering the basement found him fatally wounded. He died soon after.

Relatives later declared that Judge Kelly and his son started to the basement to kill a rat. The boy, it is declared, insisted on taking his rifle, but the father told him he would take his shotgun instead. The family said the jurist had just started to descend the steps, which they describe as faulty in construction, when he fell and the gun discharged.

It was also declared that the judge regained consciousness before he died and told members of the family the gun was discharged accidentally.

LIEUTENANT'S TRIAL MAY BE POSTPONED

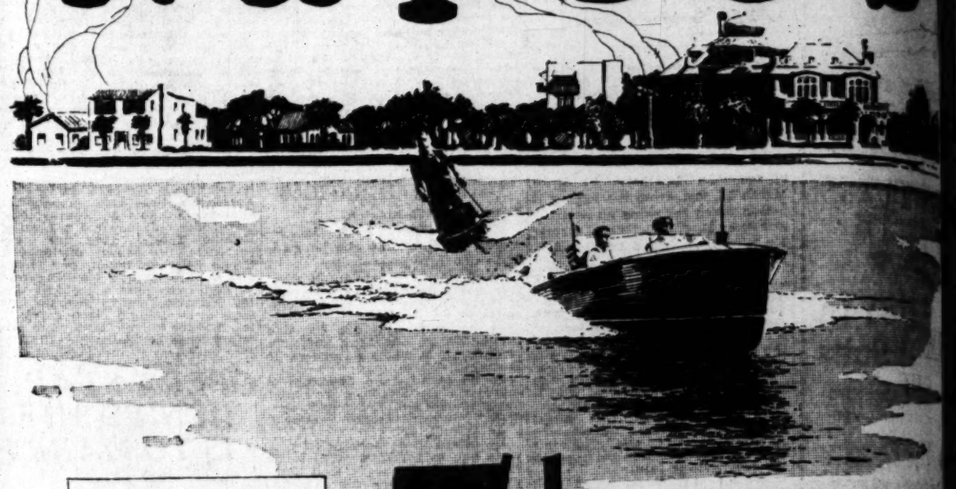
[BY CABLE AND ASSOCIATED PRESS]

MANILA, April 14.—A court-martial against Lieut. J. S. Thompson, charged with killing Miss Audrey Burleigh, 18, probably will be postponed for two weeks from the scheduled opening date, April 15. The delay will be ordered to give the prosecution two weeks in which to assemble evidence.

A Good Thing—Don't Miss It

Send your name and address plainly written, together with 10 cents, stamps or coin (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Colic and Diarrhoea Remedy for pain in stomach and bowels, intestinal cramp, colic and diarrhoea; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles and skin affections. Try these valued family medicines for only 10 cents. Don't miss it. —[Advertisement.

Naples



7½ Miles of Quiet Water

California's Greatest Beach Tour FREE!

As our guest you see . . .

Romance of the Seas . . . Ships of the Nations gathered in a world port . . . derricks drenched with black gold . . . six and a half miles of golden strand washed by the blue waters of the Pacific—If this brief word picture appeals to you—take this trip to Long Beach—California's fourth city . . .

See industry, growth, building—SEE NAPLES—unlike any other spot in the world; it has winding canals, sparkling Alamitos Bay and Recreation Park—a 400 acre marine playground—Every known form of recreation is available to those living in this remarkable residential area—

No expense or obligation. Call any office listed below for reservations.

Los Angeles
COMPTON
SIGNAL HILL
ANAHEIM BLVD.
SEVENTH ST.
RECREATION PARK
BELMONT SHORE PLACE
NAPLES
ALAMITOS BAY
LONG BEACH HARBOR
PACIFIC OCEAN

. . . Naples—Southern California's great playground—is to Long Beach what Hollywood and Wilshire are to Los Angeles.

. . . Long Beach is the residential seaport city, not only of Southern California, but of the Pacific Southwest. It is California's fourth city today, it has grown from 55,000, in 1920, to 138,000 in 1925—by 1930 it will have passed the quarter million mark.

. . . NAPLES offers the last residential water frontage available in this great harbor city.

. . . NAPLES has Alamitos Bay, Recreation Park, 2 miles of perfect Ocean Beach and a wonderful Canal system.

. . . NAPLES, because of its location and surroundings, is one of the safest investments in the history of Southern California's development. Every square foot of Naples property is income property—because it is the last of a great city's residential water front.

. . . Here one can have his yacht club at his door and a 400-acre Marine Park—8000 feet of it—for a front yard.

. . . In 1922 the Naples area had 22 houses and 135 people—today it has 556 homes and 3500 people.

. . . In the next 5 years Long Beach is due to add 112,000 to its population—the Naples area can care for 28,000 only—therefore its easy to see why Naples will fill up *FIRST!*

. . . Finally—Naples has 3 car lines—a coast State highway—schools from kindergarten to senior high school—and improvements planned to care for the population for the next 50 years.

See Naples today—its worth while.

YANKS TRIP WORLD CHAMPS IN OPENER

ARMY OF 295,000 FANS SEE MAJORS START OFF

New York Giants Drop Opener to Boston Braves; Solon-Yankee Game Draws Biggest Crowd

[EXCLUSIVE DISPATCH]

NEW YORK, April 14.—The world's championship Washington team started the 1925 American League season with a victory today, bowing to the New York Yankees by a 5-to-1 score as a crowd of 58,000 fans looked on at the Yankee Stadium. Urban Shocker, obtained from the St. Louis Browns in exchange, was on the mound for the Yanks and let the champions down with five hits while his Ruthless mates battered Mogridge's offerings for five runs and nine hits.

America's baseball public paid homage to the opening of the major league season by turning out in record strength. The Senators and Yankees drew the biggest crowd. The Detroit turned in the next largest, 37,000 seeing the Tigers open the year with a 4-to-3 victory over the Chicago White Sox. Two of the openers drew as follows: Philadelphia, 35,000; Cincinnati, 15,000; St. Louis, 12,000; Boston, 27,000; Brooklyn, 25,000.

John McGraw's New York Giants failed to make it five National League pennants in a row, falling before the Boston Braves, 5 to 4. A. Ray Giant, Joe Barnes, hurled his team to victory over his old mates. Dazzy Vance, rated as the most valuable player in the National League last year, started as if he were going to have another sensational season by twirling Brooklyn to a 5-to-1 victory over the Philadelphia Nationals.

Babe Herman Ruth was not in the stadium today neither as a player nor fan for the Yankees. He was there in mind but physically confined on his cot in St. Vincent's Hospital.

Despite the Bambino's inability to play, home runs were not lacking in the opening struggles. In the National League only the Chicago-Pittsburgh game gave the fans a circuit-swat thrill, but all of the American League tilts had at least one or more home runs.

There were five four-baggers in the Boston-Philadelphia American league game. Charley Jamieson of Cleveland hammered out the first circuit swat of the season, getting his in the first inning. Others who drove the ball over the fence were Sheely of the White Sox; Miller, Poole and Welch of the Athletics; Myatt and McNulty of Cleveland; Paschal and Bob Meusel of the Yanks; Ken Williams of the Browns, and Alexander and Hartnett, the Chicago Cub battery.

The Boston Red Sox and Athletics furnished the first extra inning game, the Philadelphians winning in the tenth, 9 to 8.

Pete Donohue of Cincinnati pitched the first shutout, blanking the Cardinals, 4 to 0. Rogers Hornsby did not get a hit.

The Cleveland Indians furnished the big blow-off of the opening, scoring twelve runs in one inning, the eighth, in their game with the St. Louis Browns. Cleveland won the slugfest, 21 to 14.

The same teams will play against each other tomorrow.

SERAPHS DOWN BENGALS IN SERIES OPENER, 7 TO 3

GODFREY WINS VIA KNOCKOUT

Sam Baker is Counted Out in Fourth Chapter

Black Shadow of Leiperville Sails Through Foe

Dusky Heavies Pack House at Vernon Coliseum

BY PAUL LOWRY

The "Black Shadow of Leiperville" just about murdered Sam Baker, the ebony giant of Central avenue, in the main event of Jack Doyle's knockout program last night. He took a "big, healthy boy," as Jimmy Daugherty called him, and made a monkey of him, a plaything out of a gargantuan.

Seventeen times during the course of the four rounds that the fight lasted, Godfrey had Baker on the floor or squatting on the ropes in a dazed, helpless, saddened condition.

Eight times in the final session Baker was walloped to the floor, twice taking the count of nine and finally having the bout mercifully stopped with Referee Harry Lee counting over him as he gazed pensively at the ceiling.

STARTS CLARET

Godfrey showed everything but a knockout punch, but any man who can punish an opponent as the "Black Shadow" ruined Baker doesn't need a kayo wallop. He started Baker's nose bleeding in the first round, and after that it was just one blow after another, lefts and rights to the head at long range and short jabs to the kitchen in the clinches.

The "Shadow" kept Baker bouncing from floor to ropes and back again. Baker was not in the same class with Godfrey when it came to ring craft and generalship. He did not even know how to protect himself in the clinches. But the Central-avenue giant was game, and kept bobbing up for more just as most of the audience had convinced themselves that he had "quit."

The outstanding feature of the third round was Baker's celebrated backward somersault just before the gong sounded.

Godfrey socked him with a left in the kisser and Baker, lifted from the floor by the impact, lit on his neck, rolled over and came up sitting, demonstrating a very simple method of regaining one's corner without undue exertion.

Baker collapsed from fright a couple of times in the second round, but after he got over the stage scare it took pulverizing smashes from the heavy paws of the claimant of Jack Dempsey's crown to subdue him.

Aside from Godfrey's convincing victory, establishing him as a heavyweight of the first degree, the evening's pastime was featured by the brevity of the early bouts.

EARLY SEMI-WIND-UP

The semi-wind-up went on at ten minutes to 9, three bouts having been disposed of in twenty minutes, a brand new Vernon record. The curtain-raiser lasted one round and a half, Jack Roper technically knocking out Willie Goldstein. He put Willie to the floor with the left hook to the chin in the first round and was punishing him badly in the second when the bout was stopped by the referee.

Fifty seconds by Billy Coe's timepiece sufficed Johnny Geraradin to rock Joe Kelly to the cold, cold sleep. A right cross turned the trick. Kelly tried to get up and did manage to make it, but he reeled to the floor again and had to be assisted to his stool.

TWO MINUTES

The special event was over in two minutes, Dutch Crozier planting a right on Jimmy Stewart's chin when the latter stuck it out to be hit. Stewart, lately of Brooklyn, was knocked colder than a lump of ice and required a lot of fancy assistance to come back to the land of sensibility.

As a result of the haste in running off the early bouts, a large portion of the crowd failed to arrive in time to see them, getting there just as Sailor Billy Vincent started mauling Phil Sheridan about the place in the six-round semi-wind-up. This was a substitute bout for the Manley-Owens fracas. Sheridan, game to the core, absorbed a terrific barrage of lefts to the head and particularly the bread basket, but he stuck it out gamely to the end.

The crowd nearly rivaled the overflow that turned out to see the Hudkins-Benjamin fight the week before.

COCHRAN WINNER

Welker Cochran defeated Kinrey Matsuyama last night at Cochran's Hollywood billiard parlor in the third block of 18.2 balkline match. Cochran now stands 1200 points to Matsuyama's 279.

DON QUICK START

That's what they call Don Dunsmore out at Manual Arts High School. Dunsmore is one of Coach Sid Foster's best sprinters and he'll be seen in action today at the Coliseum in the trial heats of the city meet. He runs in the first heat of the 220, but is not entered in the hundred, since Manual is represented by Capt. June Hanford and Borgfeld there.

TRIAL HEATS ON TODAY

City Trackmen Clash at Coliseum to Qualify for City Meet; Hard Races Expected

Just which athletes, among the hundreds that grace the city high school tracks, will represent their schools in the city meet, will be decided at the Coliseum today. Trial heats in all the track events except the distances will be held and field event men will be required to qualify in their events also. Three men will qualify in each heat of the track events.

Looking over the drawings for each heat, compiled by the seven local coaches, it is found that the stars in each event are pretty well scattered, so there's little danger of any of them failing to qualify. Nevertheless, the battles for positions will be just about as bitter as those in the city meet and a large crowd is expected.

In the three heats of the 100-yard dash, Hanford of Manual Arts, Floyd of Lincoln, and Brinker of Hollywood are in separate heats, so they all should place. The other less brilliant sprint stars are also nicely distributed and, unless something happens, they'll all be in the city meet Saturday.

It is the consensus of opinion among the city coaches that either Hollywood or Manual Arts will win the city meet. Hollywood is the favorite, but with Lincoln cutting into some of the Foothillers' points, Manual has a chance to

TRIO ANNEXES A.A.U. CROWNS

August Gotto Captures Banty Ring Championship

Clayton Frye Awarded Title in 160-Pound Class

Joe Woods Walks Off With Heavyweight Honors

[EXCLUSIVE DISPATCH]

BOSTON (Mass.) April 14. An even larger crowd than that which attended the opening night of the national amateur boxing championships at the arena was on deck tonight for the semifinals and finals and was well repaid for its trip. The fighting was fast and furious with science and skill being largely discarded in many cases in favor of the more rugged give and take style.

Alfred Rollinson of Shelton, Ct., was the first to win a 1925 championship, annexing the 112-pound title for a bruising go with Jimmy McCull of Buffalo, whose clever right had vanquished all comers up to the final round and who had been picked by many as the ultimate winner.

Then Bernhard Darde of Dartmouth College flashed through in the 147-pound class by defeating Adamson of Milwaukee in the finals in three hard rounds.

TOUGH FIGHT

August Gotto, Los Angeles, classed by many as the best fighter of the two nights, captured the 118-pound honors when he disposed of Sansone of St. Louis in three hard-fought and fairly close rounds.

Jim McConigal of Wymouth came through in the 135-pound class when he defeated Thomas Lawn of New York in the final three rounds.

Ray Alfano of St. Louis had an easy time in the 126-pound class, defeating Angelo Coavotti of Buffalo in the final three rounds.

Henry Lamar of Washington, D. C., vanquished J. Kehr of New York in the finals of the 175-pound class.

ANGELENOS WIN

Clayton Frye of Los Angeles won in the 160-pound class by defeating Michael Zingale of Milwaukee in the finals in three rounds.

Joe Woods of Los Angeles came through in the heavyweight finals by defeating Alfred Lassman of Cambridge in three rounds.

LUMINARIES UNITE FOR BIG MEET

Track Stars Join Forces Under Hollywood Colors for A.A.U.

The surprise of the season in track circles was sprung by the Hollywood Athletic Club yesterday afternoon, when it announced that the club would be represented at the Southwest A.A.U. championship meet in the Coliseum May 16 by what is said to be the most brilliant aggregation of cinder stars ever competing under the colors of one organization in Southern California track history.

The meet is under the auspices of Dean Cromwell, U.S.C. track mentor, and he has taken the cream of his Trojan squad and delegated them to the Hollywood team. Negotiations are also under way to secure Glen Hartranft, the weight wonder at Stanford, and his team-mate, Ted Miller, premier quarter-miler. In the statement made last night it was admitted that the services of the Stanford men were not positively assured, but that it was very probable that they would accept the request to join the Movie City squad.

Efforts are also being made to secure Neufeldt, famous at the State university a year ago, and Nichols, a high jumper, for the meet. Nick Carter, Occidental miler, may also join forces with the other notables.

Other athletes, mostly U.S.C. men, who are assured are: Bud Houser, Howard Torkelson, Norman and Otto Anderson, Hank Coggeshall, Leighton Dye, Les Heilman, Bob Lee, Bob Maxwell, Percy Niersbach, Lee Barnes, Morton Kaer, Hershel Smith, Keith Lloyd and Harry Smith. The plans, if carried out, will give the H.A.C. a team strong in every department, whether in field events or track.

GIBBONS CLAIMS WORLD'S TITLE

Kane Busts off Throne Vacated by Dempsey for His Protege

[BY A. P. NIGHT WIRE]

CHICAGO, April 14.—Asserting "there is almost a certainty that Dempsey has retired," Eddie Kane issued a statement here today claiming the heavyweight boxing championship for Tommy Gibbons, of whom he is manager. Harry Wills, negro contender, cannot claim the title, Kane's statement said, because he has refused opportunities to meet Gibbons.

NURMI IS CERTAIN TO RUN HERE

War Vets Declare Finn's Suspension by A.A.U. Will be Lifted

"Paavo Nurmi will positively race during our big athletic carnival in the Los Angeles Coliseum on Saturday, April 25," declared Chad Calhoun, president of the Rainbow Division veterans, last night. "The hasty action of the Kansas City athletic officials in filing charges against the great Finnish runner, thereby causing the midwestern branch of the A.A.U. to temporarily suspend the Phantom Finn, is simply a flare-up which can result in nothing more serious than the temporary embarrassment of Minneapolis, Chicago and Los Angeles organizations for which the greatest runner in all time is scheduled to appear and race for his bare expenses and thirty $5 medals.

"It is deplorable that so famous a guest of the nation is treated with so little consideration and is subjected to such an indignity. Nurmi has done more for the promotion of athletics in the United States during the last three months than any other

SEVEN IN ROW FOR KRUGMEN

Angels Ice Game With Five Runs in First Frame

Christian Sent to Showers by Hood's Home Run

Root Staggers Through on Mound for Seraphs

BY ROBERT E. RAY

A five-run batting attack that drove Jimmy Christian to the showers in the first inning, gave the Angels a lead that the Vernon Tigers were unable to overcome, Marty Krug's hired help making it seven straight victories by copping the series opener from the Bengals, 7 to 3. The Angels are still tied with the Salt Lake Bees for first place, the Mormons having nosed out Duffy Lewis's abused Portland Beavers in their game at Salt Lake.

Charley Root was on the mound for the Angels and barely staggered through with the victory. The Angel right-hander, who is not yet in his best shape, was wild, but good support by his mates pulled him through.

Clyde Barfoot, who relieved Christian in the first frame after Wally Hood had poled out a homer with two on, pitched fine ball during the remainder of the contest. In fact, it seemed bad judgment on Essick's part to waste such good hurling after his team was five runs behind. But that's second guessing and anyone can do that.

JACOBS HOMES AGAIN

Ray Jacobs continued his long-distance clouting, getting his third home run of the season.

Ed Hemingway had a perfect day at bat for the Tigers, getting a triple and two singles in three times at bat. Warner also hit well, coming up with two hits, while Clyde Beck got three out of four to raise his batting mark.

Ed Maier had a hand out to fur-

Local Women Golfers Play in Interclub Games

WILSHIRE WINS RUNAWAY MATCH

Los Angeles Women Trim California Team

Midwick Still Leading League by Win

San Gabriel Hurdles Two Teams in Race

BY W. C. WISE

As a tee and fairway inspirational, Mrs. G. M. Midgley and her fair Los Angeles team-mates scored a 9-to-0 victory over the women's golf teams at California Monday, while the feminine golfing contingent at Wilshire were adding up another 9-to-0 win from the visiting Annandale women.

Mrs. Dorothy B. Hill, golfing ace of Midwick lead the way to a 6½ to 2½-points win at San Gabriel yesterday. The game between Hillcrest and Flintridge was postponed and will be played next week.

MIDWICK WINS

Playing with Miss Margaret Cameron, Mrs. Dorothy B. Hill played her usual remarkable game and helped substantially in piling up a 3-point lead over Mrs. John Clark and Mrs. C. W. Cook, in the first match over the San Gabriel course.

Mrs. Guy Cochran and Miss Maud Dell bowed to the superior golf of Mrs. F. Dalzell and Mrs. John Sheperd, (SG) who claimed 2½ points in the second match of the day. Miss Mildred Landreth and Miss Eleanor Bush added to Midwick prestige by capturing all 3 points in their match with Mrs. R. C. Miller and Mrs. George Laubersheimer.

WILSHIRE FIELD DAY

As hostesses, the Wilshire women's golf teams are good golfers, judging from their 9-to-0 win over the visiting Annandale team yesterday. Mrs. Ted Haas and Mrs. P. H. Pfau romped out and annexed 3 points from Mrs. T. H. Cole, who was forced to play alone. Before the dust of the first match had settled, Mrs. Alfred Wilkes and Mrs. Harry Belden were sympathizing with Mrs. J. C. Linneman and Mrs. H. Martin and were in turn receiving congratulations for their 2-point win. In the third match, Mrs. Glenn Duncan and Mrs. W. E. Bennett mashied and putted Mrs. C. P. Overberg and Mrs. H. Delano for another 3-point win—the third one to be recorded by the Wilshire women.

LOS ANGELES WINS

It might have been the sun—and it might have been the strong course, but it wasn't—it was the superior golfing of the Los Angeles women that returned these victors in their 9-to-0 tilt with their visiting California ladies Monday.

Mrs. G. M. Midgley and Mrs. George Webber played through eighteen holes of sterling golf to win 3 points from Mrs. D. Lilly and Mrs. H. Fellows in the first match, and Mrs. H. D. Hammond and Mrs. John Worley added 3 points to the Los Angeles total by their clean-cut win over Mrs. Ray Gross and Mrs. F. W. Converse. In the third match of the play, Mrs. C. K. Mowat and Mrs. Harry Voorhees won 3 points from Mrs. R. E. Moody and Mrs. John Read.

BRENTWOOD WINS

Brentwood women golfers won from the visiting Hollywood team, 7 to 2. Mrs. E. Stanton and Mrs. A. E. D. Trahue lost 3 points to Mrs. Maud Kegley and Miss Alice Hebbard. Mrs. W. Lohseer and Mrs. A. C. Lillie won 2 to 1 from Mrs. Willis Hunter and Mrs. H. Berdo. Mrs. G Ferguson and Mrs. A. Munn won 2 points from Mrs. S. W. Redden and Mrs. G. R. Baxter.

STANDING OF TEAMS TO DATE

Midwick	92½	Brentwood	83½
Los Angeles	84	Wilshire	82½
San Gabriel	69	Annandale	71½
Hollywood	67½	Hillcrest	29
Flintridge	66½	California	20

DOROTHY RICHARDS IS MEDALIST

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, April 14.—Miss Dorothy Richards of Cleveland, O., won the medal in the California women's championship played at the Lake Merced Golf and Country Club today. The winner led the field of eighty-four competitors with a steadily played 87, six strokes better than her nearest opponent, Miss Alice Hanchett, of the San Francisco Golf and Country Club.

Mrs. Harry Grossman of the Hillcrest Country Club, commenced with an 8 and an 11 for the first two holes. How brave she was thereafter is to be seen by her total of 99, which landed her in a tie for eighth place with Mrs. Lafleur. Mrs. C. Rosenthal, also of Hillcrest, qualified for the championship flight. Miss Elizabeth Sherk and Mrs. J. Horan, Hollywood, only other southern golfers in the championship, qualified for the nonqualifiers and second flights, respectively.

Fairway championship flight today:
Miss Dorothy Richards vs. Miss E. LaBeur.
Mrs. J. Mayo vs. Mrs. J. M. Young.
Mrs. C. Rosenthal vs. Miss Barbara Lee.
Mrs. Louis Langfeld vs. Mrs. Y. Nitsinger.
Miss Alice Blanchett vs. Mrs. P. S. Parkhurst.
Mrs. Frank Sheedy vs. Miss Helen Foster.
Mrs. Harry Grossman vs. Mrs. R. H. Brann.
Mrs. Milton Bernard vs. Mrs. A. H. Swinerton.

YEP, THE JUDGE WAS THERE

K. M. Landis, high commissioner of baseball, who gets $50,000 every 365 days for bossing temperamental club owners and athletes, took his family out to watch the Chicago Cubs down the Pittsburgh Pirates in the opening of the National League season yesterday at the Windy City. Here they are, from left to right, Reed Landis, the commissioner's son, the Judge, and Mrs. Landis. The photo was rushed to The Times from Chicago by Telepix. (Telepix photo, copyright 1925 by Pacific and Atlantic.)

THIS WEEK'S FIGHT CARD

TONIGHT

WILMINGTON—Ray Miller vs. Teddy Seidman, main event, ten rounds; Frankie Rose vs. Charlie Arriba, semi-wind-up, six rounds; Kid Pease vs. Johnny Leon, six rounds; Teddy Adams vs. Dell Kennedy, four rounds, and Young Stevens vs. Kid Kilka, four rounds.

TOMORROW

PASADENA ARMORY—Frankie K. O. Barrett vs. Joe Basso, main event, ten rounds; Smilings Joe Herman vs. Johnny Godinez, semi-wind-up, six rounds; Lee Vargas vs. Red Selby, four rounds; Young Dooper vs. Kid Ray, four rounds; Tommy Lavelle vs. Young Polo, four rounds.

FRIDAY

HOLLYWOOD—Fidel La Barba vs. Newsboy Brown, main event, ten rounds; Johnny Grella vs. Jimmy Marcus, six rounds; Joe Salas vs. Joe Pimentel, six rounds; Johnny Gerardon vs. Ralph Downs, four rounds, and Nick Antonio vs. Henry Marcus, four rounds.

COMPTON — Marty Kase vs. Jimmy Young, main event, ten rounds; Paul De Haven vs. Teddy Adams, semi-wind-up, six rounds; Frankie Baldt vs. Georgie Lopez, six rounds; Young Brooks vs. Young Carpenter, four rounds, and Martie Castro vs. Paul Kennedy, four rounds.

GRIZZLIES WIN OVER LINCOLN HIGH NINE

Bill Ackerman's local University of California freshmen baseball team went over to Lincoln—High School yesterday and handed the Railsplitter's an 8-to-2 beating. Ward, on the mound for the Grizzlies, was the whole show, allowing but four hits, and playing a good game in the field. Capt. Crowley, of the winners, crashed out two hits in two times at bat. Ralston and Burleshen also starred at bat for the Frosh. The score:

	R.	H.	E.
Grizzlies	8	12	4
Lincoln	2	4	3

Batteries—Ward and Berlin; Pederson, Landry and Lampe.

Wages in the United States are approximately double those paid in Great Britain, and the purchasing power of wages is much higher in the United States than in any other country.

Working class and middle class women, testifying before t... food commission in London, said that it was a common "trick" of dealers to increase prices at the week-end.

Rattles removed Permanently!

PROBABLY nothing could be more annoying or nerve wracking, except actual damage to a fine car, than the persistent, yet elusive, rattle or squeak in the doors or other parts of an automobile.

We pride ourselves on the fact that we can locate the cause of these bothersome noises and remove them completely.

This is just a part of our service on cars of the finer makes. Every kind of body and top repair work is well done here.

BROWN LILY-WHITE BOXER

Newsboy Who Meets La Barba at Hollywood Friday Has Never Lost Bout in Career

Newsboy Brown, who boxes Fidel La Barba has never had a decision go against him in his entire career as a boxer. He has never lost a bout. If he can travel in the ring at the Hollywood American Legion Stadium Friday night against Fidel La Barba, like he is with his sparring partners, he is apt to keep up the good work he has accomplished so far.

Brown will be 23 years of age in a couple of months and he is built like a little giant. He has had over fifty fights. Some of them have resulted in draw decisions.

When Ace Hudkins was working out for Joe Benjamin, he boxed with Newsboy Brown. The gymnasium hounds claim that Newsboy socked Ace in the breadbasket one day while they were boxing and down went the Nebraska Wildcat.

The next day Brown wasn't asked to box with Mr. Hudkins. If he can sock hard enough to drop Ace Hudkins, then Fidel La Barba is in for a tough session.

The winner of the La Barba-Brown tilt will undoubtedly claim the Pacific Coast flyweight championship. There may be some boys who will dispute the claim. If they do then they will be matched with the winner to settle all arguments.

In the semi-wind-up Johnny Grella and Jimmy Marcus are billed to trade punches for six rounds, the victor being promised a match by Tom Gallery with either Dode Bercot or Spug Myers May 1.

PAAVO NURMI TO RUN HERE

(Continued from First Page)

man, or group of men, in that many years." Calhoun talked over the telephone yesterday to both Nurmi in New York, and Hugo Quist, his manager, who is in Chicago. While expressing indignation over the snap judgment taken on him by a single branch of the A.A.U., Nurmi assured Calhoun that he will be in Los Angeles and run as per his schedule against the Sherman Indians in a long race and against Lloyd Hahn over the one and one-half-mile distance.

ASHMORE HOOKS UP WITH CHUCK BORDEN

Chuck Borden, a sensational youngster of Glendale with a succession of recent knockouts to his credit, will try to go over his toughest hurdle so far, when he tackles Sailor Ashmore in the ten-round main event at the San Fernando Coliseum tonight.

Following is the complete card:

Charlie Cardenas vs. Bernie Kilroy, four rounds, 128 pounds.
Henry Mareus vs. Bernie Kilroy, four rounds, 130 pounds.
Blackie Londes vs. Tom Collins, six rounds, 175 pounds.
Jack Carr vs. Billy Blake, six rounds, 120 pounds.
Sailor Ashmore vs. Chuck Borden, ten rounds, 140 pounds.

PRO CHAMPIONSHIP AT OLYMPIA FIELDS

[BY A. P. NIGHT WIRE]

CHICAGO, April 14.—The professional golfers' championship will be played on the four courses of the Olympia Fields Country Club, Chicago, September 21 to 26, it was announced today by President George Sargent after definite arrangements for the use of the largest golf club in the world had been completed with Charles M. Smalley, president of Olympia Fields.

Glendale Wins Track Title of Central Loop

Winning seven of the thirteen events, Glendale High's track team won the Central League championship yesterday, winning the annual Central League meet with 64 5-6 points, at Glendale yesterday. Monrovia was second with 34½ points; Covina third, 23 5-6; Alhambra, fourth, 11 2-3; Citrus Union fifth, 6½; South Pasadena, 1 2-3. The B. H. Dyas Company presented a trophy to the victors.

Four new league records were set in the meet. Maydwell of Glendale won the quarter mile, 51 8-10s. Gregory of Monrovia set a new mark in the half mile, with his time of 2m. 2 5-10s. DeGroot of Monrovia topped the bar in the pole vault at 11 feet 7 3-4 inches, for a new mark, and DeParcq of Glendale, 112feet, 3 inches in the discus, set a new record.

The summary:

TRACK EVENTS

100-yard dash—Won by Bowman (M.); Wyckoff (G.) second; Purdy (G.) third; Shields (A.) fourth. Time, 10 2-10s.

220-yard dash—Won by Bowman (M.); Fields (A.) second; Purdy (G.) third; Shields (A.) fourth. Time, 23 4-10s.

120-yard high hurdles—Won by Bondw (M.); Redfield (C.) second; Moyer (C.) third; Wilson (C. U.) fourth. Time, 16 9-10s.

220-yard low hurdles—Won by DeParcq (G.); Palmer (G.) second; Moyer (C.) third; Wolf (C. U.) fourth. Time, 26 9-10s.

440-yard dash—Won by Maydwell (G.); Gloege (C.) second; Simmons (G.) third; Lacie (M.) fourth. Time 51 8-10s. (League record.)

880-yard run—Won by Gregory (M.); Maydwell (G.) second; Dryden (A.) third; Stanton (G.) fourth. Time, 2m. 2 5-10s. (League record.)

Mile run—Won by Monty (G.); Maxwell (M.) second; Burgess (G.) third; Dryden (A.) fourth. Time, 4m. 52 9-10s.

Relay—Won by Glendale (Wykoff, Maydwell, Slocum, Purdy.) Time, 1m. 33 7-10s.

FIELD EVENTS

Pole vault—Won by DeGroot (M.); Elliott (G.) second; Mullins (S. P.) and Sanduser (M.) tie for third. Height 11ft. 7¾in. (League record.)

Broad jump—Won by Elliott (G.); William (C. U.) second; Garner (C.) third; Hughes (G.) fourth. Distance, 20ft. 9in.

High jump—Won by Sandifur (M.); Rhodes (A.) second; Bender (M.) third; Squires (S. P.); Jones (G.); Guerdat (G.); Schofield (C.); Damille (C.); Duncan (A.) tie for fourth. Height, 5ft. 8in.

Shotput—Won by Bradbury (G.); DeParcq (G.) second; Lundy (G.) third; Manley (C.) fourth. Distance, 44ft. 1¼in.

Discus—Won by DeParcq (G.); Bradbury (G.) second; Redman (C.) third; Fredericks (M.) Distance, 112ft. 3in. (League record.)

SQUEEZE PLAY GIVES SALT LAKE VICTORY

[BY A. P. NIGHT WIRE]

SALT LAKE CITY, April 14.—A squeeze play in the ninth inning gave Salt Lake the victory over Portland in the opening game of the series today, 6 to 5. Elmer Ponder held the Beavers hitless for five innings, but they solved him in the sixth. The Beavers tied the score in the ninth when they were forced out with the bases full. O'Doul hit his third homer of the season.

HOW TO PLAY BASEBALL

BY STANLEY (BUCKY) HARRIS

The Attack.—IV. THE RUNNING GAME

Stealing bases is one of the fine arts of the game. Youngsters who hope to get ahead on the diamond should learn how to be smart when on the base paths. They should also take plenty of practice in sliding so that they can take advantage of any opportunity in a close play.

"Bucky" Harris

You don't necessarily have to possess great speed to be a successful base runner. The main thing is to have a natural ability to get a quick break when you are going down. If you have this, or acquire it, and then study the move of the various pitchers until you know pretty well when they are going to deliver the ball to the batter, you will gain great success as a base runner.

Winning teams need to have several good base runners. Sluggish men on the bases prevent a team from making the most of its opportunities. They will frequently spoil an otherwise good attack by their inability to advance to a position from which it will be possible to score them with a hit or long fly.

Unless a club possesses great slugging ability it will be at a tremendous disadvantage without good base runners. Often times a stolen base, when followed by a hit, will mean the game. A worthwhile running attack will always enable a team to make a good, if not a winning showing with the minimum number of hits.

The youngster who is planning to steal a base will have to keep his wits about him. He may get the sign to steal as soon as he reaches first. But it isn't necessary for him to go down on the next ball thrown by the pitcher. In fact a runner should never steal unless he gets the jump on the play.

It is very foolish to attempt to steal just to be running. Unless you feel the percentage is in your favor you are not doing the right thing by your team in breaking for the advanced base. You have to use your head all the time in order to have the advantage over the catcher when you are going down to second or from second to third.

Never try to steal with none out. Such an attempt might result in a putout and prevent the staging of a lucrative batting rally. Know what the count is on the batter. You will always have a good chance to go down on the steal if the hit-and-run is passed up, when the batter has the pitcher in a hole where he has to put the next ball over. If the batter fails to connect you will have the jump on the catcher. He will have to do some fast shifting and hurried throwing to get the ball to second.

The player who can steal third is almost three times as valuable to a team as the one who successfully steals second. The youngster who learns to advance from second to third on the play puts his team in a position where a long fly will score a run. When second is stolen it means that a hit will be necessary to bring the player home.

SEVEN IN ROW FOR KRUGMEN

(Continued from First Page)

nish the amusement of the early arrivals, but after the Seraphs had scored five runs in the first, he told the tooters they could go home; there was no more cause for jubilance. A crowd of 6000 fans turned out to see the Tigers in their first home appearance.

Just before the contest started, members of the Exchange Club presented Bill Essick with a huge floral horseshoe.

A couple of new umpires were on hand for the week, Jack Carroll and Ed Finney being the boys in blue instead of Ed Teck and Perle Casey, who called 'em right and wrong the opening week.

Jimmy Christian started on the mound for the Essicks, but the Seraphs made quick work of him, slamming the young right-hander for five runs. After Twombly had been tossed out, Ray Jacobs started things by drawing a walk. Whaley's single to center put Jacobs on third. Horan followed with another hit over second, scoring Jacobs and sending Whaley to third. Grimes cracked a safety to right and Whaley romped home while Horan flitted to third. Then came Hood with a home run poke over the left-field wall, Horan and Grimes scoring a head of Wally from Whittier.

Clyde Barfoot here replaced Christian. Spencer popped to Hemingway, but Beck laced a safety to left. Barfoot fanned Root to end the inning.

The Bengals picked up a run in their half of the inning and only a great throw by Hood prevented them from getting another marker. Moore opened with a walk and came home when Hemingway tripled to right center after Wolfer had been retired. Truck Hannah lifted a foul fly to left, which Wally Hood snagged after a good sprint and then pegged to Spencer in time to double Hemingway at the plate. The throw was perfect.

Jacobs crashed one over the Baffle Bar sign for a home run in the Angels' second. It was his third circuit clout of the season.

Ed Hemingway started the Bengals off on another rally when he beat out an infield tap that Beck grabbed back of second. Hannah lofted to Twombly, but Jackie Warner brought Hemingway home with a triple to the Coca-Cola sign in center. McDowell's sacrifice fly brought Warner over the plate with the Tigers' third run. Blakesley followed with a double against the score board, but died on second when Beck tossed out Griffin.

ROOT LUCKY

Root had a horseshoe, maybe he was using the one given Bill Essick, in the sixth, when the Tigers touched him for a couple of hits. Hemingway began the inning with his third hit of the game. With the hit-and-run signal on, Hannah lined to Jacobs, who tossed to Grimes to double Hemingway off first. Warner followed with a hit to center, but McDowell arched to Twombly for the third out.

After two were out in the Angel seventh, Barfoot walked Jacobs and the pass cost him a run, for Whaley drove Jake across the plate with a three-base poke to the center-field fence.

Root was in trouble in both the seventh and eighth frames, but managed to get out without allowing any more scores. With one away in the seventh Grimm doubled to center, but perished on second, while Root fanned Barfoot, and retired Moore on a fly to center. Roct's wildness filled the bases with Bengals after two were out in the eighth, but Beck tossed out Blakesley to end the inning.

Another one today. Crandall is due to hurl for the Seraphs, while Essick may start Bryan, Weinert or Oldham in an effort to stop the Tiger losing streak. The score:

Redskin Third in Star Race at Tia Juana

[EXCLUSIVE DISPATCH]

SAN DIEGO, April 14.—Redskin, favorite in the ninth race on the program at Tia Juana this afternoon, encountered a lot of hard luck and could do no better than finish third, with Green Spring copping the honors and incidentally paying 9.50 to 1. The favorite was badly blocked at the far turn and after being forced to pull up, finished strong.

Catherine Marrone finally broke into the winning column by taking the seventh race. A couple of fair-priced horses got down in front today, these being Sing On, in the fourth and Sweet and Low, in the fifth. Summaries:

First race, four and one-half furlongs: George O'Neil (Craig) won; Ruth Gold (Kelso,) second; Etoile Du Quesnay (Ruborta,) third. Time :55 1-5.

Second race, five furlongs: Anna Regina (Johnson) won; Olympian King (Craig,) second; Pat Carter (McHugh,) third. Time 1:01 4-5.

Third race, five furlongs: Moon Child (Hunsmer) won; Jenks (Young,) second; Shasta Rapids (Pendergrast,) third. Time 1:02 1-5.

Fourth race, six furlongs: Sing On (Hooper) won; Sweetum (Roberts,) second; Wee Girl (Schaefer,) third. Time 1:15.

Fifth race, one mile and one-sixteenth: Sweet and Low (Hooper) won; Miss Prosperity (Schaefer,) second; Jay Roberts (Pendergrass,) third. Time 1:48.

Sixth race, one mile: Seth's Memory (Mortensen) won; Wiltruda Wood (Johnson,) second; Halu (Young,) third. Time 1:41 3-5.

Seventh race, one mile: Catherina Marrone (Elsten) won; Black Ward (Huntsmer,) second; Wild Ninth race, six furlongs: Green Spring (Johnson) won; Redskin (Pendergrass,) second; Nebraska Lad (Huntsmer)) third. Time 1:45 4-5.

Ninth race, six furlongs: Green Spring (Johnson) won; Yeoboo (Mortenson,) second; Redskin (Schaefer,) third. Time 1:14 4-5.

Osaka, which is annexing forty-two towns and villages, will have a population of 2,000,000, and will be the largest city in Japan until the "Greater Tokio" plan is put into effect.

THE SMARTEST CAR ON THE HIGHWAY

AGAIN VELIE LEADS THE WAY

For eighteen years Velie has been building fine motor cars—

And now—another evidence of Velie Leadership—The Four Door Coach—

All the charm of the standard coach, with the added convenience of four wide doors—

A wide, comfortable front seat instead of the usual bucket seats—ample leg room front and rear—

The wonderful Lockheed Hydraulic Four Wheel Brakes—

Full size balloon tires—

And the justly famous Velie built, airplane type engine with its six cylinders and full fifty horsepower.

Not only "The Smartest Car on the Highway"—But the biggest dollar for dollar value on the motor car market.

Ask for a demonstration—with yourself at the wheel.

Four wide doors—Ample leg room—Lockheed hydraulic four wheel brakes—balloon tires—The famous Velie built airplane type engine—50 horse-power. Get a Demonstration—with yourself at the wheel.

TRIAL HEATS ON THIS AFTERNOON

(Continued from First Page)

win. Lincoln will take points from Hollywood in the sprints, quarter-mile, pole vault and both weight events, while not hurting Manual.

Al Miller's recent performance of almost an even two minutes in the half-mile makes him a favorite to trim Capt. Alex McKinnon of Polytechnic in the half-mile, and thereby add five more points to Manual's total. McKinnon is more experienced than the Toiler however, and that's what counts in the city meet. He took second to Lee Hansen in his record-breaking dash last year and should make Miller hurry. Whoever wins,

Spartan Track Team Stars in Track Trials

Trial heats and qualifying events for the Bay League track meet were held at Compton yesterday. Most of the favorites came through without much difficulty. Heats in the sprints, hurdles and quarter-mile were held. The high and broad jump and pole vault were the only field events for which the athletes had to qualify.

Huntington Park and Inglewood qualified most of the men yesterday and it is thought that one of these schools will win the meet. It is scheduled for Compton on Saturday. Compton has a strong team. The summary:

TRACK EVENTS

100-yard dash—First heat, Bramfield (H. P.); Howard (C.) Hadley (I.); second heat, Wade (H. P.,) Elliott (C.,) Plummer (S. M.;) third heat, Roselle (C.) Smith (H. P.) Time :10 4-5.

220-yard dash—First heat, Howard (C.,) Weed (H. P.,) Howell (I.;) second heat, Heltay (I.,) Rucker (S. M.,) Wade (H. P.;) third heat, Plummer (S. M.,) Zilzitt (I.;) Roesfield (H. P.)

440-yard run—First heat, DeWilbis (I.,) MacArthur (H. P.,) Prentice (C.) second heat, Delbert (H. P.,) Williams (C.,) Preshorn (S. M.;) third heat, Hughes (C.,) Warrell (H. P.,) Butler (S. M.) Time :54 1-5.

120-yard high hurdles—First heat, Banghart (H. P.,) Chappell (C.,) Craig (S. M.;) second heat, Richards (C.,) Denman (H. P.,) Cepo (S. P.;) third heat, Adams (H. P.,) Brocklesby (S. P.,) De Negra (C.)

220-yard low hurdles—First heat, Denman (H. P.,) Richards (C.,) Foltz (H.;) second heat, Bowen (S. M.,) Elliott (C.,) Adams (H. P.;) third heat, Chambers (S. P.,) DeHepre (C.,) Craig (S. M.;) fourth heat, Apfel (I.,) Von Aspe (S. P.,) Kennicott (S. M.)

FIELD EVENTS

Pole vault (qualifying heights, 10 ft.)—Caldwell (H. P.,) Palleris (H. P.,) D. Duffield (S. M.,) Duffield (S. M.,) Williams (I.,) Jensen (I.,) Wilson (I.,) Bodeker (R.,) Zentner (C.)

High jump (qualifying height, 5 ft. 4 in.)—Richards (C.,) Martin (H. P.,) Jensen (I.,) Cypress (H. P.,) Bowers (S. M.,) North (H. P.,) Ann (S. M.,) Boston (S. M.,) Brocklesby (S. P.,) Cepo (S. P.,) Stead (C.)

Broad jump (qualifying distance, 19 ft.)—Hoye (I.,) Berk (I.,) Rose (I.,) Seaman (I.,) Smith (I.,) Clayson (S. P.,) Wanguler (S. P.,) North (H. P.,) Bowen (S. M.,) Unruh (H. P.)

PASADENA HIGH TEAM TRIMS FRANKLIN NINE

With both teams making enough errors for two or three games, Pasadena High School's baseball team defeated Franklin High School, 10 to 7 at Franklin yesterday. Pasadena made nine errors and the Printers committed seven bones. Radey, Pasadena short stop, was the big star of the game, with a home run in the third inning and a double in the seventh. Holland and Palm pitched good ball for Franklin, but didn't get any support. The score:

	R.	H.	E.
Pasadena	10	9	9
Franklin	7	8	7

Batteries — Deaston, Jargens and Schwengsier; Holland, Palm and Watson.

A Frenchman at Marseilles who has a normal stomach, but is able to dilate it at will, can swallow four quarts of water and eject it like a whale in a jet seven feet high.

WEISMULLER SHOWS IN HOLLYWOOD MEET

Johnny Weismuller and the others composing the Illinois Athletic Club swimming team will appear in Los Angeles at the H.A.C. tank in a meet with the Movie City tank stars on May 1. The Chicago club appears in two other meets on their tour of the Pacific Coast, one at the senior championships in San Francisco and again at Pasadena.

The program arranged by the local club includes, other than the swimming events, a number of exhibitions in diving and possibly a water polo game.

Radio telephones installed on liners plying between San Francisco and Honolulu make possible conversations between passengers on different ships while at sea.

LOCALS IN WIN OVER SAN GABRIEL

Los Angeles Golf Team Trims Tail-Enders in Final Match

Maj. William F. Karnes and his Los Angeles teammates traveled to San Gabriel yesterday to win the Class A interclub golf championship by defeating the local golfers 11 1-2 to 3 1-2.

With but 3 1-2 points needed to clinch the interclub team championship, Everett Seaver and George Thomas trounced J. C. McDonald and F. S. Dalzell three ways over the 18-hole competition and came within one-half point of the necessary total. Phil Forve, Jr., and Maj. W. F. Karnes decided the present championship by shooting enough golf to collect two points from E. E. Dean and M. Edwards of San Gabriel.

J. M. Frazier and Dr. W. H. Spinks, L. A., won three points from Earl Planck and W. C. McCann. Dick Forsythe and A. C. Getty, San Gabriel, managed to halve their match with Judge W. F. Frederickson and Harry Howard, each team winning 1 1-2 points. Dr. C. G. Hartley and Chester Lydsy won 2 points from Frank Condon and Dr. W. W. Watterman, San Gabriel, in the last match of the day.

Rancho, with George Von Elm, newly crowned Southern California amateur champion leading the way, turned in a 13½ to 1½ win in a series of runaway team matches with the Flintridge golfers yesterday. After Von Elm and Jack Mcuitin won 3 points from L. M. Thomas and A. Kaufman, Leon Keller and Leo Soldani of Rancho tripped L. Reynolds and C. D. Hargerman, (F.) and won 2 points. Ed Merritt and O. N. Sebastin, (R.) won 3 points from Bud Yoakum and S. Mitchell and Bruce Bundy and Thomas Seddan completed the slaughter for Flintridge by winning another 3 points from A. W. Maine, who played alone.

H. S. Robbins and A. B. Cosby cut into the win column for Flintridge and divided their match with Norman Allen and W. D. Davidson, each team wining 1½ points.

Rather than travel to Hollywood as several of their members were absent, the Midwick team forfeited their matches with Hollywood. The Hollywood golfers claimed all 15 points.

Team matches between Annandale and Wilshire were postponed and will probably be played next Monday. Annandale needs but 3 points to crowd Midwick out of the first division but Wilshire, by winning every match from Annandale, can tie with Rancho for second place. Final standings in Class A cannot be released until after the Annandale-Wilshire match, but standings to date are as follows:

Los Angeles	134	Flintridge	94½
Midwick	98	Annandale	91½
Wilshire	102½	Hollywood	87½
Rancho	134½	San Gabriel	79½

OAKLAND LOSES IN FIRST HOME GAME

[BY A. P. NIGHT WIRE]

OAKLAND, April 14. — The opening of the 1925 baseball season at the Emeryville Park here today was somewhat spoiled for the majority of the 12,000 fans when San Francisco defeated Oakland, 6 to 4. Pfeffer, who has just come down from the big leagues, and Kunz, who has hope of speedily returning thereto, started the pitching for the two teams, but neither was in at the finish. Kunz was taken out in the fourth and Pfeffer was relieved when he seemed to be wobbling in the ninth.

Brower knocked a home run over the right-field wall in the fifth and Cooper hit a four-base clout within the park in the eighth. The weather was warm and balmy, ideal for baseball, and the game was played to the accompaniment of great enthusiasm and encouragement from the spectators. Score:

MERRY-GO-ROUND

ST. LOUIS (Mo.) April 14.—The Cleveland Indians piled up twelve runs in the eighth inning and defeated the St. Louis Browns 21 to 14, in a slugging match opening the major-league baseball season here today. Four errors by Sisler, three by McManus and three by Bennett contributed to the result. Joe Bush, newly acquired Brown pitcher, was batted out of the box in the third. Score:

MACKS IN TENTH

PHILADELPHIA, April 14.—The Philadelphia Athletics opened the home session against the Red Sox and by a game uphill battle overcame a nine-run lead that Boston enjoyed for seven innings and won out in the tenth by the score of 9 to 8.

Circuit drives by Flagstead and Harris in the eighth and ninth innings kept the visitors in the lead but the Athletics tied the score in the ninth and in the tenth found Rudy Kallio, former Coast Leaguer, for three hits that settled the contest. Score:

Cincinnati Twirler Shuts Out St. Louis, 4 to 0

Cubs Take Measure of Pirate Crew, 8 to 2

Dodgers Start Off With Win Over Philadelphia

[BY A. P. NIGHT WIRE]

CINCINNATI, April 14.—Pete Donohue pitched a perfect game in the opening contest of the season here this afternoon and Cincinnati won from St. Louis, 4 to 0. The visitors did not get a runner to third base and only two as far as second.

Haines lasted five innings and all four of the Cincinnati runs were made off his delivery. Sensational outfielding by Holm and Mueller kept down the Reds' score. Hargrave was robbed of two hits by wonderful catches by two gardeners. Score:

GROVER HITS HOMER

CHICAGO, April 14.—A huge crowd saw the Chicago Cubs defeat the Pittsburgh Pirates, 8 to 2, today. The Cubs won by bunching their hits, one of which was a home-run drive over the bleachers' wall by Hartnett with two mates on base. Grover Alexander pitched in midseason form and smashed out the first homer here of the season. Score:

PHILLIES BUMPED

BROOKLYN (N. Y.) April 14. Brooklyn opened its season at Ebbets Field today by defeating Philadelphia, 3 to 1, in a pitchers' battle between Vance and Carlson. The Dodgers went to the front for good in the second inning when a pass to Johnson, Stock's single, an error by Huber and a double steal scored two runs. Fournier counted in the sixth on his long triple and Johnston's sacrifice fly. Twenty-two thousand witnessed the game. Score:

A CHUCKLE FOR EVERYBODY

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of $5, $3, $2, and twelve of $1 each. A list of theaters showing the film, together with rules for submitting jokes are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a souvenir of acknowledgment.

Domesticated electricity: If your wife gets angry, controller; if she talks too long, interrupter; if she is willing to come half way, meter.
L. J. Schulte, 629 N. Curtis, Alhambra.

"I'm offering a prize for the laziest man in college and you win."
"All right. Roll me over and put it in my back pocket."
John L. Kelly, Barlow Sanatorium, City.

"But, dear, you want to marry an economical man, don't you?"
"Yes, but it's awful being engaged to one."
D. Reed, 805 West Main street, Burbank.

Employer: "Do you drink anything?"
Applicant: "Anything."
W. G. Keith, 740 South Olive, City.

"Anyway," said Dad, "shaving the back of her neck isn't as hard as hooking her up the back used to be."
May Haddon, 653 North Harvard Boulevard, City.

"Don't you know her? She lives in your square."
"Possibly so, but she doesn't go in my circle."
Mrs. Agnes Watson, 2822 University avenue, City.

"Teacher said we were made to help others."
"So we were."
"Well, what were the others made for?"
E. Dunkerly, 5745 Harold Way, Hollywood.

"The girls don't think very much of Jones, do they?"
"No, if his face was his fortune he'd be in debt."
B. H. Reeves, Jr., 1021 North Alameda, Burbank.

Mother, what is a cap?
Why—
Oh, yes, I know—it is a hat with a feeder.
Mrs. W. C. Fraser, 527 North Avenue 50, city.

If there were eight little darkies and one of them died, where would the other seven go?
They would go black-burying.
Miss Eleanor Pearson, San Dimas.

The Least Said the Better

HAROLD TEEN—PROOF OF THE PUDDIN'

Easy to apply—Easy to keep clean

Lustrous, white, smooth as the finest enamel

ON bathroom walls, in kitchens, on white woodwork everywhere, Barreled Sunlight is always attractive, sanitary, and washable as white tile. A damp cloth easily removes the worst smudges. Repeated washings do not wear away the surface.

Barreled Sunlight is guaranteed to remain white longer than any gloss paint or enamel, domestic or foreign, applied under the same conditions.

The remarkable covering power of Barreled Sunlight makes for economy. You get an enamel finish at a paint cost. One coat is usually sufficient over a previously light-painted surface. (When more than one coat is required, use Barreled Sunlight Undercoat.)

Barreled Sunlight comes ready-mixed in cans from ½ pint to 5 gallons. Where white is not desired, it can easily be tinted any color or shade.

nothing escapes

Coffee flavor and coffee strength are elusive, runaway things. Unless you imprison the coffee at the moment of roasting, it is sure to lose flavor, strength, aroma—the very things that make coffee.

This is why every can of M·J·B Coffee is packed not by any ordinary vacuum but by a patented process invented and owned by M·J·B. *Nothing escapes!* The coffee reaches your table full-strength and flavor-fresh!

M·J·B MEETS EVERY TASTE IN COFFEE

MACMILLAN TO HUNT NEW LAND

Explorer Hopes to Disclose Unknown Areas

Expedition With Planes Will Sail in June

Flights Will Radiate Over Immense Territory

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—Under the final program approved today, the forthcoming MacMillan Arctic expedition will undertake the exploration of several millions of square miles of territory believed to have been hitherto unknown to civilization.

In addition to the vast terrain between Alaska and the North Pole, the expedition, with Navy planes, will cover the central portions of Ellsmere Island, Grantland, the "great Greenland ice cap," the entire interior of Baffin Island and Northern Labrador.

Commander Donald B. MacMillan, head of the expedition, announced a base will be established at Etah, Greenland, about 700 miles from the Pole, from which flights would radiate over the immense field selected for exploration.

SAIL IN JUNE

It is proposed to leave Wiscasset, Me., about June 27, proceed to Sydney, N. S., where fuel will be taken aboard for the long voyage, and then to continue to Labrador. The crossing to South Greenland will be made from the fifty-fifth latitude.

With Julianehaab as a base, studies will be undertaken of Norse settlements made in Greenland 1500 years ago.

"I believe the practical way of erasing these 'unknown areas' from the maps," declared Commander MacMillan, "is by the use of the new type of amphibian naval planes."

From Julianehaab the expedition will proceed north to Godthaab, where there is reported a large group of Norse ruins. The explorers hope to prove a connection between the builders of these and the Norsemen who visited America 300 years before Columbus.

TO EXPLORE CAP

Of particular interest to scientists, Commander MacMillan said, was the plan for exploring the "ice cap" covering 500,000 square miles and reported to rise to 10,000 feet. Neither that territory nor Baffin Island, discovered 425 years ago, have ever been penetrated by man. Eskimos have declared there are thousands of large lakes in the interior, filled with seals, which entered them from the sea and that they are used as breeding grounds by many species of water fowl. Among the latter is expected to be found the hitherto unknown nesting place of the blue goose.

The expedition plans to return south along the shore of Ellsmere Island and then around the northern rim of Baffin.

Alhambra Girl on Trial Today in Auto Death

The trial of Marie Gahlaw of Alhambra, 19 years of age, charged with manslaughter growing out of the death of David Frazier, whom the girl is charged with fatally injuring in an automobile accident last November, will open before Superior Judge Sidney N. Reeve today.

At the same time the trials of R. O. Graves and Leslie Triggs, asserted companions of Miss Gahlaw at the time of the accident, and who were indicted on a similar charge, are scheduled to come up before Judge Reeve. It is expected the trials will be conducted separately.

It is charged Frazier was run down by an automobile in which the three defendants were riding in Alhambra on the night of November 21, last. Miss Gahlaw denied she was driving the machine and the other two defendants denied they were driving it.

LOS ANGELES GETS A GREAT MERCANTILE ESTABLISHMENT

The general public is not aware that this spring season has been one of the most disastrous in the history of Men's Wearing Apparel—as the backward season in the East and touch of dull times caused millions of dollars' worth of countermand orders, especially in men's finest grade clothing. Panic prices to the public through retail avenues, is the only sure salvation for manufacturers and wholesalers to realize quickly. The most noted brands of high-grade tailor-made suits, trousers, top coats, overcoats, and cravenettes, in almost endless variety, will be found in this gigantic stock of over one hundred thousand dollars' worth of all new, spring, full-fashion for men and young men.

The following national brands of clothing will be sold for quick cash realization, at about one-half its value, and in some cases even less. The character of this elegant stock appeals to the discretional dresser; a man who is particular about his clothes, especially the Merchant Tailor man. Daniel Boone Woolen Co.—Vanity clothes. Manhattan Brand—Em-Eff. Excelsior. Harley Trim. The Great Sennett—clothes. Soljain and Suitall brands—and others of the highest standard makes in America.

Two car loads—12,000 of the latest styles, straw hats, right out of the original cases, fresh from the manufacturer, will be sold at 25c on the dollar of value. Nothing like it ever occurred in America at any time—East, West, North or South.

The fire-proof store rooms and balconies, representing over 20,000 feet of selling space, known as 734 South Spring street, has been leased, and a sale will begin next Saturday morning—at 9 o'clock—that will bring every thrifty man and young man to this store, as its equal has never occurred in the United States west of Chicago.

Watch Friday morning's Times for full particulars. No other paper.—[Advertisement.

HART SCHAFFNER & MARX DINNER JACKETS ARE EASY TO GET AND EASY TO WEAR

There's no hardship in dressing for dinner, a dance or the theatre these days Dinner clothes are comfortable; easy to wear and easy in cost More important; they're "the style" and yours ought to be the best style *Ours are* Wider shoulders, shorter coats, snugness at the hips; full trousers that taper a trifle to the bottom The Hart Schaffner & Marx label means fine all-wool quality, too

Free Information and Resort Bureau

BROADWAY AT FIRST

Is for the accommodation and benefit of persons seeking interesting routes of travel, desirable hotels and rest, recreation and recuperation at the seashore or in the mountains. Particulars are furnished by competent attendants and by correspondence to the general public regarding rates and attractions of railroad and steamship lines, hotels and pleasure and health resorts. Descriptive circulars and transportation literature are kept on hand for inspection and distribution. This service is absolutely free. Literature may also be obtained at the Times Branch Office, 621 South Spring Street. Phone MEtropolitan 0760.

Make your resort and hotel reservations free of charge at the Times Information and Resort Bureau, Times Bldg., Broadway at First St., or at the Times Branch Office, 621 South Spring St.

"Direct-U"

Have you had difficulty in finding some particular advertised product? Have you had to hunt from store to store to find something you had seen advertised?

The Times has established a new department, called "Direct-U," which has collected data about thousands upon thousands of trade-named (advertised) products and stands ready to tell you just where you can find the thing you want.

The Times is glad to help its readers and advertisers through this new service—so make free use of it—there is no charge, of course.

All you need do is phone the Los Angeles Times—MEtropolitan 0760—and ask for "Direct-U" Department.

Resorts

A Real Home for Visitors

Hotel Leighton location suggests the freedom of the country yet only ten minutes from Sixth and Broadway.

Plenty of outdoor space—veranda, pergola garden seats and swings, tennis, clock golf—on the hotel grounds. Westlake Park of forty acres directly across the street.

Westlake shopping district immediately adjacent.

Most attractive and home like lobby and dining room. All outside rooms with steam heat and telephones.

Billiard room, barber shop and elevator service in the building.

Girl Pays Fee for Tuition by Peddling Booze

[EXCLUSIVE DISPATCH]

MASPETH (Long Island) April 14.—Miss Frances French, an attractive Maspeth girl, admitted before United States Commissioner Rasquin in Brooklyn that she had earned her business school tuition fee by peddling drinks of whisky from a flask she carried in a beaded handbag.

Policeman Dolen said Miss French sold him a drink from her flask, charging 50 cents. She was held in $1000 bail for the Federal grand jury.

-at Hollywood Knolls

Some voluntary comments of recent visitors:

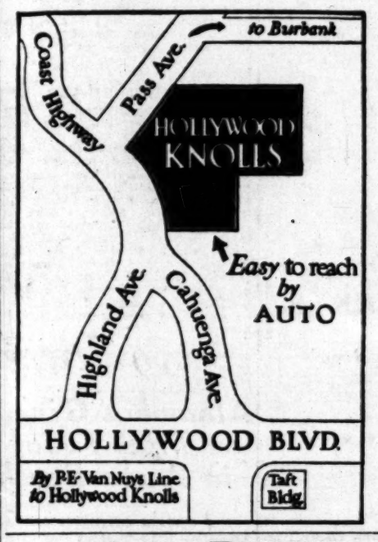
"A picturesque Old World setting with California's charms added."

"Almost as beautiful as Switzerland and with many advantages that Switzerland will never possess."

"To own a home overlooking Lake Hollywood is a priceless privilege."

"I predict that this will ultimately be the highest priced foothill residence property in Hollywood. Your present prices are surprisingly low."

"Your improvement scheme based on the plans of Franz Herding is almost Utopian in character."



"The completion of the new Cahuenga highway will be electrical in its effect on values in this view-commanding hill-section."

Hollywood's greatest foothill-homesite-buying opportunity is Hollywood Knolls. There are several other choice hill subdivisions—but none offer magnificent sites at such low prices as prevail here.

A tremendous public improvement plan is under way—many beautiful homes are rising—the entire subdivided portion is a hive of value-increasing activity.

Do yourself the justice of seeing Hollywood Knolls while opportunities are **greatest:**

...OUSANDS FACE BALDNESS AND DON'T KNOW IT

...g Almost Secretly, Destructive Parasites of ...lopecia Pityrodes" Spread Disease Through ...e Scalp, which Brings Baldness in From Two to Seven Years

...Examination Necessary to Determine Exact ...e of Hair and Scalp Troubles, Says Specialist

...ecently kept over a ... show that a great ... percentage of peo... are afflicted with "Alopecia Pityrodes," a serious scalp trouble which is a forerunner of baldness. Many people mistake this affliction for common dandruff because microbacilli quietly carry on their destruction work from two to seven years before any decided ... is noticed and the first ... baldness appears, says ... H. Austin, over 40 years ... and only specialist.

...Alopecia Pityrodes ... Healthy Hair
...usually starts with a scaling ... sometimes slight, ... called "dandruff," some... ...producing thick, ... dry or greasy scales ... leads to the falling of the ...

...ng lasts from two to ... as a rule. At first, ... hair starts to fall, it is ... noticeable, but as this ... "Alopecia Pityrodes," be... ...more deeply seated, and the ... multiply, as they ... the falling of the hair ... rapidly and in time the ... is bad becomes entirely ...

...Has Discovered How to ... Hair Destruction
...often there has been a de... ...of hair there are good ... of staying the course of ... and increasing the ... normal amount of the hair, ... the person troubled will ... treatment. Prof. Austin ... that nature will fight ... well, and if given help at the right time will replace the lost hair with new stronger, thicker and more beautiful hair.

A Powerful Microscope Reveals the Cause

The only way to tell the exact cause of hair and scalp troubles is by a microscopic examination of the hair and scalp. Prof. Austin, who has been at The May Co. for the past ten years, has found that many people treat hair troubles without knowing what they are trying to cure, and naturally results are disappointing.

Prof. Austin does not trust to guesswork. A powerful microscope magnifies the microbacilli thousands of times and, once the exact cause is determined, it is then a simple matter to correct the trouble. Over 40 years of practical experience and scientific study qualify him to advise what to do in each particular case.

The Beginning

The Result

Prof. Austin says, and you will find it repeated in every important scientific treatise on the hair and scalp, that the use of hair tonics, dandruff cures, elixirs, mange cures and pomades is like taking medicine without knowing what you are trying to cure.

This week Prof. Austin will make FREE microscopic examination of the hair and scalp. Hours 10 to 12 and 2 to 4—both men and women invited. The May Co., 8th and Broadway, Mezzanine Floor, Broadway entrance.—Advertisement.

Modern Floors
for Old Buildings

Start with the floors—when you decide to remodel and modernize your old building, office or store. That's the way the Providence Hospital went at it—by installing modern Bonded Floors right over worn-out old floors. The result—bright, new and cheerful floors, comfortable and quiet.

Whether you are buying floors for a new building, or thinking of covering old floors, the way to start *right* is to call in a flooring expert—a Bonded Floors man. We can help you select the *right* resilient floor—right in cost and maintenance cost as well as in appearance, comfort and durability.

After you select from a variety of materials —ranging from solid-colored floors of durable, economical *Gold-Seal* Battleship Linoleum to marble-colored floors of cork composition or reinforced rubber tile—expert workmen scientifically install your new Bonded Floor. And install it so well that we can give you a surety bond against repair expense!

HACKFELD TAX FIGURES CITED

Review of Assessment Appeal Case is Feature

Three Different Methods for Valuations Used

Cooke Concludes Testimony in Factors' Trial

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 14.—Through introduction of tax returns on behalf of American Factors, Ltd., plaintiffs in the Hackfeld-American Factors equity suit sought to show today that the $7,500,000 paid for the Hackfeld business in 1918 was much less than the actual value.

Attorney J. F. Neylan for the plaintiffs informed the court that they proposed to show that "even for tax purposes, these defendants conceded a value of American Factors' assets so far in excess of $7,500,000 as to make the figure an absurdity."

R. A. Cooke concluded his testimony and I. M. Steinback of counsel for American Factors, of Honolulu, was called to the stand and his examination opened by Neylan.

Most of the afternoon session was taken up with a review of the American Factors tax appeal case of 1920. The records showed an original return of $1,496,225 was made by the directors of American Factors as the value of taxable property of the corporation for 1919. The assessor refused to accept those figures and placed the value of taxable property at $7,336,000. The American Factors directors then offered a compromise figure of $3,250,000 and won the appeal on that figure.

Steinback said he employed three different methods in arriving at valuations of the American Factors assets and the value of taxable property of the corporation.

By one method he said he found a value of $2,706,000 for taxable property; by another method, $2,031,000, and by a third method two separate valuations of $2,817,000 and $2,273,000.

Steinback said he recommended $2,706,000 as a basis for appeal, but that the American Factors, directors settled on $3,250,000 on advice of his associate counsel, Mr. Holmes.

Valuations of $17,346,900 and $18,000,000 appeared in Steinback's calculations as the total value of the assets of American Factors as of December 1919. Plaintiffs' counsel conceded that there were allowable deductions which would bring the totals down to a considerable extent.

LARGE AREA FLOODED AS DAM BURSTS

Many Rendered Homeless in Michigan; Twisters in Indiana Cause Losses

[EXCLUSIVE DISPATCH]

DETROIT, April 14.—Upwards of 25,000 acres of corn land are under water and scores of people are homeless following the bursting of the dam of the Detroit Edison Company at French Landing, situated in the valley of the Huron River between Flat Rock and Lake Erie.

The entire valley, which is about seven miles long and one mile wide, is under ten feet of water in some places. The State police are on guard after notifying persons in the path of the waters to seek shelter in higher places. No fatalities have been reported.

INDIANAPOLIS (Ind.), April 14. Minor twisters which swept over Indiana yesterday damaged property in the northern part of the State to the extent of thousands of dollars, according to reports reaching here today.

Greenhouses, farm buildings and crops were wrecked in the vicinity of Piercetown and Warsaw in Kosciusko county.

The twister hit the lake at the north edge of Warsaw, scooping up large quantities of water after the manner of a water spout, and carried it over the city.

In and around South Bend thousands of dollars worth of property, principally telegraph and telephone poles, was wrecked.

FAKE NUN SENT TO JAIL FOR SOLICITING

[EXCLUSIVE DISPATCH]

NEW YORK, April 14.—Theresa McCormick, 45 years of age, of Portland, Or., who was arrested recently for unlawfully soliciting alms in the garb of a Benedictine nun, was sentenced to forty-five days in the workhouse by Magistrate Barrett. The latter, in pronouncing sentence, declared her action struck at the faith of all people. She is to be arraigned again the 22nd inst. for impersonating a nun. Mrs. Loretta Driscoll, Catholic Big Sister, pressed the complaint, producing a letter in court in refutation of Miss McCormick's statement that she was still connected with the Benedictine Abbey in Elizabeth, N. J.

ESCAPED CONVICT IS HELD IN SACRAMENTO

[BY A. P. NIGHT WIRE]

SALEM (Or.) April 14.—Bert (Oregon) Jones, who, on March 28, 1924, escaped from the Oregon State Penitentiary by going over the wall with five other prisoners, is under arrest at Sacramento, Cal., according to information received by Warden Dalrymple today from the State Bureau of Identification at Sacramento. Jones is held in the Sacramento County Jail on a thirty-day sentence for petty larceny.

LIQUOR STOCK STOLEN

[BY A. P. NIGHT WIRE]

CHICAGO, April 14.—Four men robbed the Ahrend Drug Company's warehouse today and escaped with a $15,000 stock of fine liquors, while the company was waiting for a government permit to remove the beverages to new quarters.

Pasadena Furniture Co.

Ideal Traffic Conditions With Plenty of Room to Park Here

"My swollen knee joints are again normal"
"I am entirely free of the terrible ache"

Read the grateful letter from this Los Angeles lady who found relief from RHEUMATISM through drinking the famous Mountain Valley Water from Hot Springs, Ark.

"For the last two years I have suffered greatly from Varicose Veins and Rheumatism in my knees. I started drinking Mountain Valley Water about four months ago. The results I have obtained from this water are wonderful. My swollen knee joints are again normal and I am entirely free of the terrible ache I had in my legs. I wish it could be the good fortune of all rheumatics to have the privilege of drinking this water."

(Original letter on file—Name and address on request.)

Many Los Angeles People Have Been Benefited.

The foregoing letter is only a sample of those on file from the increasing number of Los Angeles people who daily are receiving benefits from the use of Mountain Valley Water. Come in and see the original letters, the Experiences of Physicians and Report of Hospital Clinical Tests.

Let Mountain Valley Water from Hot Springs, Ark., help you on the Road to Health

If your stiff joints, your crippled muscles, your aches and pains come from Rheumatism, Mountain Valley Water will assist in bringing you relief—its alkaline minerals tend to neutralize uric acid, the possible cause of your torture; it also induces healthy action of the kidneys and thus tends to retard the further formation of acids.

Isn't the prospect of relief worth a trial?

Letter From a Farmer's Wife

"For over two years I suffered from pains in my side and back with headaches and weakness," says Mrs. Walter E. Anderson, a farmer's wife of Rangeley, Maine. "It seemed as though I could not get my work done from one day to the next, but Lydia E. Pinkham's Vegetable Compound has restored my health so that now I can do all kinds of work, sewing, washing, ironing and sweeping. I hope this letter will influence other women to take Lydia E. Pinkham's Vegetable Compound." Volumes of such letters from women explain why Lydia E. Pinkham Medicine Co., of Lynn, Mass., is the greatest user of roots and herbs in the world.—[Advertisement.

Enthusiasm over the mayoralty candidacy of former Judge Benjamin F. Bledsoe prevails among the thousands of women of Los Angeles, who have volunteered their services at the campaign headquarters, 425 South Hill Street. Here, and at fifteen district headquarters, the women's division, under the direction of Mrs. Sarah E. Ash, has labored unceasingly and efficiently among the voters of the city to elect former Judge Bledsoe Mayor of Los Angeles for the next four years. Shown above are prominent club women and civic leaders of Los Angeles who are enrolled in the Bledsoe-for-Mayor campaign as active workers of the women's division.

FAHEY FIRED FROM POST IN BAY CITY

Department of Justice Bureau Head in North is Summarily Dismissed

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 14.—Martin V. Fahey, chief of the Department of Justice agents here, disclosed today that he was dismissed summarily from office Saturday on instructions from Washington for what was said to have been a technical violation of departmental rules.

The order of dismissal also dismissed Dan J. Costello, one of Fahey's chief agents, and suspended from duty Matt Rice, another agent, and Miss Hazel Strahan, a stenographer in Fahey's office. Fahey said he expected L. C. Wheeler, in charge of the Los Angeles bureau of the Department of Justice, temporarily would conduct the bureau's office here.

Fahey has been in the service of the government for approximately twenty years and took charge of the local Department of Justice bureau about a year ago. His dismissal was unexpected and created a mild sensation in San Francisco Federal and political circles.

Fahey declined to comment on his dismissal, beyond asserting he will "fight the charge against me." He was said to be charged specifically with being on too friendly terms with subordinates in his office, which is said to be in violation of a Department of Justice rule that an executive cannot associate socially with his agents.

Persons who professed to know the reasons behind Fahey's dismissal said that Fahey, Costello and Miss Strahan and several other persons had attended a party at Costello's home, and that one of the guests, another agent, had become objectionable and had been ejected and later had reported the affair to his superiors at Washington.

CHAMBER AT ROME DINES MORGAN AID

Thomas W. Lamont is Honor Guest at Banquet Given in Italian Capital

[BY CABLE AND ASSOCIATED PRESS]

ROME, April 14.—Thomas W. Lamont of the firm of J. P. Morgan & Co. was honor guest tonight at a brilliant banquet given by the Italian-American Chamber of Commerce and attended also by Frank W. Stearns of Boston, close personal friend of President Coolidge. Members of the Cabinet, Senators, deputies, high State officials and prominent bankers were present.

Among the Americans attending were Ambassador Fletcher, Senator David A. Reed of Pennsylvania and Henry R. Gay, American author, resident of Rome. A letter was read from Premier Mussolini regretting his inability to be present in person.

The visit of Mr. Lamont and Mr. Stearns recently caused reports that they were here to discuss with Premier Mussolini the Italian war debts to America. Both visitors have denied this, insisting their trips are purely personal.

AMENDMENT REJECTED

[BY A. P. NIGHT WIRE]

ST. PAUL, April 14.—The Senate of the Minnesota Legislature today adopted a resolution already passed by the House rejecting the child-labor amendment to the Federal Constitution. The vote was 36 to 28.

For Beach and Pool

All this week in the Wash Goods Section living models may be seen in frocks made from the many lovely materials in this department.

SECOND FLOOR

FOR THE SUMMER SEASON—IN FACT FOR ANY SEASON IN CALIFORNIA, MEN, WOMEN AND CHILDREN COME TO ROBINSON'S FOR BATHING APPAREL. HERE ARE MANY WONDERFUL THINGS TO MAKE THE SWIM DOUBLY ENJOYABLE. THERE ARE TRIM ATHLETIC KNITTED BATHING SUITS FOR EVERYONE AND FOR WOMEN DELIGHTFUL SILK SUITS TO INDIVIDUALIZE THE WEARERS. AS WELL AS THE IMPORTANT ACCESSORIES.

Bathing Wear Most Brilliant With Color in New Styles

MORE varied and truly delightful garments for bathing and swimming could hardly be found than the very attractive new things which have been assembled at Robinson's. Among hundreds that are so vibrant with beauty that they deserve special description are:

Crisp taffeta suits beruffled or boyishly tailored are matched by bloomers of the same material. One of purple taffeta is banded in orchid taffeta. Beginning at $22.50. Brilliant pongee prints begin at $16.50.

Black and white plaid taffeta is especially striking in a suit with cape and hat to match. Imported at $87.50.

An exclusive bathing costume of beautiful yellow printed silk is completed with yellow crepe satin bloomers, full length cape and smart hat also of crepe satin. $150.

FOURTH FLOOR

Striped Robes of English Flannel—Exceptional $16.50

MANNISHLY tailored with trim shawl collars, scarf girdle and two patch pockets, these robes of imported English flannel offer many striking color combinations in blazer stripes.

Robes for men and women—black, green, red, purple, blue, striped with white. And red and black.

Very remarkably priced at $16.50.

FIRST AND FOURTH FLOORS

Featuring the Special "Robinson Bathing Suits" $5

COMPARING favorably in every way with many of the higher priced knitted bathing suits on the market yet bearing a price which will place it among the most desirable swimming suits to be selected this season is this "Robinson Special" Bathing Suit.

Having been made especially for Robinson's it is of excellent quality throughout. A close rib stitch helps to prevent stretching, the yarns are all wool and the colors: black, navy, emerald, purple, red, royal blue and rust. Two styles, one regulation and one athletic style.

Sizes 34 to 44 and priced extraordinarily low at $5.

FOURTH FLOOR

Bathing Wraps—Capes, Pajamas

SPONSORED by Deauville and almost immediately adopted by the smartest beaches in this country are the gay colored cretonne coats—some of Terry cloth. And the beach pajamas also of Deauville origin of cretonne, terry cloth, printed silks or striped flannels are extremely popular.

Silk capes with rubber facing vie with beach umbrellas for variety and brightness of color. Satin rubberized capes at $32.50. FOURTH FLOOR

Bathing Suits for Boys and Girls

BOYS' two-piece bathing suits with white shirt and navy blue trunks and white belt of worsted yarns. **$5.** All wool one-piece bathing suits many different styles and colors beginning at **$1.75.** FIRST FLOOR

Bathing suits for girls from the very wee tots to the larger tots are of wool yarns in ribbed stitches, plain or striped. Some with side pockets or medallions. Beginning at $1.95 for plain colors.

FOURTH FLOOR

Men's Swimming Suits

THEY are carefully made of all wool yarns, designed to give freedom and comfort, adding to the pleasure of the swim.

Some in two color combinations — striped horizontally at the top —plain color at bottom. Others in plain colors with chest stripes—or all plain colors.

In light, medium and heavy weights — blues, black, grey, red and tan. All sizes. Beginning at $4.50. Featuring the Robinson Special Suit at $5.00.

FIRST FLOOR

Bathing Accessories Are Very Important

ALMOST anything to complete the bathing ensemble from the trim fitting cap to matching shoes as well as the intermediate accessories, are found at Robinson's.

Bandana caps of rubberized silk tie jauntily at the back of the neck. Plain, flowered and Roman striped beginning at $1.25.

For bobbed heads there is a special rubber bathing cap. Clever sets consisting of hat, scarf and belt of rubberized silk give a new touch to the plain knitted suits. Cap, belt and shoe sets at $1.95.

Deauville bags from France to carry on the beach are designed of raffia, at $10.75. Other bags in the shapes of dolls, ducks and fish are variously priced.

SHIPPING and Los Angeles Harbor NEWS

NOTABLES DUE ON MANCHURIA

Yarrow, British Shipbuilder, One of Passengers

Revenue Craft Captain Tells of Suspected Rum Boats

Hamburg-American Liner to Arrive Here Today

Sir Alfred Yarrow, Britain's leading shipbuilder and marine engineer, will arrive at Los Angeles Harbor next Saturday morning abroad the Panama-Pacific liner Manchuria on his first visit to the Pacific Coast. More than 500 passengers from New York are aboard the Manchuria, according to radio advices from Capt. William J. Munro.

Sir Alfred Yarrow is the designer and builder of the Yarrow high-pressure boiler, now in general use by the navies of the world, and a score of other inventions, which have played a great part in the development of the merchant marine.

Walter H. Leahy, Broadway producer and playwright, is also a passenger, accompanied by his wife. Others are Miss Rosina Rudami, who is coming to Hollywood for a temporary screen engagement with the Cecil B. De Mille organization; Walter Reid, Jr., eastern builder; William W. Leathe, Mr. and Mrs. W. N. Leonard, George Nockin, Mrs. Almeda Angier, Miss Mildred Angier, Mrs. A. Carral, Miss Jane Carrall, Theodore Minesheimer, O. A. Nagel, George Orloff, Anna M. Rich and Alfred Wolff, all of New York.

Others of prominence to disembark from the Manchuria are Mrs. Orlando Harriman of Bronxville, N. Y.; A. T. Cunningham and John L. Gainor of Baltimore; W. T. Durham and L. C. Morang of Atlanta; Mrs. J. S. Tarbell and Miss Emma Weigand of Boston; Frank E. Doolittle of Elmira, N. Y.; Mrs. J. F. Collum of Minneapolis; Mr. and Mrs. A. W. Mott of Miami, Fla., and Dr. L. E. LeClaire of Montreal.

Californians returning home on the 27,000-ton flagship include Robson O. Bell, Robert Carlyle, W. Carlyle, Mr. and Mrs. John Cowan and Mr. and Mrs. H. S. Graul of Los Angeles; Capt. and Mrs. Charles Linder, F. R. Naylor, P. J. O'Higgins and Miss Vida Zachary of San Francisco, Mr. and Mrs. W. H. Wiley of Glendora and Mr. and Mrs. C. H. Cotter of Sacramento.

SHIPS OFFSHORE SAID TO BE RUM LADEN

Two suspected rum runners are at present hovering about the coast of Southern California awaiting the proper opportunity to land their cargoes, valued at more than $100,000, according to Capt. Charles H. Lucas in command of the United States revenue cutter Tamaroa, which arrived at Los Angeles Harbor yesterday for the first call here in several months. Since her last visit the cutter has been thoroughly overhauled and speeded up so that now she is capable of causing the rum-running fleet considerable anxiety.

Capt. Lucas asserted that both of the rum ships now off this port are well within their legal territory so far as being offshore is concerned, and there is nothing that can be done other than keep them under scrutiny and intercept any smaller vessels from shore attempting to run the liquor cargo in.

Up north the Tamaroa got close enough to the Stadaconia, one of the asserted rum ships, for Capt. Lucas to chat with the skipper. "Business is bad," declared the rum boat captain, according to Lucas, "you fellows have nabbed so many of our ships up around San Francisco that we've jacked the price up to $35 a case over the side. Just had to do it to make a fair profit. Most of our Southern California customers are howling about it."

A few days later a case of Scotch whisky secured to a float drifted back from the Stadaconia to the cutter. It is said to have been marked "compliments of the Stadaconia." Lucas has turned it over to the government warehouse.

Late yesterday the Stadaconia headed for San Francisco, where Capt. Lucas and his officers are to appear Friday in a Volstead prosecution against the captain and crew of the rum runner "16W3742" which the Tamaroa intercepted off San Francisco Bay several weeks ago, confiscating 400 cases of high-grade whisky.

While the Tamaroa is in the north the cutter Vaughn, under command of Capt. William Wood, will keep watch on the rum boats off this port. Although the Tamaroa is officially based at San Diego and assigned to patrol this section of the coast, she has for the past two months been pressed into service with the reinforced rum chasing fleet in the north.

GERMAN STEAMER BRINGS BERLIN ARTIST

The Hansen, 22,000-ton flagship of the Hamburg-American Line's Pacific-European fleet, will arrive from North Europe this morning with a number of passengers, 2500 tons of European freight and 10,000 bunches of Central American bananas for Los Angeles. Among her local passengers is Miss Helen Gerusch, Berlin artist, coming to Pasadena to take up permanent residence. On Friday morning the liner City of Los Angeles will arrive from Honolulu, Hilo and Kahului with 300 passengers and 3500 tons of Hawaiian products.

Addition of the steamers Arizona and Georgian to the intercoastal fleet of the American-Hawaiian Steamship Company was announced yesterday at the fact, giving the line a fleet of seven-teen vessels in weekly service to and from the east coast. The Arizonan departed for Philadelphia on the 6th inst. and will arrive here on the 25th, while the Georgian will depart on the 22nd inst. for this port. The motorship Minnesotan of the American-Hawaiian fleet will arrive from the Atlantic tomorrow morning with 6680 tons of freight of which 1600 tons are structural steel. The line's steamer Panama is due from Puget Sound on Friday to load out 1000 tons of Los Angeles freight, largely war hides, for the east coast.

Capt. G. Kuroshima, master of the Japanese barker Tachibana Maru, three days at sea en route to Tokurama, radioed the local port yesterday that reports about the ill-treatment he accorded the ten stowaways found aboard his ship while outward bound were exaggerated. Capt. Kuroshima said that he was forced to take the stowaways from the stowaways, to keep them from swimming ashore, and that it was the heat from the engine-room, where no handcuffed the men, that made them weak and emaciated, rather than their bread-and-water diet.

The Japanese tramp steamer Montreal Maru, of the "K" Line fleet, is due from the United Kingdom tomorrow with a full cargo of pig iron and coke for Balfour, Guthrie & Co. Her sister ship, the Florida Maru, with a grain cargo from Vancouver for Great Britain, will put in for bunkers on the 19th inst.

A side swipe from an 800-pound roll of newsprint paper which knocked him from the deck of the vessel into the water failed to daunt John J. Bachlus, 31 years of age, of 339 West Sixth street, San Pedro, who changed his wet clothing for dry apparel and returned to his long-shoring duties at the Outer Harbor Dock and Wharf Company berth late yesterday afternoon. He was rushed in the police ambulance to the office of Police Surgeon A. J. Langan, who treated him for scalp lacerations and contusions of the shoulder.

Bachlus was working at unloading the newsprint paper rolls from the freighter Canadian Coaster and, standing on the forward deck, failed to notice the hoist swinging a huge paper roll out of the hold. Before he could spring aside the roll struck him, knocking him into the channel twenty feet below. Fellow-workmen got him on the dock and administered first aid.

News of Ships and Sailings at Pacific Ports

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 14.—Commenting on the present disturbed condition of the intercoastal conference since the resignation of the Williams Steamship Company from that body, Edgar F. Luckenbach, president of the Luckenbach Steamship Line, has declared himself in favor of governmental supervision of intercoastal rates. In a statement issued today, Luckenbach said, that while he was in favor of some form of government control for the stabilization of intercoastal rates, he was opposed to intrusting this duty to the Interstate Commerce Commission.

Purchased from the United States Shipping Board to augment the coastal fleet of the Associated Oil Company, the tanker Pitts Gas arrived here today from the east coast.

Establishment of a regular service between Houston and Pacific Coast ports is being contemplated by officials of the Carolina, according to reports received here. Decision in this respect has not been made yet, but it is said that they are favorably impressed with the possibilities of developing a profitable trade into Houston from Pacific Coast ports.

SEATTLE, April 14.—At noon tomorrow the United States coast guard cutter Halda is to depart from here to patrol the Bering Sea and Arctic Ocean. The cutter is to remain north until October 1. The cutter Unalga, which has been stationed at Juneau, left today to take up a patrol of advance seal herds off the Alaskan southeastern archipelago.

After discharging cargo here from southern and gulf ports, the steamships Castletown and Cardareta, owned by the Nelson Steamship Company, are to be turned over to Alaskan fish packing concerns for voyages north. The Atlantic and Pacific Packing Company is to get the Castletown, while Carlisle Packing Company of Bristol Bay, Alaska, is to get the Cardareta.

When the motor freighter Rubiyat, en route from Tacoma to Seattle, capsized in Tacoma Harbor and sank with her crew and cargo a few minutes after leaving dock it was due to "her cargo not being properly stowed," according to a decision filed by Federal Judge Neterer here today.

TACOMA, April 14.—Bringing a cargo of general freight from California ports, a freighter Castletown of the Nelson Line, docked this morning and left early in the afternoon for Seattle. The Caddopeak of the same line will dock tomorrow for outward freight and will be followed Thursday by the steamer Skagway, bringing inward cargo from California.

The President Grant of the Admiral Mail Line, which has been at the smelter dock taking on a load of copper and lumber, got away tonight for Seattle, where she will pick up passengers and cargo for her trip to Manila, via Victoria and Yokohama. More than 600 tons of copper and quantities of flour were loaded here.

The John C. Kirkpatrick of the Mahoney Line is slated to load tomorrow night, after loading more than 1,500,000 feet of lumber. The vessel is sailing for California ports.

The steamer Wilhilo of the intercoastal service of the Williams Steamship Company, is expected to arrive here Friday with inbound cargo. She will spend three days loading a general cargo, preparatory to her return trip to the eastern coast.

PORTLAND (Or.) April 14.—To load 1,500,000 feet of lumber for North Atlantic Coast ports, the steamer Henry S. Grove of the Argonaut fleet will arrive here Thursday.

The Robin Adair of the Isthmian fleet will sail this week with 2,300,000 feet of lumber loaded here and 600,000 taken at Vancouver, Wash., in addition to 1,500,000 feet loaded on Puget Sound. The vessel will go to Philadelphia and New York.

The Sagadahoc Argonaut Line steamer, will arrive Friday from North Atlantic Coast ports with 3000 tons of steel and miscellaneous cargo. It will take lumber on the return voyage through the canal.

The Atlanta City, due here Thursday, will load 500,000 feet of lumber and a quantity of miscellaneous cargo for United Kingdom ports. With 1100 tons of general freight from North Atlantic ports, the Felix Taussig of the Munson-Mechernick fleet, is here discharging at terminals Nos. 1 and 4.

To continue its Columbia River loading for Honolulu and Hilo, the Oceanic Steamship Company's motorship Carriso is here. The vessel will leave Thursday under present schedule with a capability for 2,500 tons cargo offerings for Carriso have increased each trip.

ASTORIA (Or.) April 14.—The steamer Texan is due at the local terminals Thursday to load 200,000 feet of lumber, 500,000 shingles and quantities of cascara bark and canned salmon for Atlantic Coast ports.

The steamer Canadian Farmer is due at the local terminals tomorrow to discharge 570 tons of paper pulp for the Crown Willamette Paper Company.

The F. S. Loop, which has been loading lumber at Westport, sailed for California ports today.

The Cadillacoha, operated as canners tender at Nushazak, Alaska, will sail Saturday with 200 fishermen and cannery employees on board.

VANCOUVER (B. C.) April 14.—Advices received at the Canadian government merchant marine here, reported that the steamer Canadian Trooper at Rabaul, sailed today with 2000 tons of copra for the Pacific Coast.

The Norwegian steamship Australic, which arrived here yesterday from San Francisco, was loading lumber at Barnet and Swanson Bay today for New York.

The Japanese freighter Koshin Maru arrived today to load 1,600,000 feet of lumber for Japan.

VICTORIA (B. C.) April 14.—John Donaldson, diver for many years, associated with the Pacific Salvage Company, and prominently identified with the salvage of the German steamer Sonntris on the Guatemalan coast, was killed here today, when he was caught beneath a rolling log being unloaded at the Canadian National Depot at Point Ellice.

RADIO REPORT

The Radio Corporation of America, in co-operation with the United States Public Health Service and the Seamen's Institute, will receive requests for medical and surgical service from ships at sea through the KSE station at Los Angeles Harbor and its KPH station at San Francisco, without cost.

Found Relief:

MRS. M. P. COOVER, 787 E. Washington St., gave the following statement Jan. 16, 1923: "I suffered long and intensely from agonizing pains in my back. I couldn't stand, and for a few days I was entirely beyond going. This terrible suffering made me nervous and miserable. My kidneys weakened, too, so I used Doan's Pills, and kidney trouble disappeared."
On May 2, 1924, Mrs. Cooper said: "I have had no occasion to use a kidney remedy since Doan's Pills cured me."

BUSINESS FINANCIAL COMMERCE

ARIZONA TRADE SIGNS IMPROVE

Industrial Congress Survey Out for March

Situation Generally Found to be Encouraging

Lack of Moisture Handicap in Southern Area

Encouraging signs of improved business conditions in Arizona are reported in the March survey just issued by the Arizona Industrial Congress, the situation generally comparing favorably with that of a year ago.

Among the items of chief interest is that touching upon agricultural conditions, particularly that of cotton, concerning which the report says: "Cotton planting is now well started, with indications of some increase in acreage. In Maricopa and Yuma counties acreage will be about the same; Pima and Cochise will show increases; Graham and Pinal will have a small reduction owing to water conditions. About 40 per cent of the Maricopa county planting will be Pima, or around 50,000 acres, against 8000 acres last year." Total cotton ginnings for the State last year is placed at 102,000 bales.

GRAIN ACREAGE

Of grain crops the report says: "Grain acreage is increased this year, with the crop doing well. Alfalfa hay will be coming in within a short time, and shippers of Maricopa county are organizing an association to inaugurate Federal inspection under the new government grades. Lettuce shipments from the Salt River Valley are well over 1600 cars, and spring shipments now moving may reach 1000. Cantaloupe acreage is expected to be above 4600, with a movement of 2400 cars under favorable conditions."

Some betterment in live-stock conditions is noted as a result of recent rains and the advance in price of fat cattle, but lack of moisture in the southern part of the State is still a serious handicap.

BANK FIGURES GAIN

Reflection of the general situation in wholesale and retail trade is found in the increase in banking transactions in the principal cities of the State, the figures exceeding those of February and of March last year in all cases, with but one exception.

In manufacturing lines continued steady progress is noted, several new plants having been established and several already existing making expansions. Two cotton mills and a cotton compress have been announced for immediate construction in Tucson, and at Prescott disabled war veterans of the Arizona Copper Crafts Shop are manufacturing an excellent line of copperware, novelties and leather goods.

Summing up the mining situation the report says: "There have been no important recent developments in Arizona. Expected opening of the Humbolt smelter has been postponed until the market becomes more stable. The concentrate mill of the Shattuck-Arizona is again in operation. The United Eastern has begun the development of the Barbara claims near Mayer, and the Inspiration and Miami companies are continuing their improvement programs. Development work is active in a number of districts."

REGULAR DIVIDEND PAYMENTS DECLARED

Notices of dividend declarations received yesterday by the Los Angeles Stock Exchange are as follows:

Laguna Land and Water Company, 1 per cent on common, payable the 3rd inst. to stock of record the 1st inst.

California Packing Corporation, regular quarterly dividend of $1.50 a share, payable June 15 to stock of record May 28. This is dividend No. 33.

Mascot Oil, regular monthly dividend of 1 1-2 cents a share, payable the 20th inst. to stock of record the 15th.

BUILDING PERMITS

Permits issued yesterday and valued at more than $2000:

RADIUM LOAN PUZZLES

Collateral of Fabulous Value Falls Before Many Rules Applied by Bankers; Market Narrow

BY EARLE E. CROWE

Do pawnbrokers and the loaning officers of a bank reason in the same fashion? Perhaps either or both individuals are affronted by the analogy, yet it is a question emphasized by a request recently placed before a Los Angeles bank. And after the loan committee had considered the application from all angles and made its decision, the similarity of the principles governing both professions was strikingly brought out. Or more exactly, the fundamentals of a good loan were clearly defined.

The investigation made by the bank underscored the primary principle that it must loan on security that will unquestionably return the amount of the loan in case of default of the borrower. The pawnbroker has this fact uppermost in mind, and expects in nearly every case to sell the security and make money on it. The banker, as a last resort, knows that the security is his only protection, but often other influences subordinate this reasoning.

SALE PRICE DOUBTFUL

In this case, the applicant for bank accommodation submitted collateral of fabulous value. Yet after a thorough investigation, the bank found that a forced sale of the collateral would prove the value somewhat fictitious, and of a nature to discourage a loan of anything near the quoted market price of the security offered.

Radium was the pledge submitted. A thimbleful is valued at approximately $70,000. But even though the substance is the rarest of minerals, the bank came to the conclusion that a sale of radium in Los Angeles would realize only about 10 cents on $1.

As a collateral for a bank loan, this investigation showed that radium fails to meet satisfactorily the first test of acceptability. In spite of its high value, the market is narrow. Although the world supply is so small that the known amount would about equal the volume of a telephone receiver, the demand correspondingly is insignificant. Radium now is used principally in the medical profession, but its application has been extended successfully to only a few diseases. Few physicians attempt its use in their practice. In Los Angeles there are about twelve physicians using radium, and only two of them have a quantity sufficient to treat more than one or two patients a day.

SUPPLY INCREASES

While the supply is small, from a commercial standpoint, there is a surplus of radium in the world today, and prices have declined from $120,000 a gram to $70,000. New deposits of the mineral have been discovered and developed since 1921. The Belgian Congo has recently become a large producing district, where the mineral is extracted at a cost of about one-half of that under which the American concerns operate. The domestic deposits are principally in Colorado and Utah.

This situation has prompted the producers of radium to launch campaigns of education in the use of radium. They are confronted by a curious set of circumstances, in that they have a commodity of greatest value in the mineral world, yet few people want to buy it and few know how to use it. Free demonstrations to physicians and easy financing plans are inducements the producers offer.

In a rather unusual aspect of a good bank loan, the investigation made in this city revealed another signal failure of radium to measure up to the standard of acceptable collateral. When a bank lends money on collateral, it naturally wants to feel that the collateral will remain where it can be located at any time, and not disappear overnight. A loss of the security would be rather awkward, but it is a possibility that radium apparently has.

LOSS HAZARD GREAT

Physicians use amounts as small as fifty milligrams. A milligram is one-thousandth of a gram, and a gram is about a thimbleful. Imagine the dismay of the loaning officer when he is unable to find his security! It is not like a twelve-story building sticking up in plain sight. The comparison is not inaccurate, for a loan on a few grams of radium could easily equal the amount of a good-sized building credit.

As to the life of the collateral, the banker can entertain no fears on the permanency of radium. It rivals the pyramids of Egypt, for radium applied externally retains its curative powers unimpaired for 1750 years.

Loans on radium have been made by banks before, and the usual plan is for the bank to make the accommodation to a group of physicians. From a banking standpoint, however, another rule of sound loan practice is violated, for the borrower necessarily retains possession of the radium, itself the security of the loan. The practice is for the bank to demand a trust receipt or a chattel mortgage from the borrower; but of course, there is the constant danger that the security will disappear during a treatment. This hazard is partially covered by insurance.

Radium, discovered by Mme. Curie in 1898, has astounded the scientific world with its remarkable properties, but evidently the more practical banking profession is relatively unimpressed. These men apply their time-tested yardsticks of value, and finally pause on the vital query:

"Can we get our money back?"

TRADE BALANCE FAVORABLE

[BY A. P. NIGHT WIRE]

WASHINGTON, April 14.—Exports from the United States in March were valued at $452,000,000 and imports were $385,000,000, leaving a balance favorable to the United States of $67,000,000.

The outflow of gold which began last December was shown to be still in progress, the exports of the metal during March amounting to $25,104,416, compared with imports of $7,337,322, leaving a net loss of $17,767,096.

Secretary Hoover, commenting upon the figures, said the imports were the largest for the United States, with one exception, during any month in the last four years, and that the exports were larger than for any month, with the exception of two, in the past forty-five months.

"The reports on the character of the imports have interested me particularly," Mr. Hoover said, "because it appears that the intake of commodities during March were largely in the form of raw materials. The facts will be disclosed later, when the details have been analyzed more accurately, but it is quite apparent that American industry is proceeding at a high rate of production.

"When the large total of exports is taken into consideration, the figures constitute a fairly sufficient answer to people who believe that the country might be entering a period of industrial depression. Such a prospect is not tenable in the face of trade figures such as these."

The silver exports were $7,916,717 during March and were balanced by imports of $6,660,750.

The gold movement since last July, when the fiscal year began, has resulted in the export of $207,023,306 worth of the metal, while the imports have been $109,456,281, so that the net loss for the period is approximately $98,000,000. The amount is still small as compared both with the monetary stock of the metal now in the country and with the import balances which the United States has experienced in recent years. In the fiscal year ending last July, the country imported $417,025,638 in gold and exported only $10,206,841.

Months in the last four years during which the United States had merchandise exports greater than those during March were those of October, 1924, when the exports were $527,171,781, and November, 1924, when the values were $493,672,921. In March, 1914, the exports were $187,499,234.

WALL STREET GOSSIP

[BY A. P. NIGHT WIRE]

NEW YORK, April 14.—The United States Steel Corporation is not considering a reduction in prices, Chairman Elbert H. Gary indicated today when Chicago reports that such a step would be taken were brought to his attention.

"The question of prices did not come up at the finance committee's meeting today," he said. "We are sitting perfectly quiet and steady and we are satisfied."

The directors did not meet today.

The Northern Pacific earned $6.04 a share on the capital stock in 1924 in contrast to $5.23 a share in 1923, net income having increased to $15,970,244 from $12,981,246 the year before.

A special meeting of directors of the Willys Overland Company has been called for next Tuesday.

Unsatisfactory conditions in the oil industry, including persistent overproduction of crude oil, subnormality of general business and political harassment accounted for the Skelly Oil Company's lower earnings in 1924, President William G. Skelly said in the annual report to the stockholders today. Gross earnings declined from $19,592,357 to $18,296,827, while net income after all deductions, amounted to $41,734, as compared with $1,123,731 in 1923. The present year has opened favorably, said Mr. Skelly, estimating the company's net surplus for the first quarter at $750,000.

COTTON SHADE OFF ON LIGHT TRADING

[EXCLUSIVE DISPATCH]

NEW YORK, April 14.—Spot cotton 30 points down at 24.30.

Cotton futures prices moved irregularly within a narrow range today, in trading of small volume, with operations by local operators predominating. After an early slight rise, scattered selling from the South and local commission house traders was encountered. Selling was mainly based on private reports of rain in Northern Texas. There was a fair recovery from the day's low in late dealings, but final prices were 12 to 16 points net lower.

IRON TRADE INQUIRY ON INCREASE

Single Call for 5000 Tons of Material is Outstanding Feature of Week

BY DON PARTRIDGE
(Associate Editor, Iron Trade Review.)

While movement of steel products has been active of late, a better tone is now noted and more interest is being displayed. The feature of the market this week was the inquiry put out by the Southern Pacific Company for some 5500 tons of material.

Concrete bar awards this week totaled more than 2000 tons, of which Edward L. Soule Company secured 500 tons for Hearst Hall in Berkeley, and 160 tons for the Bulletin Building in San Francisco. Wyle & Co. were awarded 350 tons for the Wilson Theater in Fresno. Demand for merchant bars has not improved, but prices remain firm.

"Considerable plate tonnage is in sight, but only one award was reported this week. The Willamette Iron and Steel Company secured 135 tons for a pipe line in Seattle. Pending business aggregates well over 12,000 tons, the largest inquiry involving 5300 tons for a pipe line at Vancouver, B. C., while $2.50 c.l.f. continues to rule as general, $2.45 is being named on large, desirable tonnages.

"A slight improvement is noted in demand for plain structural material and awards this week exceeded 1500 tons, of which the Golden Gate Iron Works secured 165 tons for an apartment house on Pine street, and Mortenson Construction Company 120 tons for the Wilson Theater in Fresno. Prices continue general at $2.55 c.l.f. for the usual run, but $2.50 has appeared on desirable tonnages.

"Standard merchant pipe is moving fairly well, but demand for oil country goods has fallen off. Crane Company secured 800 tons of Matheson joint pipe and 1600 tons of standard screw pipe for the city of Los Angeles. Cast iron pipe awards exceeded 800 tons, of which 630 tons was secured by the United States Cast Iron Pipe and Foundry Company for San Bernardino, the American securing 114 tons for the same city. Pending business involves above 5000 tons, Vernon being in the market for 3500 tons. Prices continue unchanged at from $53 to $54 a ton delivered.

"The Southern Pacific Company is asking for figures on 835,000 tie plates, involving 5100 tons, 3080 kegs of track bolts and about 450 tons of plates and shapes, bids on which were opened the 13th inst. Cold rolled shafting is now quoted from $2.70 to $2.80 base Pittsburgh, or equivalent."

50% LOANS

UNDER the California Mortgage Insurance Act, mortgage insurance may be written only on first mortgages and for not to exceed 50% of the appraised value of the mortgaged real estate.

All appraisals must be made by appraisers approved jointly by the State Banking and State Insurance Departments.

In addition to meeting these requirements, the MORTGAGE INSURANCE CORPORATION specializes in the insurance of first liens, drawn on the monthly payment plan, on improved and productive property—the highest type of real estate security.

NEW YORK BONDS

[BY A. P. NIGHT WIRE]

NEW YORK, April 14.—A revival of investment buying stimulated trading in today's bond market and lifted prices moderately higher. The change in sentiment, which contrasted sharply with yesterday's flagging interest was probably based on indications of easier credit conditions. It was reflected in the establishment of several 1925 high records in Liberty Bond list, the recovery of French obligations and active bidding for the high-grade railroad liens. The plentiful supply of time funds, which were available as low as 3¾ per cent, contributed to the strength of United States government issues. Three of the Liberty Bonds, the first, second and fourth 4¼s—scaled new peak prices for the year.

Despite the delay in settling the French ministerial crisis, selling pressure against French bonds relaxed today and most of them scored small net gains.

Although railroad bonds made no spectacular gains, prices were held firm by a steady flow of buying orders. Indications of progress in negotiating a new southwestern merger were reflected in active bidding of the bonds of these carriers, including the Chicago and Alton, Frisco and "Katy" systems. Gains ranged from 1 to 2½ points.

Following are yesterday's high, low and closing prices of bonds on the New York Stock Exchange and the total sales of each bond. These quotations are received over Associated Press wires, and to expedite transmission the closing is omitted when it is the same as the low, and both low and close are omitted when they are the same as the high.

Total sales of bonds yesterday were $12,316,000, compared with $7,779,000 previous day and $13,074,000 a year ago.

NEW YORK CURB

[BY A. P. NIGHT WIRE]

NEW YORK, April 14.—Bullish demonstration in the public utility issues featured today's irregularly higher curb market. American Light and Traction was bid up 5⅝ points to 143¾; Lehigh Power Securities advanced 2¾ to 108¾, and American Power and Light, Electric Bond and Share and Tennessee Electric Power sold 2 to 3 points higher, buying of these issues being predicted on reports of high current earnings. Adirondack Power and Light and National Power and Light lost ground on profit taking.

Oils held relatively steady in the face of the uneasiness existing as a result of increased production in the Smackover field and rumors of additional crude cuts. Most of the Standard Oil issues showed only fractional changes. Increased activity was noted in some of the penny issues, Royal Canadian dropping from 1⅛ to 88 cents on sales exceeding 17,000 shares.

Following are the closing quotations on the New York Curb Market, furnished by Logan & Bryan, members of the New York Stock Exchange, 630 South Spring street:

STOCKS GAIN ON WIDER DEMAND

Rails and Motors Lead List in Upward Turn

Rally Attributed to Easier Rates for Money

Oils Only Issues to Share in Day's Advances

[BY A. P. NIGHT WIRE]

NEW YORK, April 14. — Stock prices bounded upward today under the leadership of the rail and motor shares. The demand for stocks was broader than at any time since the culmination of the drastic reaction two weeks ago, due largely to the resumption of pool operations which were facilitated by relatively easy money rates.

The revival of interest in the rail group was based on reports of the negotiation of the consolidation of some of the southwestern carriers. The recent changes in the directorates of some of these roads had been widely construed as a preliminary step in this connection. Missouri Pacific common and preferred; "Katy" common and preferred were bid up. Southern, Chicago and Alton commonand preferred were bid up 1 1-2 to 2 1-2 points. Ann Arbor preferred continued to respond to rumors of early dividend action, climbing more than 3 points to a new 1925 high at 54 3-4. Nearly a score other rails showed net gains of a point or more.

The automotive issues gave another impressive demonstration of strength. Mack Trucks standing out with a gain of more than 7 points at 145 3-8. Maxwell "B" scored more than 5 points to a new high at 71 3-4.

Steady accumulation of United States Steel common, which touched a new high on the current movement at 117 and then eased to 116 3-4, up 1 5-8, stimulated the buying of other industrials. American Can advanced 3-8 to 174 and General Electric, Dupont, International Paper, Texas Gulf Sulphur, United States Cast Iron Pipe, American Agricultural Chemical, American Brake Shoe, Brooklyn Manhattan Transit, the Commercial Solvents issues, Cuyamel Fruit, Gold Dust, Loose-Wiles Biscuit, Republic Steel, United Cigar, Utah Securities and Worthington Pump, all showed gains of 2 to 7 points.

The oil shares failed to participate in the advance, being held in check by reports of increased production and rumors of further cuts in crude prices.

Call money held steady at 3 1-2 per cent all day. Time funds were more plentiful with a few loans arranged at 3 3-4 per cent for the shorter maturities. Prime commercial paper also eased somewhat being quoted at 3 3-4 to 4 per cent instead of on a flat 4 per cent basis.

Heaviness of French francs, which dropped about 4 points to 813 1-2 cents on the failure of Briand to form a new French Ministry, was the feature of the irregular foreign exchange market. Demand sterling held firm around 478. Norwegian kroner touched a new high at 1600 cents while Japanese yen recorded a new top at 42 cents.

Stock Market Averages.

	Twenty Industrials.	Twenty railroads.

PRODUCE MARKET

Actual prices obtained yesterday by Los Angeles receivers and wholesalers from their sales to jobbers as compiled by the United States Bureau of Markets:

Trading continued slow. Asparagus was weak with heavy receipts of poor stock. Strawberries were weaker with some arrivals soft. Tomatoes were draggy with heavy receipts. Apples continued to move well. Potatoes were barely steady with heavy receipts from Idaho.

APPLES—California, Yellow Newtons, 6.00@6.50, few 8.75 per box. Washington, fancy Winesaps, 2.25@2.40; extra fancy, 2.50@3.65 per box. Oregon, Washington, Rome Beauties, extra fancy, large, 3.50@3.75 box.

ARTICHOKES—Northern, No. 1, 2.25@2.50 crate; No. 2, 1.50@2.00 crate.

ASPARAGUS—Northern, green, mostly 5@6; few, 7@8; poorer, 3@4 per pound.

BANANAS—Central America, 6¼@7¼ cents per pound; poor quality and condition, 4@5.

BUNCHED VEGETABLES—Per dozen bunches: Beets, 25; carrots, 35@40; onions, 10; turnips, 25@30; spinach, 15@20.

CABBAGE—Local, best, 1.50@1.65 per cwt.

CELERY—Local, best, 3.75@4.00; few, 4.25; poorer, short, 2.25@3.50 per crate.

GRAPEFRUIT—Northern, special brands, 3.00@3.25 per box.

LEMONS—Local: Special brands, 5.25@5.50 per box.

LETTUCE—Local, best, 50@65 cents; few 75 cents per field crate; Imperial Valley, all sizes, mostly ordinary to poor, 1.75@2.00; few, 2.25 crate.

ORANGES—Southern: Special brands, Navels, medium to large size, 5.00@5.25 box; small, 4.50 box.

PEAS—All districts, mostly 8@9; few fancy, 10; poorer, 5@7 per pound.

PEPPERS—Mexico, Bells, best, 22@23; poorer, 15@18; Chilis, 19@20 per pound.

SQUASH—Imperial Valley, summer, 1.25@1.30 crate. Italian, 1.35@1.40 per flat. Carlsbad, Italian, 1.50@1.65 lug.

STRAWBERRIES—Imperial Valley, mostly 1.75@2.00; few fancy, 2.25 tray; poorer, soft, 1.25 tray. Local, best, 4.00@4.50 crate.

SWEET POTATOES—Arkansas and Tennessee, Nancy Halls, best mostly 2.75 per bushel crate or hamper.

TOMATOES—Mexico, fair quality and condition, originals, mostly 5.00@5.25; poorer, small, 3.50@4.25; repacked, 3.00 per lug.

SALES TO RETAILERS

ONIONS—Stockton, sacked white varieties, 3.00@3.50; Oregon, Colorado, Stockton, yellow varieties and Australian browns, 5.00@5.25 per cwt. Texas, white wax, 3.75 per crate.

POTATOES—Stockton, sacked Burbanks, 3.25@3.50 per cwt. Idaho, sacked Russets, 2.40@2.65 per cwt. New stock, San Diego, Carlsbad, best, 5@6 per pound.

FLAXSEED MARKET

[EXCLUSIVE DISPATCH]

DULUTH (Minn.) April 14.—Flaxseed was almost entirely neglected here today, interest being centered on the wheat pits. Offerings were extremely light, but even those were larger than there was buying demand to absorb and prices were moderately reduced on the near-by deliveries, while July declined 1¼c. Close: April and May, 2.75¾; July, 2.73¾; September, 2.55; track, 2.75¾@2.81¾; arrive, 2.75¾.

Track, 2.75¾@2.81¾; arrive, 2.75¾.

On spot closed at 2.76½@2.82½; to arrive, 2.76½@2.81½. Receipts, 10 cars; last year, 6 cars; shipments, 4 cars; last year, 5 cars.

Watch North Star

Oatman's New Sensation

(Listed on Los Angeles Stock Exch.)
(Wire Received Yesterday)

"Last night's round in drift on Number Two vein uncovered two feet of ore which pans well across the two feet with six inches on foot wall oldo running high and ought to assay forty to fifty dollars. Blasting in cross-cut today and drilling in ore in drift. (Signed) H. J. MAND."

This proves that their ore shoot goes down and every round of shots proves up greater tonnage of the rich ore.

Our Market Letter No. 165 just off the press is being mailed. Get your name on our Mailing List if you wish to keep posted on "North Star," "Kay Copper," and other live western opportunities.

We advise purchase at once "at market" of North Star—closed yesterday 4c Bid, 4½c Asked; and Kay Copper—closed yesterday $1.87½ Bid, $2.00 Asked.

All Stocks and Bonds Bought—Sold—Quoted.

Wheat in Sharp Rally Following Break at Opening

[EXCLUSIVE DISPATCH]

CHICAGO, April 14.—Investment buying of July and September wheat by strong commission houses absorbed the surplus in the pit, after an early break, and a bulge of 6@7¼c from the low followed. The finish was at the top, with net gains of 5¼@4¾c, with July leading. May finished at 1.60¼@1.60½, July 1.44⅝@1.44¾ and September 1.36@1.36¼. Corn was 1⅜@1⅝c higher, with May 1.09¾@1.09¾, July 1.12⅞@1.13 and September 1.13⅛@1.13¼. Oats gained ¼@⅝c and rye ½c lower to 1c higher, the latter on July.

Weakness in Liverpool wheat, with a decline of 4¼d, with an increase of 1,298,000 bushels in supplies on ocean passage, combined with rains over the spring wheat territory, had a depressing effect on values early. The buying on the break was of a good character, however, and July, after selling down to 1.39¾, advanced to 1.44⅝. R. O. Cromwell, crop observer, who was in Kansas, sent in a report saying that there was a serious outbreak of army cut worms in ten south central and central counties in Kansas, eight counties in North Central Oklahoma and some in Western Nebraska and Northeastern Colorado. Individual fields have been seriously damaged.

Dry-weather talk from parts of Oklahoma and Kansas, which received but little moisture during the recent storm, attracted considerable attention, and with the prospects of a small winter wheat crop this year, was responsible for the persistent buying of the new crop deliveries. The local element were forced to cover short sales on the way up. Seeding of spring wheat is making excellent progress and the bulk of the grain is expected to be in the ground by the end of the week with favorable weather. Forecast was for generally fair, with little change in temperatures.

Foreign demand for cash wheat was relatively slow, with sales estimated at 250,000 bushels in all positions, largely Manitobas. There is no likelihood of a general mill-hand strike in England, according to a Broomhall cable. Offerings of cash wheat on spot in leading markets were decidedly small.

Stop-loss orders were uncovered in corn at the start and opening sales showed as much as 2⅝c under Monday's finish, with July down to 1.07¾. The break brought in a fair class of commission-house buying, and with the strength in wheat a rally of 1⅝c from the inside figure followed. Eastern cash demand was fair, with shipping sales of 100,000 bushels, while the local spot basis was unchanged to 2c higher, with limited offerings at all points. Oats reflected the action of corn. In Iowa about 95 per cent of the new oat crop has been seeded.

Rye was unsettled, with only a fair trade. A number of boats are now at Baltimore to load rye, presumably for Russia, and the trade look for a good decrease to be shown in Monday's visible supply. Foreign demand was fair, with sales of 200,000 to 300,000 bushels, with Germany the best buyer.

Sentiment among provision traders was less bearish and with scattered commission-house buying the market advanced and closed with net gains of 15@17½c on lard, while ribs were 7½@15c higher and bellies 5c higher.

LOS ANGELES MARKET

CATTLE—Approximately 650 cattle were offered on today's market, of these, about 350 were held over, mostly steers. Trading was slow in getting under way, but when it did start, the yards were practically cleaned. Steer prices were generally 10 to 25 cents lower than yesterday's opening market, while the stock held around the steady mark. Two cars of good 990-pound Utah steers topped for the day at 9.25, while a thirteen-car string of Imperial Valley fed steers held over from yesterday, averaging 1037 pounds, cleared for 9.15. A load of 957-pound Utahs made 9.00, while a few medium kinds sold from 8.00 to 8.25, with common light weight kinds going over largely from 5.00 to 5.75.

The bulk of fat cows and heifers cashed from 6.00 to 7.00, while odd head and small lots were fairly numerous from 7.25 to 7.50. A few common and medium cows cleared from 4.50 to 5.75. Canners and cutters held about steady, the bulk going over from 2.25 to 4.00. The small supply of bulls was cleaned up readily at strong prices, the bulk of bolognas going over from 4.00 to 5.00, while beef bulls most numerous around 5.25, while a few choice 1800-pound beef bulls sold upward to 6.00.

CALVES—Fairly active demand at unevenly higher prices, mostly 50 cents up, developed for today's small supply, and an early clearance was made. A load of common and medium 228-pound New Mexico calves cleared for 8.00, while good and choice milk vealers, mostly 120 to 200-pound weights, sold from 10.00 to 12.00, with odd head as high as 14.00.

HOGS—Demand was not overly active for today's moderate supply of butchers, and trading was practically an all-day affair. Early trading was generally 25 to 35 cents lower, while late trading showed declines of around 50 cents. Today's top was 14.65, paid for a load of 193-pound Nebraskas, while the bulk of 180 to 195-pound weights cleared from 14.25 to 14.50, mostly 14.25 at the close. A load of 142-pound weights made 14.25, while load lots of 122 and 130-pound pigs realized 13.50, with a few light weight kinds weighing less than 100 pounds, downward to 12.00. Packing sows held steady, the bulk going over for 13.00.

SHEEP—Nothing was offered in the ovine division and in the general opinion of the trade, good and choice spring lambs are quotable from 14.25 to 15.00.

YESTERDAY'S QUOTATIONS

Slaughter Cattle and Calves—Steers, (1100 pounds down) good, 8.75@9.35*; medium, 7.75@8.75; common, 5.50@7.75. Heifers (850 pounds up) good, 7.00@7.65*; (all weights) common and medium, 4.25@7.00; good, 6.85@7.50*; common and medium, 4.00@6.85; canners and cutters, 2.00@4.00. Bulls, good (beef, yearling excl.) 5.00@5.50; (canners-bologna) canners to medium, 2.00@5.00. Calves (190 pounds down) medium to choice, 9.50@12.50; (190 pounds down) culls and commons, 6.00@9.50; (190-360 pounds) medium to choice, 8.50@12.50; (360 pounds up) medium to choice, 7.50@11.00; (190 pounds up) cull and commons, 5.00@9.00. Hogs, medium weight (200-250 pounds) medium to choice, 13.75@14.50; light weight (160-200 pounds) common to choice, 14.00@14.65; light lights (130-160 pounds) common to choice, 13.50@14.50; packing hogs, smooth, 12.50@13.00; packing hogs, rough, 12.00@12.50; slaughter pigs (130 pounds down) medium good and choice, 12.00@13.50. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs (full wooled basis:) Lambs (85 pounds down) medium to choice, 13.50@15.00*; fall weights) culls and commons, 11.00@13.00; spring lambs, medium to choice, 13.00@15.00*; ewes, common to choice, 7.00@8.50*; canners and culls, 4.00@7.00.

*Not representative of limits of quality within the grade.

Note—The above class and grade quotations do not in all cases represent actual sales. In some instances they represent prices at which such stock would sell if available, according to the best judgment of the reporter and members of the trade.

Outside Markets

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 14.—Hogs, weak, some concerns inactive; few loads 170-220 pound eastern butchers, 14.75; medium, 140-160 pound Californias, 14.00@14.25.

Cattle—Steers steady; five loads 1060-pound Nevadas, 9.00; few cars 1000 pounds, 9.25; good light weight cattle firm; good cows scarce; two cars 1000 pounds, 7.00; bulls steady.

Calves—Firm to 50 cents higher; good choice 200-pound quotable 12.00. Very few here.

Sheep—Spring lambs weak; arrivals liberal. Light, 67-70 pound lambs steady, 73-84 pound lambs weak; plentiful. Ewes weak to 25 cents lower. Two cars shorn, 6.00@6.25.

CHICAGO, April 14.—Hogs, receipts, 16,000; moderately active; steady to 10 cents higher than Monday's best prices; light and light lights in best demand; big packers doing little; top, 13.90; bulk desirable, 160 to 225-pound averages, 12.70@12.95; bulk 240 to 340-pound butchers, 12.60@12.90; majority 140 to 150-pound weight, 12.40@12.65; packing sows, mostly 11.10@11.35; strong weight slaughter pigs largely 12.00@12.25; heavy weight hogs, 12.50@13.00; medium, 12.70@13.00; light, 12.40@13.00; light lights, 11.75@12.80; packing hogs, smooth, 11.20@11.80; packing hogs, rough, 10.75@11.20; slaughter pigs, 10.75@12.50.

Cattle—Receipts, 10,000; yearlings and handy weight steers, fairly active, steady; weights offering slow; weak; best yearlings, 12.50; average weight, 1033 pounds; strictly choice heavy steers held around 11.75; bulk fed steers and yearlings, 9.50@11.25; fat she stock steady; bulk fat cows, 5.50@7.75; light heifers in broad demand; string of 140 head averaging 690 pounds, 11.50; several loads, 10.75@11.25; stockers and feeders moderately active; strong to 25 cents higher than last week's close; veal calves, generally steady; bulk to packers, 9.50 downward.

Sheep—Receipts, 17,000; slow, desirable weights fat lambs opening around steady; heavies weak; good to choice handy weight, 13.25@13.50; 90 to 92-pound kind 14.65@14.75; good to choice, 75 to 79-pound clippers, 12.75@13.00; native springers, 13.00@22.00; fat ewes steady; talking sharply lower on heavies; shearing lambs unchanged; desirable shearers upward to 15.00.

KANSAS CITY, April 14.—Cattle, receipts, 10,000; calves, receipts, 2000; fed steers and yearlings slow; steady to 15 cents higher. Better grades medium weights and yearlings up most; bulk fed offerings, 8.50@10.50; part load mixed yearlings, 11.50; medium weight steers, 11.00; big weights held higher; she stock steady; bulk butcher cows, 5.25@7.50; heifers mostly 7.25@9.25; canners and cutters, 2.60@4.25; calves strong to 50 cents higher; veals up most; practical top, 9.50; bulls fully steady. Bolognas, 4.25@4.75 stockers and feeders slow; steady; largely 6.75@8.25.

Hogs—Receipts, 7000; shipper market 5 to 10 cents lower; packer market mostly 5 cents lower; shipper top, 12.85; packer top, 12.50; bulk sales, 12.30@12.50; bulk desirable 190 to 250-pound averages, 12.00@12.50; 140 to 180 pounds, 12.00@12.40; packing sows, 11.35@11.80; stock pigs, steady, 11.00@12.25.

Sheep—Receipts, 7000; sheep and shorn lambs steady; wooled lambs slow; generally weak to 25 cents lower; strictly choice light weight kinds offer top 14.75; desirable weight arrivals mostly 14.50@14.75; heavy lots fairly numerous at 13.50@13.80; Arizona spring lambs, 15.00, with 5 to 10 per cent sort at 11.00@12.50; shorn Arizona ewes, 6.70@7.00.

OMAHA (Neb.) April 14.—Hogs, receipts, 11,500; fairly active, fully steady, with Monday's average; good and choice 190 to 300-pound butchers, 12.25@12.70; top, 12.75; some weights higher; 140 to 170-pound weights mostly 11.75@11.25; packing sows mostly 11.50@11.75 odds lots feeder pigs, 10.80@11.25; bulk of all sales, 12.20@12.50; average cost Monday, 12.54; weight 241.

Cattle—Receipts, 7000; fed steers and yearlings scarce, steady; bulk butcher cows, 6.00@8.25; few upwards to 8.75; heifers, 8.00@9.75; light heifers, 10.25; canners, 2.50@3.00; bologna bulls, 4.25@4.75; heavy beef bulls, 5.25@6.00; practical veal tops, 9.00; choice kinds to outsiders, 9

OIL NEWS

BY HOWARD C. KEGLEY

One of the most interesting features of the petroleum industry in California, in the view of oil operators, is the remarkable consistency of production in the Signal Hill field, the greatest oil producing district in the country, which, after three years of record-breaking output, during which dire predictions of sudden decline have been frequently made, appears to have settled down to a normal rate of production far higher than the most ardent optimists anticipated.

Reports from several of the most successful producers in the field indicate that the curve of decline has, in most instances, practically flattened out. The Shell company, discoverers of the field, and the largest operator, reports its production at the present time to be somewhere in the neighborhood of 800,000 barrels per month, which Shell officials declare to be about 100,000 barrels less than the production of about six months ago. This is described by Shell officials as a nominal decline.

Among the smaller operators who have successfully operated at Signal Hill, a much smaller decline is noted.

The Henderson Petroleum Corporation, one of the first companies to enter the field after its discovery by the Shell, reports a total production for March of 64,870.52 barrels, as against 60,652.51 barrels in October of 1924, with a high total of 69,843.09 barrels in December, 1924, and a low of 52,617.91 barrels for the twenty-eight-day month of February.

E. J. Miley's monthly production shows a similar absence of decline. According to Mr. Miley's pipe-line reports, his three wells in that field made 41,538.69 barrels in March, as against 39,952.05 barrels for October, 1924. Production during each of the intervening months held consistently above 45,000 barrels.

The United Oil Company reports an actual increase of production on one of its Signal Hill properties and small declines on two others. The United Haas lease showed a decline of only 1.33 per cent during the past year, and the Malcolm Davis lease a decline of 2.06 per cent. The United Bixby lease showed an increase of 8 per cent.

The figures quoted are based on old production without taking into consideration the completion of new wells, except in the case of the Shell company.

Three New Districts

Two new district substations have been opened by the Richfield Oil Company, and a third will be established in the next few weeks, it was reported yesterday by Clarence Fuller, president of the company. The new stations are at Sacramento, which will be in charge of W. H. Hocking, and at Santa Barbara, which will be in charge of H. K. Bachelder. A new district substation is to be established in San Luis Obispo, which will be under the charge of W. I. Grandy.

These innovations in the Richfield's marketing organizations are the result of the active marketing campaign which this company has carried on since its union with the United Oil Company more than a year ago. Negotiations are under way for a harbor terminal at Los Angeles Harbor, and a freight terminal at Oakland is now nearing completion.

Coring Ahead

The Superior Oil Company is coring ahead at 5089 feet in its Maxwell No. 2 well in the southeast part of the Rosecrans field, according to officials of the company. The casing was set at 4952 feet, below which point a considerable body of oil shale and sand was penetrated, but it is understood that some gray sand also was found, which it is thought may be water-bearing.

Report New Zone

Field reports, which could not be verified yesterday, stated that Oscar Howard has found a new zone in his No. 2 well in the northwest end of the Inglewood field. Howard several days ago clamped down the lid on further information concerning the progress in this well, which, it is understood, is looking for a deeper oil sand. Present depth of the well is approximately 2900 feet.

The Standard Oil Company, on its Vickers No. 3 lease, and the Superior Oil Company on its Picot lease, each has a steel derrick already built, standing idle, awaiting developments in Howard's well. In the event Howard picks up a deeper sand both these wells will start drilling immediately.

Active Campaign

Fourteen wells are now being drilled on the Howard Park lease of the Union Oil Company in the Rosecrans field, making this the most active piece of oil property in California, from a development standpoint. The Union has already placed on production six Howard Park wells, which are yielding 2500 barrels daily at present.

The rush of drilling has been occasioned by the success of offset wells just north of the Howard Park line, forcing the Union to erect a double row of rigs at that end. The drilling projects stand as follows: Howard Park No. 4, drilling at 5154 feet; No. 7, coring at 5543 feet; No. 10, running ten-inch casing, depth of hole, 4227; No. 11, rotating at 3377 feet; No. 12, rotating at 2810 feet; No. 13, rotating at 3590 feet; No. 14, rotating at 3644 feet; No. 15, reaming at 3098 feet; No. 16, reaming at 1195 feet; No. 17, rotating at 2940 feet; No. 18, reaming at 1195 feet; No. 20 and No. 21, rigging up.

Nine New Wells

During the month of March nine new wells were placed on production by the Union Oil Company of California, according to field reports of the company. The total initial daily yield of the new wells was 7600 barrels, a surprisingly large figure for present-day drilling when wells of gusher proportions are the exception. Four of the new Union producers are located in the Rosecrans district, being Rosecrans Nos. 2 and 3, and Howard Park Nos. 3 and 5. Two new wells, Callendar No. 8 and Hellman No. 11, were brought in in the Dominguez field; the Bren district netted two new producers, Yorba Linda group No. 11 and Morse No. 6, and one well in Colorado finished the month's campaign.

MARKET FLASHES

[BY A. P. NIGHT WIRE]

NEW YORK, April 14.—Stocks strong; rails assume leadership of advance. Bonds firm. French issues recover. Foreign exchanges irregular; francs again relapsed. Cotton lower; rains in Texas. Sugar easy; prices at 1925 low levels. Coffee lower; commission house selling.

CHICAGO, April 14.—Wheat strong; bullish crop reports. Corn firm; light receipts. Cattle irregular. Hogs steady to higher.

Twenty-eight New Wells to Start at Once

Permits for the drilling of twenty-eight new oil wells in this State have just been issued. Fifteen of these will be drilled in Southern California fields. These include four for the Rosecrans field, four for the Inglewood field, three for Long Beach, two for Huntington Beach, and the first well for the Associated Oil Company on the Hellman lease at Seal Beach. The permits are as follows:

PERMITS FOR NEW WELLS

Hub Oil Company and Pugh-Miller Drilling Company, Hunt No. 1, Long Beach; Hub Oil Company and Pugh-Miller Drilling Company, Wellman No. 1, Long Beach; Associated Oil Company, Vickers No. 5, Inglewood; Associated Oil Company, Vickers No. 8, Inglewood; Associated Oil Company, Vickers No. 9, Inglewood; Standard Oil Company, Thompson No. 4, Huntington Beach; Dominion Oil Company, Athens No. 3, Rosecrans; Richmond Oil Company, No. 1, Long Beach; Marine Corporation, No. 42, Rosecrans; Midway Gas Company, Leutzinger No. 1, Los Angeles county; Associated Oil Company, Hellman No. 1, Seal Beach; Craig, Burns & Co., No. 1, Richfield; Shell Company, Davenport No. 7, Huntington Beach; Standard Oil Company, Vickers No. 14, Inglewood; Bud Gerner, Bob Gerner No. 1, Rosecrans; Hercules Gasoline Company, No. 2, Rosecrans; Union Oil Company, Caldwell & Snyder No. 1, South Mountain; Midway Oil Company, No. 323, Sunset; General Petroleum Corporation, No. 4, Wheeler Bridge; Standard Oil Company, Eagle Creek No. 31, Midway; North American Oil Cons., No. 19, Midway; North American Oil Cons., No. 20, Midway; Standard Oil Company, M. J. M. & M. No. 54, Sunset; Standard Oil Company, M. J. M. & M. No. 59, Sunset; Honolulu Cons. Oil Company, No. 12, Midway; Washington Petroleum Corporation, No. 4, McKittrick; Wilmar Oil Company, No. 7, Kern River; Zier Oil Company, No. 26, Coalinga.

PERMITS TO DEEPEN

Pan American Petroleum Company, McGovern No. 1, Torrance; Petroleum Securities Company, Kleinmeyer No. 9-A, Torrance; Shell Company, Davenport No. 4, Huntington Beach; H. H. Patton, No. 1, Long Beach; General Petroleum Corporation; Poggi No. 4, Torrance; Standard Oil Company, Collins No. 1, Richfield; Special Delivery Oil Syndicate No. 2, Signal Hill, Long Beach; George F. Getty, Inc., S. F. S. No. 12, Santa Fe Springs; Lewis Petroleum Company, Easton No. 1, Sunset; Standard Oil Company, Tupman No. 18, Elk Hills; Honolulu Cons. Oil Company No. 23, Midway; Barnsdall Oil Company, No. 72, Midway; Tannehill Oil Company, No. 11, Sunset; Junction Oil Company, No. 22, Kern River; Netherlands Oil Company, No. 1, Coalinga; St. Paul Cons. Oil Company, No. 2-A, Coalinga; American Petroleum Company, No. 67, Coalinga.

PERMIT TO ABANDON

Julian Petroleum Corporation, Mueller No. 3, Torrance; Mariand Oil Company, Los Cerritos No. 1, Long Beach; Shell Company, Stadler No. 4-A, Santa Fe Springs; Julian Petroleum Corporation, No. 2, Torrance; Julian Petroleum Corporation, Self Lease No. 6, Torrance; Lewis Petroleum Company, No. 12, Sunset.

WATER SHUTOFF TEST

Miller-Keck Oil Company, No. 1, Huntington Beach; Shell Company, Fisher No. 3, Brea-Olinda; Pan American Petroleum Company, Butler No. 1, Long Beach; Petroleum Securities Company, Lloyd No. 1, Inglewood; Petroleum Securities Company, Cone No. 8, Inglewood; George F. Getty, Inc., Torrance No. 24, Torrance; Standard Oil Company, Huntington No. B-82, Huntington Beach; George Fleeger, Inc., Athens No. 1, Rosecrans; C. G. M. O. Co., Del Amo No. 14, Torrance; Superior Oil Company, Torrance No. 69, Torrance; Union Oil Company, Keeille No. 15, Fernalia; Gilmore Oil Company, No. 1, Midway; North American Oil Cons., No. 18, Midway; Pacific Oil Company, No. 84, Midway; General Petroleum Corporation, No. 5, Lost Hills; George F. Getty, Inc., Leighbig No. 1, Kern county; Netherlands Oil Company, No. 8, Coalinga.

COYLE'S STORY HEARD

Death of Motorcycle Officer Is Laid Before Grand Jury

Testimony in connection with the death of Jesse Farr, motorcycle officer of Beverly Hills, who was killed on the 9th inst., when his machine collided with a car driven by H. H. Coyle, Los Angeles broker, was taken before the county grand jury yesterday.

The case before the grand jury was conducted by Dep. Dist.-Atty. Bonner Richardson. About fifteen witnesses were heard, among them Coyle himself. Coyle is not under arrest. According to the officers, he admitted having been traveling at fifty miles an hour prior to the accident, but claimed that at the time the collision occurred he was only going thirty miles an hour. The impact of the collision was so great that Farr's leg was torn off and he died from loss of blood.

1894 Consecutive Dividends for 31 Years 1925

What Is a Good Yield?

BEFORE you invest your money in any business, it is your right to know just what you are to receive in exchange. Make it a hard-headed business proposition; what do you get out of it?

There are, chiefly, three things that any person or organization may offer in exchange for the use of your money.

1. Safety
2. Marketability
3. Dividends or Interest

And remember this: the more of numbers 1 and 2 on this list that can be offered, the less of number 3 that will HAVE to be paid.

Whenever you are approached regarding any proposition that promises an unusually high yield, examine it to see what is lacking in safety or marketability—especially safety. *For you can be sure of one thing—no successful business will pay excessive interest or dividend rates unless it is obliged to. If it did, it would not long be a successful business.*

Cautious investors will find safety, marketability and yield ideally proportioned in the Preferred Stock of Los Angeles Gas and Electric Corporation.

Oil Corporation Asks Permit to Sell New Stock

Application to issue an additional 750,000 shares of capital stock has been made to the Corporation Department by the Marine Corporation, an oil company operating in Southern California and listed on the Los Angeles Stock Exchange. The new stock will be sold to stockholders at a par of $1, in the proportion of 25 per cent of their present holdings.

Proceeds from the sale of the new stocks, it was stated yesterday by officers of the company, will be used to complete the financing of the recent purchase of the Sierra Refining Company, and to provide additional working capital. Upon the issuance of the 750,000 shares, the company will have an outstanding capitalization of 3,750,000 shares.

The Marine Corporation now is paying a regular monthly dividend of 1 cent a share, and an extra of the same amount.

WOMEN TRAFFIC MANAGERS ORGANIZE

Women traffic managers in Los Angeles will meet tomorrow evening to organize the proposed Women's Traffic Club of Los Angeles, it was announced yesterday by the organizers. Notices have been sent to the women engaged in this work with the railroad, steamship, manufacturing and other companies. The meeting will be held at 6:30 p.m., in the clubrooms of the Los Angeles Transportation Club, located in the Alexandria.

Rubber Quotations

[EXCLUSIVE DISPATCH]

NEW YORK, April 14.—After a four-day layoff during the Easter holidays, London opened strong today and prices quickly advanced 1/4d over last Thursday's closing in crude rubber. The local market was quick to react to the movement in London, and as the result of the day's gains, crude rubber established a new high for the past four years' trading. Leading grades advanced from ¼@⅜c.

New York close: Ribbed smoked sheets, spot, 45c; May-June, 44¼c; July-September, 43¼c; first latex crepe, spot, 45¾c; May-June, 45c; July-September, 44¼c; clean thin brown, 44¼c; No. 2 amber, 44½c; upriver fine para, 57¾c; No. 1 rolled brown, 42c.

DAILY MARKET LETTER OF THE NEW YORK COMMERCIAL

[EXCLUSIVE DISPATCH]

NEW YORK, April 14.—Movement of spot canned food was more active than for some time. There was some future buying of asparagus and tuna fish. Wisconsin peas are in better demand this week from the trade. Southern goods are not very active. Future corn has sold extremely well in the local market. Spot standards are about out and the fancy grades are moving into consumption under pressure of special sales.

California spinach has not moved as well as expected. California spot fruits are interesting to most jobbers at this time. Spot goods are in demand and the future outlook is being watched. Independents are already quoting standard yellow cling, 2 1-2 size peaches at $1.85 with few takers.

DRIED FRUITS

There is a noticeable improvement in dried fruits, three large local jobbers reported unusually strong out of town orders for prunes. Following this came additional export orders for both California and Oregon prunes.

Raisins of the Sun-Maid varieties are going into local consumption better than ever. Prospects for a tremendous month's trading are in sight. Recent cables from Europe made inquiries for apricots, apples, Oregon and California prunes.

COFFEE MARKET

The coffee market opened at an advance of 7 to 9 points in future prices. Cost and freight offers were generally higher and a fair demand was reported in the street, but the list gradually lost strength and the market closed at 16 to 26 points net lower than the previous close. Final prices were, May, 18.47; June, 17.96; July, 17.45; September, 16.65; October, 16.30; December, 16.15; January, 16; March, 15.53.

Spots were in moderate demand at slightly higher prices. Rio 7s at 20 1-2 to 20 3-4 cents, and Santos 4s at 24 1-2 to 25 cents.

SUGAR UNCHANGED

The raw sugar market remained generally unchanged until late forenoon, with sales of 3600 tons Philippine raws afloat and for early May delivery to refiners at 4.52 cents, the equivalent of 2 3-4 cents on the Cuban basis. Around noon a sale of 4000 tons Porto Ricos for prompt shipment to an outport refinery at 4.49 cents, or 2.23-32 cents on the Cuban basis, gave more interest. No Cuban sugars were offered at less than 2 3-4 cents, and at the close no sales of Cubas had been reported.

Refined sugar continues dull. New buying is limited, but withdrawals are increasing and all factors indicate increased business shortly. Prices are unchanged.

Liquidation by recent buyers and hedging by sugar interests of actual raws, combined to press the option market for a net loss of 4 to 6 points. Opening prices were 1 to 3 points under the previous close and at the close the market was decidedly easier. Closing prices were, May, 2.79; June, 2.87; July, 2.97; August, 3.03; September, 3.13; December, 3.21; January, 3.08; March, 3.05.

RICE MARKET

There are few changes in the rice market other than the increased strength of the statistical position. Buying is better, but the demand is still rather quiet. Prices unchanged, with Blue Rose remaining at 7 to 7 1-4 cents for fancy, and 6 3-4 to 7 cents for choice.

There is a fair business in filling tea orders, but no outstanding feature to trading. Prices are well maintained and in view of the very strong market, no recessions from the present levels are expected.

BUTTER AND EGGS

The butter market is generally unchanged, arrivals are not large and percentage of fine table grades small. Buyers paid 44 cents for extras without protest. Undergrades are doing fairly well. The position of sweet butter is most favorable to the selling interest. Storage of fair to good quality can be sold, but prices are irregular. Choice ladies are steady. Packing stock drags.

The egg market is steady to firm on near-by grades with prices about ½ cent higher. Arrivals are not large and it is claimed that the western markets are competing so strongly for the output of certain districts that New York and other eastern markets are being neglected.

Pacific Coast white extras, 39@40; white extra firsts, 36@38; firsts, 35.

METAL MARKET

In the absence of business, copper producers are naming 13 5-8 cents, but the market is nearer to 13½ cents for electrolytic delivered. London cables standard spot as declining 7s 6d to £60 17s 6d; futures, 2s 6d to £61 17s 6d; electrolytic spot, 10s to £64 10s, and futures 5s to £65.

Lead is unchanged at 5.05 cents, New York, and 7 3-4 cents a pound St. Louis. There is a good consuming demand for early delivery. London spot declined 2s 6d to £32 17s 6d, and futures 5s to £32 2s 6d.

Zinc was off 5 points and closed at 7.10 cents, St. Louis, and 7.45 cents a pound, New York. In London prices declined 7s 6d, with spot closing at £34 17s 6d, and futures at £33 10s.

The decline in tin prices was resumed in London, and the market here reacted in sympathy. London losses for the day ranged from £2 10s to £3 5s from last Thursday's close, while here prices dropped from 3-8 to ½ cent a pound. In the domestic market all deliveries and positions of Straits shipments closed at 50 cents, which represented a decline of 3-8 of a cent for the early months and of ½ cent for futures. London cables standard spot as declining £2 15s to £229 5s; futures, £2 10s to £232 5s, and Straits, £3 5s to £235 5s. The Far Eastern market dropped £2 10s, with Straits in Singapore closing at £235, c.i.f., London.

OIL MARKET

Gulf Pipe Line and Texas Pipe Line met today the cut in Gulf Coast crude oil, announced by the Humble Oil and Refining Company yesterday. The reduction amounted to 25 cents a barrel and the new prices are $1.75 for Grade A, and $1.50 a barrel for Grade B. However, the Texas Pipe Line does not differentiate between the grades and has posted $1.75 for both. London cables report the market easier there and state the British refiners have reduced gasoline or petrol 6d.

Further ease in money rates was reflected in a firmer tone in the bond market. French bonds were steady and higher in the early part of the session, but when dispatches were received stating that Briand would be unable to form a new Cabinet because of the opposition of Socialists, they worked lower.

Trading continues narrow in the Libertys with the United States government 4s standing out.

Chicago and Northwestern 5s were in better demand on the announcement that the regular dividend would be declared. Other rails were steady with the price changes narrow.

Colby Daughter Is Betrothed to California Man

[EXCLUSIVE DISPATCH]

NEW YORK, April 14.—The former Secretary of State and Mrs. Bainbridge Colby tonight formally announced the engagement of their youngest daughter, Miss Frances Bainbridge Colby, to Robert Cameron Rogers of Santa Barbara, Cal., and this city.

Miss Colby was introduced to society here two seasons ago and was elected to the Junior League.

Mr. Rogers is a son of Mrs. Rogers and the late Robert Cameron Rogers of Santa Barbara. He was graduated from Harvard in 1923 and his training has been for a literary career. He is now on the editorial staff of the World's Work. While no date for the wedding has been set, it is to take place soon in this city.

PILOTLESS PLANE TESTED

PARIS, April 14.—The French military aviation department has practically completed experiments with a pilotless airplane directed by wireless. The plane maneuvers, drops bombs and even takes photographs. The experiments are being carried on at the Istre Airdrome under special direction of members of War Minister Noller's staff.

ROB MAN AT BUSY CROSSING

By a "Times" Staff Correspondent

LONG BEACH, April 14.—Selecting a busy intersection not far from the business section, two unmasked bandits took part in one of the most daring hold-ups in the history of Long Beach shortly before noon today. The highwaymen, armed with automatic pistols, stopped William Babb, 535 Chestnut avenue, and on pretext of asking the location of a local hotel held him up and robbed him of $58, while scores of people passed by on the sidewalks. The crime was perpetrated at the corner of Pacific avenue and Tenth street.

Police believe the pair are members of a bandit gang which has been responsible for several hold-ups here in the past few months, including that of the California National Bank, in which they secured more than $4000. Descriptions of the pair, furnished the police by Babb, correspond, police say, with those connected with other crimes here.

While one bandit covered Babb with his pistol, the other searched their victim, relieving him of his wallet and money. After directing Babb to walk ahead of them, the men followed for a few feet and then dashed across the street to a waiting automobile, in which a third man was seated.

FREE
10-Day Tube
Note Coupon

Yes,
Mother,

It firms those tender gums

That's why world authorities urge this NEW way in tooth care—*for the same dangerous film that imperils teeth imperils gums.* Please send the coupon—see what a difference a few days will make.

MODERN science has made important discoveries in the care of the teeth and gums. Discoveries which are changing the tooth cleansing habits of the world.

You want your child to have dazzling, white teeth; gums that are firm and healthy. You want them, too, for yourself, both for beauty's sake and for health.

Then, please let us send you a full 10-day tube of this new method. What it brings will mark a new era in the well-being of you and yours. Simply send the coupon.

Ruin that film—
the enemy in your mouth that invites tooth and gum troubles

Dental science now traces scores of those troubles, directly or indirectly, to a germ-laden film that forms on your teeth.

You can't see it with your eyes, but run your tongue across your teeth and you will feel it . . . a slippery, viscous coating.

That film absorbs discolorations from food, smoking, etc. And that is why your teeth look "off color" and dingy.

It clings to teeth, gets into crevices and stays. It lays your gums open to bacterial attack. Germs by the millions breed in it. And they, with tartar, are a chief cause of pyorrhea and decay.

You can't have pretty teeth unless you combat it. Highest authorities all tell you this.

Brushing won't end it

Ordinary dentifrices and cleansing won't fight film successfully. Feel for it now with your tongue. Note how your present cleansing method is failing in its duty.

Now new methods are being used. A dentifrice called Pepsodent—different in formula, action and effect from any other known.

Largely on dental advice the world has turned to it. Tooth and gum troubles hence are on the decline.

It removes that film.
And Firms the Gums

It accomplishes two important things at once: Removes that film, then firms the gums. No harsh grit, judged dangerous to enamel.

A few days' use will prove its power beyond all doubt. Why cling to old methods when world's authorities urge a better way?

Send the coupon. Clip it now before you forget.

THE WEATHER

(Official Report)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, April 14.—[Reported by H. B. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.86; at 5 p.m., 29.80. Thermometer for the corresponding hours showed 53 deg. and 83 deg. Relative humidity, 5 a.m., 96 per cent; 5 p.m., 36 per cent. Wind, 5 a.m., east, velocity 1 mile; 5 p.m., southwest. Temperatures highest, 98 deg.; lowest, 52 deg. Rainfall for season, 4.81 inches; normal to date, 14.59 inches; last season to date, 6.06 inches. Barometer reduced to sea level.

WEATHER CONDITIONS. — Showers, and in some localities severe thunderstorms, accompanied by high winds, visited many points in the great central valleys Monday, being heaviest in Illinois and Indiana, but fair weather prevailed generally elsewhere. It was warmer yesterday in the eastern lake region and upper Ohio Valley, but the temperature fell in the Missouri Valley. In Southern California fair, moderately warm weather prevailed Monday. Partly cloudy weather was reported at most stations yesterday morning. Fair, moderately warm weather may be expected in this vicinity today.

SUN, MOON AND TIDES.—Los Angeles, April 15: Sun rises 5:22 a.m., sets 6:24 p.m. Moon rises 12:39 a.m., sets 10:59 a.m. Los Angeles Harbor, April 15: High tides, 1:35 a.m. and 4:34 p.m.; low tides, 9:36 a.m. and 9:24 p.m.

LOCAL TEMPERATURES. — Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Calexico	100	60
Los Angeles Harbor	68	50
Mt. Wilson	77	52
Newport Harbor	61	48
Pasadena	82	54
Pomona	82	48
Porterville	83	51
Redlands	85	54
Riverside	85	49
San Bernardino	84	50
Santa Ana	78	51
Santa Barbara	80	54

LOCAL FORECAST

For Los Angeles and vicinity: Fair, moderately warm weather.

STATE FORECAST

SAN FRANCISCO, April 14.—Weather forecast: San Francisco and vicinity: Unsettled, probably occasional rain and cooler; moderate southeast winds.

Southern California: Fair; continued warm; light north winds.

Northern California, Sacramento, Santa Clara and San Joaquin valleys: Unsettled, probably occasional rain and cooler; moderate southeast winds.

ARIZONA FORECAST

PHOENIX (Ariz.) April 14.—Forecast for Arizona: Fair Wednesday and Thursday; little change in temperature.

COLORADO RIVER

YUMA (Ariz.) April 14. — [Exclusive Dispatch from the U. S. Reclamation Service.] Gauge height Colorado River, 19.3 feet. Discharge, Tuesday, 15,800 cubic feet.

...Wendell H. Sutch, for forty years a funeral director in Los Angeles and founder of the firm now known as the Ruppe Mortuary, died yesterday afternoon at his home at 3932 Wilshire Boulevard. He had been ill for about a month. He retired from active business and sold his mortuary in 1922.

Surviving are a widow, Gertrude Sutch; a daughter, Mrs. C. H. Mitchell, of San Antonio, Tex., and a son, Arlington R. Sutch, of Los Angeles. Funeral arrangements are being held in abeyance pending the arrival of Mrs. Mitchell.

THE MAIN ISSUE

What is the most important problem now confronting Los Angeles?

Mayor Cryer, now a candidate to succeed himself for a third term, says in every campaign speech that it is to secure the passage of the Swing-Johnson bill and to build the all-American canal in Imperial Valley.

While laying stress upon the importance of the city's water and power program, as well as upon her development in other lines, Judge Bledsoe, also a candidate for Mayor, says our chief concern should be the protection of the lives, property and interests of the citizens of Los Angeles through efficient internal government.

In the past two weeks Mayor Cryer has addressed fifteen audiences on what he declares to be the issue of vital importance to Los Angeles: the Swing-Johnson bill and the all-American canal. To those who are aware that the Swing-Johnson bill was killed in committee in Washington several months ago, that it made no provision whatever for water or for power for the city of Los Angeles, and that the all-American canal is intended for the sole purpose of irrigating privately owned lands that lie 250 miles from Los Angeles, the Mayor's insistence on this as the most important Los Angeles issue he can think of occasions some astonishment.

It is not difficult for the average Los Angeles citizen to suggest many things to which he would prefer to have the Mayor give his time and attention. For example, in the period since March 21, during which Mr. Cryer has been going from end to end of the city urging the vital need to Los Angeles of more irrigation in Imperial Valley, there have been in the city of Los Angeles:

Seventy hold-ups of stores and citizens, in every case by bandits armed with deadly weapons;

Fourteen attacks and attempted attacks by degenerates upon women and children;

Eight safe-blowing jobs;

Five hundred and eighty-two burglaries and hundreds of minor crimes such as theft of automobiles, pocketpicking and the like.

Within a few hours of the time of the Mayor's address to the San Pedro Optimists' Club, in which he dwelt at length upon the Swing-Johnson bill and the all-American canal, a 19-year-old girl was attacked by a fiend at Avenue 60 and Arroyo Drive; an unnamable crime was committed by a degenerate upon a 7-year-old girl in her own home on Leighton avenue and in broad daylight; another 7-year-old tot was dragged into an alley off West Sixty-second street in daylight and saved from a similar outrage only by her screams; a 15-year-old girl was lured into an automobile and attacked; another girl was kidnaped from Thirty-seventh street and Central avenue and two other girls were held up in front of 737 June street by armed bandits and robbed of their money and jewels.

On the 6th inst. the Mayor told an audience of women at the Woman's City Club that Los Angeles has no task so important as to put through the Swing-Johnson bill and the all-American canal.

Within twenty-four hours of that time a woman was attacked in her own home on North Sycamore avenue; another woman was dragged into a vacant lot near Seventh and Westlake and attacked; another was held up in front of her own home on North Rampart Boulevard and robbed of $20,000 in jewelry; another was held up and robbed by a bandit who jumped on the running board of her automobile on San Fernando Road.

On the 3rd inst. the Mayor told the Taxpayers' Association meeting at the Arlington Heights schoolhouse, that the city's every energy should be bent toward securing speedy passage of the Swing-Johnson bill with its all-American canal feature. The same papers that reported this told of three attacks by degenerates on women and of eight hold-ups, all within the city limits.

In every one of his fifteen addresses the Mayor dismissed the problem of violent crime in Los Angeles with a wave of the hand. Of vice and gambling, ordered closed for the period of the campaign, he said there is very little. He pointed to the phenomenal growth of Los Angeles in the past four years, inferring that this growth was due to the fact that he has been Mayor during that period. As befits his own expressed belief, the bulk of each speech was devoted to the Swing-Johnson bill.

Cryer says the Swing-Johnson bill is the main issue of this municipal campaign.

Bledsoe says the safeguarding of our women and children, the protection of the lives and property of our citizens, the elimination of waste and inefficiency in our city government, are more important.

What do you think?

HEATH HITS AT HALL LEASE

Chief Protests Rental Asked for Quarters in New Building; Urges Signature Withheld

Chief Heath yesterday protested against the proposal of placing the Police Department in the new Hall of Justice, now nearing completion, and urged the Police Commission to induce the City Council to refrain from signing a lease, thus leaving the way open for providing other quarters for the department.

Events of the last few days, and the attitude of Supervisor J. H. Bean, in charge of the building, induced Chief Heath to object to occupying the building in company with the Sheriff's office and other county offices, his communication stated.

He stated that he discussed the affair with his division commanders and they were unanimous in approving his action.

"Under the circumstances it appears to be most unpractical," runs the letter, in referring to the joint use of the building. "It will be detrimental to the service, and the rent, based on the cost of the building is prohibitive, inasmuch as the estimated cost of the building, at the time it was proposed, was figured to be $2,000,000."

Later estimates place the cost of the Hall of Justice above $5,000,000.

In his letter Chief Heath gives details of asserted changes forced on his department by Supervisor Bean. He stated it was agreed that the property clerk should have waste space in the basement, the department could use the roof as a pistol range, and that the Identification Bureau, of which the Chief is very proud, would have full charge of the photographing of prisoners.

When it came to drawing up the lease, continued the Chief's letter, he discovered that the Police Department was expected to pay for the basement and roof an amount proportionate to the rent for the more important floors which the department offices will occupy, though the basement had been regarded as negligible and the roof was to be used by the department only one hour a day. Supervisor

PARRES HERE ON FISHERIES PLAN

Mexican Official Tells of Conservation Aims

Uniform Legislation in Both Countries to be Urged

Similar Measures Advised to Save Migratory Game

Dr. Jose G. Parres, Subsecretary of Agriculture and Development in the Cabinet of President Calles, is in Los Angeles in connection with his inspection tour of Northwestern Mexico. One of the principal purposes of his trip is to look into the matter of protecting the fisheries in Mexican waters off the coast of Lower California, which are tributary to Los Angeles and San Diego.

"As a result of my investigation," he said yesterday at the Biltmore, "I shall recommend that my government at once take up the matter of uniform legislation in Mexico and the United States to prevent a condition that is threatening the very life of these fisheries."

The Mexican government has fish inspection offices at San Diego and Los Angeles Harbor, but they are for the collection of taxes on fish caught in Mexican water and have no power to enforce fishing laws.

INTERESTS IDENTICAL

Dr. Parres points out that the interests of California and Mexico are identical in this problem. The local market consumed last year some 161,000,000 pounds of fish, and local dealers inform him that about one-half of that amount came from Mexican waters.

"The Mexican waters can produce more and more fish in the years to come but the reverse will be the case if there is not some international co-operation to protect migratory fish. The same thing should be done to protect migratory game. If uniform fish and game laws could be applied in both countries and enforced jointly the problem should be solved.

"The fisheries off Lower California will become diminished hopelessly if the catching of fish out of season continues. At present, if a fisherman can prove that fish caught out of season come from Mexican waters the American authorities have no power to confiscate the fish.

CONFIDENT OF SUCCESS

"And yet the interests of the two countries are identical, both because the fish are migratory and because the Mexican waters supply such a large part of the first to the local market. I know the interest in this country in conservation of fish and game and expect no difficulty in getting international co-operation."

Dr. Parres already has inspected the agricultural development in the Imperial Valley and expressed himself as astonished at its success. He made a tour of the San Fernando Valley yesterday afternoon, and will leave in a few days for San Francisco. He is accompanied by his private secretary, Juan S. Murillo, and by Fernando N. Checon of Guaymas, a brother-in-law of President Calles. Dr. Parres is from Southern Mexico. He formerly was Governor of the State of Morelos.

"The agricultural development is satisfactory all over the republic, especially on the West Coast," he reports.

SEVENTY TUBE SITES PICKED

Pedestrian Subway List Given Council Puts Cost at $10,000 Each; Plan May Go on Ballot

Locations for seventy pedestrian subways, at an estimated average cost of $10,000 were submitted to the City Council yesterday afternoon by City Engineer Van Norman through the Boar dof Public Works.

Since the successful operation of the school subway on Sunset Boulevard various civic organizations have been pressing the matter, with the intention of putting it to a vote at the June election by way of a bond issue. The plan has been referred to the Civic Project Committee of the Council, which has been awaiting the report and estimate of the City Engineer. The way seems clear now to go ahead and take steps to bring the matter to a decision of the people by means of a $700,000 bond issue.

The estimate was arrived at after a study of thirteen typical locations. The list, as submitted, contained sixty-two locations, with eight additional sites.

In case it is decided not to go ahead with the entire program it was suggested that a final and a definite check be made of the traffic at various intersections. The list, it was stated, is only tentative, and the locations may be changed.

The Civic Projects Committee also has before it the $1,000,000 bond issue for branch public libraries and $3,500,000 for the fire department.

The locations, as tentatively suggested by the City Engineer, are as follows: Sunset Boulevard and Echo Park avenue; Western avenue and Exposition Boulevard; Atwater avenue and Brand Boulevard; Seventh and Wilson streets; Van Ness avenue and Maplewood avenue; Western and Santa Barbara avenues; San Pedro and Twenty-eighth streets; Sixth street and Pacific avenue, San Pedro; Sunset Boulevard and Highland avenue; Central avenue and Fourteenth street; India street at Pacific Electric tracks; Ninth street and Stanford avenue; Santa Monica Boulevard and Normandie avenue; Manchester avenue and South Park avenue; San Pedro and Eighteenth streets; railroad tracks at Wilmington High School; Vermont and Manchester avenues; Vermont avenue and Dana street; College street and North Broadway.

Vine street and Barton avenue, Jefferson avenue and University Boulevard; Central avenue and Twentieth street; Hill and Thirtieth streets; Huntington Drive and El Sereno street; West Adams and Verdun streets; Sixteenth and Hill streets; Whittier Boulevard and Euclid avenue; Wilshire Boulevard and McCadden Place; Monte vista street and Avenue 54; Sixteenth and Magnolia streets; Manchester avenue and Hoover street; Whittier Boulevard and Lorena street; Sunset Boulevard and Bronson avenue; Temple and Beaudry streets; Seventh avenue and Sixteenth street; Trinity street and Santa Barbara avenue; Brooklyn avenue and Breed street; Whittier Boulevard and Indiana street; Hoover and Ninth streets; Tenth street and Hayward Boulevard; Main and Seventy-fifth streets; Central avenue and Thirty-eighth street; Vernon and McKinley avenues; Pasadena avenue and Avenue 22; Sunset Boulevard and Gardner street; Main and Fifty-second streets; Compton avenue and Sixty-eighth street; Vermont avenue and Fifty-ninth Place; North Main and Ann streets; First street and Union avenue;

PEN ROYALTIES DISCUSSED

Earnings of Edgar Rice Burroughs Figure in Hearing Before Corporation Chief

While declining to estimate what income Edgar Rice Burroughs receives as royalty on his novels, John Shea, vice-president of Edgar Rice Burroughs, Inc., led the State Corporation Department yesterday to believe the returns are of considerable magnitude when he was called to testify in an investigation being made by the department into an application of the corporation to issue bonds.

Edgar Rice Burroughs, Inc., of which the author, his wife, and Mr. Shea are officers, has petitioned the State Department for permission to sell $200,000 worth of 7 per cent first mortgage bonds. Proceeds from the sale are to be loaned to the El Caballero Country Club to purchase 126 acres of land on Ventura Boulevard from Burroughs and improve it.

Shea told State Corporation Commissioner Daugherty that the chief income of the corporation is derived from the royalties on Burroughs's novels and that the salaries the corporation pays the author and his wife are in excess of $15,000 each.

When asked what assurance he could give as to the corporation's earning power in the future, Shea likened Burroughs to a soap manufacturer who can guess at his income only by guessing at the amount of sales he expects to make. It is the plan of the novelist, Shea said, to turn out at least two stories a year and this year he will turn out three.

The author's works have been translated into twenty-one foreign languages, but motion-picture rights never have been sold, Shea said. The hearing will be continued Friday.

Court Scene is Enacted in Drama of Justice

Ethel Clayton in Character of Plaintiff

Judge Guerin, urbane in role of leading man, hears evidence in suit over asserted spoilation of lawn.

COOLED COP HOT

Drenched Officer's Charge Costly to Prisoner

Water may cool off an irate policeman but the citizen who employs such a method may find it expensive. This developed in Police Judge Pope's court yesterday, when Ben Friedman, a vegetable dealer, was fined $55 for disputing the right of way with a police car.

Friedman, his wife and mother were riding on his vegetable truck, according to testimony of Detective Lieutenant Wilde, when the officer and two other detectives answering a fast call sirened for the right of way.

Heeding not the siren, according to Wilde, Friedman's truck lumbered ahead. The officers stopped the car and took Friedman to task. It was then, the officers declared, that someone on the truck threw a bucket of water that drenched Wilde.

Not So Warm on First Hot Day; Slightly Humid

It isn't the heat; it's the humidity.

You can stand a hot day if it is only cool nights.

The first hot day of summer always seems hotter than it really is.

The weather man says the maximum yesterday was only 88 deg., in the shade, of course. That was between 2 and 3 p.m.

The forecast is "moderately warm," which indicates it will be about as hot today as it was yesterday.

Men are now beginning to shed their waistcoats and women to put on their furs.

LECTURE ON INDIANS

Pictures of the Zuni, Hopi and Navajo Indians will feature the lecture of Herbert A. Huebner, following the 6 o'clock dinner of Friends of Our Parks, at Westlake Park pavilion, Thursday evening. The "Snake Dance," rug weaving of the Navajos, the manners and customs of the Zunis, together with pictures of prehistoric cliff dwellings in Canyon de Chelly and Mesa Verde, will be shown. The public is invited.

KEARNS NOW PLANS FILM FIELD ENTRY

Dempsey Manager Also Contemplates Engaging in Stage Production

Jack Kearns, once busy business manager for Jack Dempsey, champion heavyweight pugilist, before the latter's self-announced retirement from the ring a few days ago, last night declared he will join the ranks of motion-picture and theatrical producers as a sideline to fight promoting.

Backed by eastern capital, according to Kearns' statement, he will produce a number of pictures in Los Angeles and stage a number of plays here and in eastern cities.

Dempsey, it was intimated, or his wife, the former Estelle Taylor, will not necessarily be starred in the forthcoming productions, nor will the heavyweight be financially interested in what are to be known as the Kearns Productions.

In spite of his theatrical ventures, Kearns denied he will cease his fight-promoting activities and apparently still clings to the idea that Dempsey's retirement is only temporary.

"He never told me he was going to retire," reiterated the manager.

According to Kearns, negotiations are being carried on to secure the services of several stars and directors. The names of these will be made public in about ten days, he said.

It is understood the first production is to be a legitimate stage comedy entitled "Izzy." Benny

(Continued on Page 2, Column 4)

JUDGE HAS PART WITH FILM STAR

Keeps Ethel Clayton Busy Rehearsing Her Version of Suit Against City

But for the absence of the sputtering Kleigs and the raucous shouts of a megaphoned gentleman in knickers and horn-rimmed spectacles Superior Judge Guerin's courtroom yesterday might have been mistaken for a set in some drama of justice.

Judge Guerin, unanimously awarded the blue ribbon as the most handsome judge of the Superior Court, sat upon the bench, dignified, urbane, yet kindly. Court Clerk Polsue, portly and distinguished, tiptoed ever and anon to the windows, raising and lowering this and that shade, so that the glint of the descending sun might create the most pleasing effect on the auburn hair of the dazzling beauty who graced the witness stand.

The reason for the flutter and quietly impressive hubbub was the appearance in person of Ethel Clayton, film star, to give her reasons why she wants damages of $3500 from the City of Los Angeles and Peter Tomich. That amount is asked because, she asserts, the digging of a sewer in front of her hillside home caused the elaborately landscaped yard to go tumbling down to the street. Such a catastrophe, she said, caused her great dismay, not to say inconvenience. Formerly, she asserted, she was able to go into her yard and work among the flowers; now naught remains but horrid dirt, piled up without regard for beauty.

Miss Clayton, whose real name is Kaufman, is represented by Attorney K. A. Miller, while the defendants are being represented by former Judge Crump.

DENNY, UNIVERSAL BREAK

Legal Battle Over Contract May Follow Star's Expressed Desire to Quit Producers

A disagreement between Reginald Denny, actor, and the Universal Film Company may lead to a legal battle over his contract, it was indicated yesterday when Denny admitted he wants to quit and Universal officials stated he will continue with that organization.

Denny said:

"It is true there has been a break between myself and Universal. I have retained Charles Hazelhurst, and he has been in conference with Loeb, Walker and Loeb, who represent Universal. I hope that negotiations will be concluded in about a week."

Universal officials, in the absence of Carl Laemmle who is on his way to New York, indicated differently:

"Mr. Denny will remain with this company to the end of his contract, which still has two more years to run."

The reasons for his dissatisfaction, according to Denny, are the stories, scripts and other things connected with his recent pictures for Universal.

He said he wants to buy back his contract and make some kind of an arrangement to appear in "a higher type of comedy drama."

It has been widely rumored Denny would be welcomed by Famous Players-Lasky to appear in a number of stories bought for the late Wallace Reid. Denny has made a success in racing stories such as Lasky now has on the shelf awaiting a suitable actor.

Denny refused to comment on the Lasky angle yesterday other than to say that he would be very pleased to go there if satisfactory arrangements could be made.

He would not state on what clause in his contract he might attempt a legal fight, if the present negotiations fall through. In all details of his plans he referred to his attorney, who had nothing to say when interviewed yesterday afternoon.

Denny has been with Universal about three years. He attained considerable popularity in the "Leather Pusher" series and since has appeared in a number of automobile stories of the general type that Wallace Reid used to star in for Paramount.

The Lancer

by Harry Carr

ELWOOD HAYNES, who invented the first automobile and took the first automobile ride, died on Monday.

It is almost incredible and inconceivable that this first ride could have happened only thirty-one years ago.

A CHANGED WORLD

They say that the first shot at Concord was heard around the world.

The first explosion in the cylinders of Elwood Haynes's wheezy old horseless buggy was not only heard around the world; it changed the history of the world; it changed the whole life of the world.

The automobile took loneliness and isolation out of the worlds but it also brought severe problems into it. Among other things it brought restlessness and satiation.

Nothing is far away any more; there are no longer any hidden places; and no mysteries. When I was a little boy a trip to Santa Barbara, for instance, was a glorious adventure. Now they run up and back in a morning, and come back yawning to demand stronger excitement.

DANGER SIGNAL

And let me tell you, brethren, this unsatisfied craving of world-weary young people for excitement is the most dangerous symptom of this age.

THE JOBLESS KINGS

I am not so sure that the people of Europe were so wise, after all, when they threw the kings out of their jobs.

With the exception of the German Emperor, most of the kings were tame cats who realized fully that their job was to wear high-toned clothes and say what they were told to say. They did no possible harm, and they supplied a certain color and picturesqueness that is necessary.

People will go without food but they will not go without dramatic thrills. These tabby cat kings gave them a safe kind of thrill.

ENTER THE NAPOLEONS

Europe is beginning to hanker for kings again. And they will not be the tame kind. They will be Von Hindenburgs and Napoleons.

It would require two or three generations of travail and sorrow before such kings would be housebroken and learn to stand hitched.

The English are wise among the people of the earth. They know better than to throw out the kings. They give their kings a railroad ticket and a bouquet of flowers and let the folks cheer. Very, very harmless cheers.

A STRANGE SUICIDE

A student in Northwestern University grew weary of trying to stick to a diabetic diet. So he deliberately gorged himself to death—ending his life in a wild jamboree of rich food.

This is the first case I have ever known where anyone was game to stick it out to the end.

A DRUNKARD'S DEATH

I once knew a reporter who was told by the doctors that he could only live sixty days if he did not stop drinking. So he divided his hootch into sixty installments and resolved to go out in a grand-stand finish of intoxication.

When he got down to the last ten or fifteen installments, however, he had a wild panic and sent for troops of doctors, imploring them to save him.

It was too late; he died on the forty-eighth day.

Marksmanship Wins Burlesque Gift for Chief

When the Police Commission adjourned yesterday Chief Heath left his chair and started back to his troubles at Central Station. Commissioner Birnbaum, however, presented him with an immense cardboard box "from his friends."

The Chief, having investigated many bombing outrages, was suspicious. Only the derision of the commissioners forced him to wade through mountains of excelsior, paper and a succession of smaller boxes. Meanwhile the Chief listened intently for a warning tick.

When he got to the end he found a small and battered silver loving cup, inscribed: "Won by Chief Heath, marksman, 399 out of 400, maybe, in eighteen holes."

The joke was occasioned by Chief Heath's remarkable showing on the pistol range last week.

BLEDSOE GIVES WOMEN CREDIT

Great Aid to Success of Campaign Recognized

Forces of Decency Shown in Drive Against Crime

Workers Making Sacrifices to Aid Candidacy

[Illustration on Picture Page]

"To the earnest, conscientious work of the women of this city, I attribute a great measure of the overwhelming success of my candidacy in the present Mayoralty fight, the battle in which the forces of affrighted decency are attacking the stronghold of organized crime," said former Judge Bledsoe yesterday in reviewing the progress his Mayoralty candidacy has made during the past two weeks.

Working with a whole-hearted purpose which recognizes no obstacle, club women, society leaders, women members of the learned professions and the thoughtful housewives, mothers and salaried women of the city have banded together in furtherance of the candidacy of the man who stands for moral cleanliness in the city, efficiency in government and co-ordination of the efforts of various city departments to the end that Los Angeles may not only be the business and industrial center of the Southland, but a city which will attract the best the world offers in intellectuality, artistic endeavor and moral forces.

Under the able leadership of Mrs. Sarah E. Ash, who is in charge of the women's department at the South Spring-street headquarters, Judge Bledsoe's candidacy is daily assuming a commanding position in the thought of the city's women. Thousands of volunteer workers are giving freely of their time and endeavor; telephone, mail and personal calls are among the more commonly used mediums in the campaign which is daily gaining impetus and winning innumerable friends.

Interest in the betterment of Los Angeles to the sacrifice of personality, time and money, is the sole motive actuating these women. That their work will culminate in success unparalleled in the political history of the State few can doubt.

Representative of Los Angeles' womanhood, a partial list of the headquarters workers follows:

Mrs. Carrie W. Abbott, Mrs. J. T. Anderson, Mrs. M. M. Allen, Mrs. Marshall D. Andrews, Mrs. P. T. Anderson, Mrs. Marvine Arnold, Mrs. W. H. Anderson, Mrs. A. M. Adams, Mrs. Florence Ashenfelter, Mrs. Marvin L. Arnold, Mrs. Marshall Stookey Andrews, Mrs. George D. Anderson, Mrs. Sarah E. Ash, Mrs. W. S. Bartlett, Mrs. Harriet F. Burke, Mrs. Burkelman, Mrs. C. POLITICS

THE WATCHMAN

Trend of Political Thought and Action

BY THE SENTRY ON HIS BEAT

DR. FREDERICK C. LANGDON

Dr. Frederick C. Langdon retired from public life in 1923, after having served five terms in the City Council, but with the adoption of the new charter he was literally drafted by voters in the western part of the city and consented to become a candidate in the Eleventh Councilmanic District (Westlake Park and downtown district.) For more than twenty-five years Dr. Langdon has lived at 941 South Alvarado street, in the center of the Councilmanic district. His record in the Council for efficiency and the upbuilding of Los Angeles is Dr. Langdon's platform this year, and is winning him strong support.

Among the many achievements of Dr. Langdon while a member of the Council was his work as chairman of the Council's Harbor Committee, in bringing to a successful conclusion the long negotiations with the Salt Lake Railroad Company, by which the company surrendered to the city its title to the Terminal Island water front on the main channel, permitting the channel to be widened and the frontage developed by the city with much-needed additional wharves and port facilities.

Attorney E. J. McCully, candidate in the Twelfth Councilmanic District, has received the indorsement of the Dayton Heights Civic Center, the Bellevue-avenue Civic Center and the Rampart Heights Civic Center. The resolution of indorsement was signed by President George W. Johnson of the Dayton Heights Civic Center, B. H. Rucker of the Bellevue-avenue Civic Center and L. J. Smith, president of the Rampart Heights Civic Center, and was given after the executive committees of these organizations had canvassed the field of the eight candidates in this district. Among citizens indorsing Attorney McCully's candidacy are J. M. Elliott, chairman of the board of directors of the First National Bank, L. E. Behymer, William E. Hampton, C. H. Wade, Leonard Merrill, F. M. Rublee, S. W. Austin, Bruce H. Grigsby, John P. Burke, J. Whitcomb Brougher, Attorney Milton K. Young, H. H. Smock and Robert A. Fowler.

In support of the candidacy of C. T. Wardlaw in the First Councilmanic District (San Fernando Valley,) James Wilson, manager of the Wardlaw-for-Council campaign, has sent to each voter in the district a strong statement urging the election of Mr. Wardlaw. In the statement Mr. Wilson said:

"We offer the people of the San Fernando Valley, in caring for their affairs, years of general business experience and good reputation, also our personal interest, as all we have in the world is invested in this valley. We have believed in it for fourteen years, and if water fails us here, we fail.

"We are familiar with the Colorado River, Imperial Valley, and also the Owens River Valley, and are particularly strong for Los Angeles getting all the water and power they can from any source possible during the next ten years, at any necessary expense.

"Our particular hobby is transportation—express train service from Pershing Square to Owensmouth in forty-five minutes at 15 cents; and we have already done something toward this end. If you could accomplish that today your property in this valley would be worth $100,000,000 more tomorrow.

"We will work in sympathy with the Mayor. We are open-minded on every question with which we may have to deal, and we want to work in a position of authority for two years for the benefit of the City of Los Angeles, and particularly the San Fernando Valley."

COMMITTEE APPROVES CANDIDATES

Citizens' Council Plans to Take Active Part in Civic Campaign

The executive committee of the Citizens' Council Committee, of which A. C. Denman, Jr., is chairman, met yesterday noon at the Alexandria Hotel and indorsed the following candidates: First Councilmanic District, C. T. Wardlaw; Second Councilmanic District, Robert M. Allan; Third Councilmanic District, Edwin O. Loucks; Fourth Councilmanic District, Boyle Workman; Fifth Councilmanic District, Assemblyman Willard E. Badham; Sixth Councilmanic District, Bert L. Farmer; Seventh Councilmanic District, Assemblyman Howard W. Davis; Eighth Councilmanic District, Frank L. Shaw; Ninth Councilmanic District, Councilman W. J. Sanborn; Tenth Councilmanic District, Assemblyman Mark A. Pierce; Eleventh Councilmanic District, Dr. F. C. Langdon; Twelfth Councilmanic District, Clarence W. Horn; Thirteenth Councilmanic District, Senator Joseph L. Pedrotti; Fourteenth Councilmanic District, Councilman Edwin Baker; Fifteenth Councilmanic District, Assemblyman Henry E. Carter.

Chairman Denman said that the Citizens' Council Committee will take an active part in the campaign in support of the indorsed candidates. Those present at yesterday's executive committee meeting included besides Chairman Denman, William Henry, W. F. Howard, George L. Eastman and Ernest R. Werdin.

GREAT BLEDSOE RALLY TONIGHT

(Continued from First Page)

city. This I propose to do, of course, through municipally owned, municipally operated and municipally expanded properties. To do otherwise would not be to support and maintain our existing properties.

"So, my position is, and from the first has been, that added industry being necessary to our proper prosperity and development, and added water and power being necessary to the maintenance of that industry, we must go to whatever sources or supplies exist and from them secure and develop the maximum amount of water and power necessary to meet our requirements. The Colorado River basin is the only existing source of adequate supply. The Boulder Canyon project, built or supervised in construction by the United States government, seems to be the most practicable and most economical plan yet formulated. From that source, and pursuant to that plan, then, if we shall be able to consummate it, Los Angeles will add to her existing municipally owned utilities and facilities, to be municipally operated and developed, the water and power of which she obviously will be in need. To the furtherance and consummation of that program I have consecrated myself with enthusiasm.' He who pretends to be doing more in genuine furtherance of the needs of Los Angeles is a mere quibbler."

TO WOMEN

Idah McGlone Gibson addressed a large gathering of representative women at the West End Bledsoe headquarters yesterday afternoon.

"Several times people have asked me why Judge Bledsoe gave up his position on the Federal bench to become a candidate for Mayor," she said. "Judge Bledsoe is just like the thousands who, a few years ago, gave up good jobs for a cause. There are patriots in war and there are patriots in peace, and I know that Judge Bledsoe is a patriot and that he is moved with an earnest desire to serve."

The meeting was presided over by Mrs. Howard Verbeck, assisted by Mrs. M. A. Marsh, Mrs. Samuel Cary Dunlap, Mrs. G. Henry Stewart, Mrs. Emerson Bond Welrick, Mrs. Erwin P. Werner, Mrs. R. D. Shepherd, Mrs. Rufus C. Porter, Mrs. Rex Goodcell, Mrs. Oscar Trippett and Mrs. C. H. Dick.

The eight additional locations are Hollywood Boulevard and New Hampshire avenue; Second street and Fremont avenue; First street and Glendale Boulevard; Macy and Avila streets; Seventh and Valencia streets; Third street and Hobart Boulevard; Vermont avenue and First street; Vermont and Burns avenues; Third street and Fremont avenue; Pico street and Ridgeway Drive.

HEATH OBJECTS TO HALL LEASE

(Continued from First Page)

Bean also told Assistant Chief Murray, the letter states, that the photographing arrangements had been changed, and that the Police Department might buy whatever pictures they chose from the Sheriff's office, or make what other arrangements they saw fit.

"He (Supervisor Bean,)" runs the letter, "also told Assistant Chief Murray that we were coming over there whether we wanted to or not."

TORRANCE BROTHERS HELD

Following the arrest of his brother on suspicion of extortion last Friday, L. E. McPherson was arrested and placed in the County Jail yesterday on a similar charge. The arrest was made by Investigators Riemer and Darley of the District Attorney's office at Torrance, where the McPhersons live. The officers charge that the first brother, E. W. McPherson, attempted to extort $500 from Perry McMillan of Torrance and that $100 of the money was paid in the presence of the two brothers and the officers.

KEARNS PLANS FILM PRODUCING

(Continued from First Page)

Rubin, a vaudeville player, is working out the technical details of the production. Rubin is at present in Des Moines.

"Izzy," Kearns declared, is to be produced in Chicago and later filmed here. The legal end of Kearns's theatrical venture, such as contracts for stars and etc., is being handled by Attorney Milton Cohen, the fight promoter stated.

STONE ASSAULT CASE IS AGAIN CONTINUED

The case of S. C. Stone, night watchman in the West Adams district, charged with a statutory offense against a young girl, was continued for another week yesterday by Judge Hahn of the Superior Court. The suspect was arrested during the investigation into the disappearance and murder of the two Martin sisters, some time ago.

CLINIC FUND AID PLEDGED AT MEETING

Hospital Drive's First Conference Meets With Earnest Response

Pledging themselves to support the Nonprofit Hospital campaign, more than a hundred earnest men and women gathered in the Biltmore Music Room yesterday afternoon for the first conference toward raising the $2,500,000 fund to build and equip the Clara Barton and Woman's Hospital, both of which are to be nonsectarian as well as nonprofit making.

Harry M. Haldeman, chairman of the combined campaign committee, pointed out that this was one of the most important projects ever undertaken in Los Angeles. The scarcity of hospital beds in the city as well as the fact that the charges are beyond the reach of the man or woman of average salary, has made it imperative that something be done to relieve the situation.

From now until May 18 the intensive work of creating a large endowment fund for the two hospital projects will move forward.

Los Angeles stands tenth in the list of big cities in the matter of hospital accommodation. Mr. Haldeman told his hearers that the lack of hospital facilities was common knowledge and that he believed their efforts would meet with a generous response.

Dr. Foster K. Collins, head of the Hollywood Hospital staff, and a member of the speakers' bureau of the campaign, addressed the Woman's Club of Culver City yesterday.

The meeting was large. Dr. Collins contrasted the conditions in Los Angeles with those of other large cities and emphasized the importance of relieving the congestion in the hospitals now established.

URGES TEST FOR HEALTH IN KITCHENS

Commissioner Parrish is Food Show Speaker in Program by Chefs

Health examinations for kitchen help in restaurants and home were stressed as a vital necessity by Health Commissioner George Parrish yesterday in a talk to several hundred housewives, who gathered at the Ambassador for a program sponsored by the Chefs de Cuisine Association in connection with the food and household show in the Ambassador Auditorium.

Adolph Gasser, chef of the Wilshire Country Club, told the women that whole-wheat bread in plenty will put an end to indigestion. He condemned eating of white bread, on the grounds that vitamines and mineral salts had been removed.

Other programs for housewives will be given at noon today and on Friday and Saturday noons. University of Southern California and University of California, Los Angeles Branch, will share the program jointly, it was said, on Friday, and the Southern California Home Economics Association will officiate on Saturday. After the programs the audiences are to be invited into the food show proper.

"A Night in Spain" pageant will be included in entertainment furnished tonight in the auditorium by the Ward Baking Company. A fashion revue is scheduled for Saturday night, and a day of Mexican artists is set for Saturday.

BIRD REFUGE DEDICATION CONDUCTED

Vermont Canyon in Park Scene of Ceremonies by Nature Lovers

Vermont Canyon in Griffith Park was dedicated yesterday as a bird sanctuary at a ceremony held under auspices of Van M. Griffith, president of the City Park Commission, and the California State Audubon Society. Twenty organizations of nature lovers participated in the exercises.

A boulder bearing a bronze tablet and covered with the society's flag was unveiled. Speakers included Arthur Newton Pack of Washington, D. C., secretary of the American Nature Association and associate editor of Nature Magazine; William L. Finley of Portland, western lecturer-naturalist for the National Association of Audubon Societies; Mrs. Harriet Williams Myers, president of the State organization; Commissioner Griffith and others.

The canyon, about a mile long, has been fenced, water has been provided and trees and shrubbery will be added to make it a bird refuge not open to the public except on certain occasions.

Mr. Pack and Mr. Finley will speak tomorrow afternoon at 4 o'clock to public school-teachers at a meeting in Central Junior High School and this evening to a gathering of some twenty nature organizations at a dinner in the City Club.

STAGE, SCREEN STARS TO AID SCHOOL FUND

An entertainment in which many professional men and women of the stage and studio will appear in skits, dances and musical numbers will be given by the Catholic Women's Club next Monday evening at the club's home, 927 Menlo avenue, the proceeds to be devoted to the enlargement of St. Boniface Indian School at Banning.

The entertainment has been designated as May McAvoy night in honor of the vice-president of the Catholic Actors' Guild. Miss McAvoy has just returned from Italy, and will appear in a number of the evening's features. Arrangements for the event have been made by Miss Margaret Phillipson, president of the club, and a committee of members, with the aid of Walter S. Wilis. St. Boniface School is turning away many Indian children for lack of educational facilities, and new buildings are much needed.

FAT WIVES REDUCING NOT BARRED

Judge Rules Embonpoint Treatments and Alimony May Go Hand in Hand

A woman's attempt to reduce her embonpoint, however ill-advised from the physiological standpoint, is no reason why she should not receive alimony, Judge Summerfield ruled yesterday.

Rachel Waterman was seeking an order for her support pending trial of her suit for divorce from Dr. I. J. Waterman. She was too sick to work, she said.

"That's because you've been taking pills to reduce your weight from 165 pounds, isn't it," inquired counsel for Dr. Waterman.

"Well, now, what if she did," interrupted Judge Summerfield. "It is stylish to be slim nowadays. Or at least I assume it must be from what I see from this bench every day," he amended hastily.

"But I didn't take any pills, Judge," Mrs. Waterman protested.

In her complaint Mrs. Waterman named as co-respondent Mrs. Maud East Wright, of Glendale. She said that she had invested $6500 in the medical education of Dr. Waterman, who formerly practiced in Pasadena. He told her he loved the other woman, she declared. A copy of a letter, which she said the doctor wrote her following their separation, contained the following paragraph:

"Won't you give me my freedom and let me be happy. I want you to be my friend if you can, but you know I can't worship two Gods at the same time."

Judge Summerfield allowed Mrs. Waterman $50 a month.

THREE PICNICS SATURDAY

Saturday is the date for three State reunions in Sycamore Grove Park. The Texans will celebrate San Jacinto day and an orator will tell of the encounter. The Blue Grass State Club invites all Kentuckians, and the Oklahoma contingent will meet to recall the days spent in the home State. President Hendricks is planning special surprises. All three State committees will supply coffee, badges and programs. Tourists are invited.

Fitting Footwear *Scientifically*

FOOT HAPPINESS and style satisfaction depend to a great extent on the salesman who fits you.

The salesmen of this institution are men of mature experience in the tedious, trying business of sensibly adjusting the right footwear models to the right feet.

It takes time, study, thought, nice discrimination and long experience to scientifically fit footwear as it is done here.

Gude's patrons are invariably *good* patrons—and *fitting* is one of the reasons.

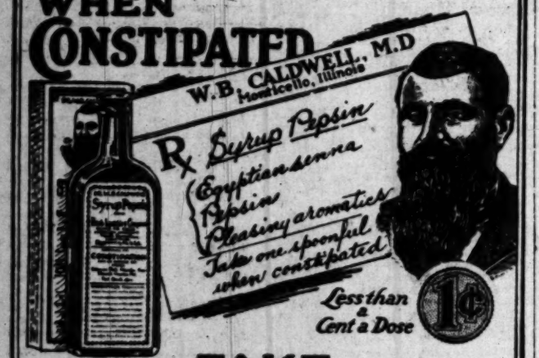
WHEN CONSTIPATED



TAKE DR. CALDWELL'S SYRUP PEPSIN "THE FAMILY LAXATIVE"

What Holiday so enjoyable?

Nowhere is so much enjoyment packed into each twenty-four hours as aboard ship on an ocean voyage.

Games and exercise on spacious decks, or cosy relaxation in deck chairs with the clean sea breeze on your cheeks; meals fit for an epicure, served in a luxurious brilliant saloon; dancing to the strains of a wonderful orchestra, with a stroll between numbers to watch the moonbeams dance on the waters; cards and conversation with congenial companions; and each night, restful refreshing slumber in a comfortable berth in a spacious airy stateroom.

Why not make a trip to Europe your holiday this year? You can cross the Atlantic, visit in the Old Land for a few days, and return, all in three or four weeks. And, if you go via Anchor-Donaldson or Cunard Canadian Route you will see, as well, the beauties of the historic St. Lawrence River.

Ask your local steamship agent for information, or apply to—

Why not be as particular in buying milk as you should be in its preparation.

as "Certified Milk" which is produced scientifically clean and pure

In the past nineteen years thousands of mothers have used Arden Certified Milk with the wonderful results of having baby always well, always happy, always wished. You can have the same gratifying experience.

Excessive Fat in Milk Checks Growth and Development

Dr. Charles Douglas, Professor of Children's Diseases at Detroit College of Medicine, speaking of the high butter fat in milk, writes in the Journal of the American Medical Association: "There is no food which will so completely check the growth and development of an infant when fingerfectly digested. It requires less than ½ of 1% of imperfectly digested fat in infant's diet to prevent it from growing, to disturb sleep, to destroy its color and pave the way for nervousness and other forms of malnutrition."

ARDEN Certified MILK

Mothers find this super pure milk a food that is highly nutritious and easily digested by the most delicate stomach with none of the excessive fats found in many milks.

BEAUTY DOCTOR WAR DECLARED

...Balsinger Termed Faker by Face Specialist

...Says Doctor Expelled by Medical Society

...rges Arise from Suit to Collect Surgeon's Fee

..."quack doctor," "medical fak..." and "common impostor" were ...e of the phrases hurled yester... ...in a beauty specialists' war by ...s Hobson, beauty specialists, ...the head of Dr. W. E. Balsinger, ...plastic surgeon. That those ...men describe Dr. Balsinger is ...ared by Miss Hobson, on in... ...ation and belief, in her answer ...to a suit of Dr. Balsinger's to ...$153.

...Potentially Miss Hobson, who ...mits to 33 years of age, denies ...emphatically that she ever looked ...a day over 25. She asserts Dr. ...Balsinger was expelled from the ...American Medical Association in ...1920, after he had been ...ged in 1920, after he had been ...ed for malpractice, on charges of ...unprofessional conduct and that ...of the services he performed for ...her were "wholly worthless" and ...resulted in injury due to his negli... ...and lack of skill.

SUIT BASIS TOLD

...Dr. Balsinger, in his suit filed ...April 10, declares that when Miss ...Hobson came to him for treatment ...on March 10, 1923, she appeared to be ...about 45 years of age. She asked for a ...face facial lift, which he gave ...her, reducing her apparent age to ...35. She had again operated on January ...10, 1924, to remove baggy skin. ...It is at that time, he asserts, she ...began exhibiting her face to her ...friends and the public as a re... ...sult of her own face-peeling treat... ...ments, though she had neglected to ...pay his fee of $350 and a hospital ...bill of $5. His suit was filed by ...Attorneys M. Cohen and Jerome H. ...Cohen.

...Miss Hobson's answer was filed ...by Attorneys T. Mulligan and Gerard ...Hug. She went to Dr. Balsinger, ...she says, because he "fraudulently ...pretended" that he had a large ...staff and much experience in ...plastic surgery, and because he told ...her he was a "nationally known ...plastic surgeon and said that in ...many states he was hailed as the ...leading living surgeon in his class." ...He declared, she said, that the ...medical profession in Pennsyl... ...vania, Oregon, Idaho and else... ...where had "recognized him as the ...most famous facial lift surgeon in ...the nation," and that his skill was ...of the highest degree.

DENIES DEBT OWED

She believed him, she said, and permitted him to perform a "very simple operation" on her face. She admits that she has since exhibited her face as a proof of her own skill and the result of her own treatments, "which is the truth and known to be the truth by the plaintiff."

All his representations, she declares, were "false and fraudulent" and made to cheat and defraud her. In truth, according to Miss Hobson, Dr. Balsinger "wandered from State to State attempting at various times to practice medicine and surgery," and finally was admitted to practice in Chicago, where he "imposed upon gullible persons who were lured by his glittering promises." A malpractice suit and his expulsion from the Medical Association followed, she declares.

Miss Hobson concludes by denying that she owes Dr. Balsinger a cent.

Dr. Balsinger left the Barbara Hotel Sunday saying he was going to Chicago and that he would be back in July, according to the hotel office. He had been living there for about three months.

PAIR HELD TO ANSWER AS BANDITS

Thomason and Doyle Bail Doubled Also in Herman Hold-up Case

J. W. Thomason and Jimmie Doyle were held to answer yesterday by Justice Wood on a charge of robbing Mr. and Mrs. Sidney Herman of jewelry and furs worth several thousand dollars. Bail was raised from $5000 to $10,000, in default of which both were remanded to jail.

Mrs. Herman testified yesterday that she had seen the features of one of the bandits, whom she afterward identified as Thomason, when his mask slipped during the robbery. He had accidentally struck her in attempting to prevent her from turning on the light, she said, and caused her eyes to pain her. She asked him to wipe them with a handkerchief, she declared, and in doing so his mask slipped and his face was momentarily exposed.

She declared that she and her husband were bound and gagged. After the bandits departed, she said, she managed to loosen her bonds and liberated her husband.

Una Trevelyn, former actress, was on the stand again yesterday and told how Thomason was identified at his hearing on a charge of robbing her by Mrs. Herman. Miss Trevelyn suspected Thomason, she said, when he came to her house some time prior to the time she was robbed and offered her furs similar to the ones stolen from the Hermans.

The case was prosecuted by Dep. Dist.-Atty. Mitchell. Detective Lieutenants Shammo and Bartley conducted the investigation that resulted in the arrest of the suspects.

SISTERS IN EXCHANGE OF ROLES

One Was Plaintiff for Divorce, Other Witness; Now Its Vice Versa

The roles played yesterday in Judge Summerfield's department of the Superior Court by Mrs. Vera Marie Willis and her sister, Mrs. Florence Vincent, are to be completely reversed next week.

Yesterday Mrs. Willis appeared in court in the role of plaintiff in a divorce action against her husband, Ralph William Willis, and her sister accompanied her as the chief corroborating witness.

But next week, according to Attorney Wilbert C. Hamilton, who represented Mrs. Willis, his client will take the part of corroborating witness while Mrs. Vincent will appear in the role of plaintiff in a divorce suit against her husband, thus returning Mrs. Vincent's sisterly favor.

But whether Mrs. Vincent's suit will meet with the same success as that which attended her sister's battle for marital freedom remains to be seen, of course.

The entire case in the Willis suit yesterday hinged upon the question of who deserted, but when Mrs. Vincent took the stand and declared in corroboration of her sister's testimony that Vincent had been the deserter, Judge Summerfield granted Mrs. Willis a decree.

Willis had filed a divorce complaint charging his wife with desertion. She countered with a cross-complaine in which she charged him with the same offense. He was not present in court, however, and the decree went to his wife.

TELLER IS CHARGED WITH EMBEZZLEMENT

A complaint charging six counts of embezzlement and falsification of corporation records was issued by Dep. Dist.-Atty. Clark yesterday against Gilbert Fatrious, former teller at a branch of a local bank, who is now in the County Jail. The suspect was arrested Monday on charges of embezzling $2000 from the bank and falsifying the records to cover his asserted peculations.

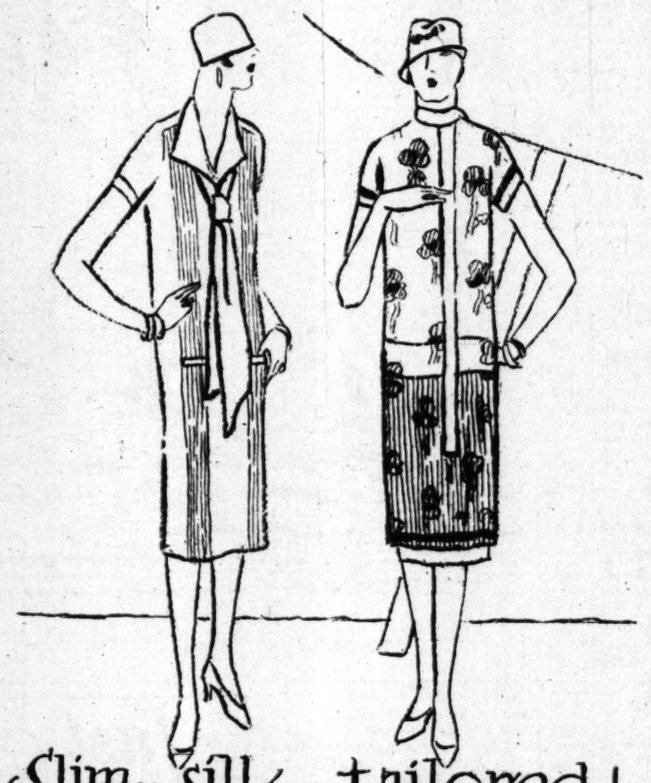
Crepe de Chine Slips, $7.95!



For Tunics, For Lingerie Dresses, For Underneath Summer Frocks

With the Lingerie Dress so much in vogue—the lace tunic which is practically a dress—slips are very much "in."

Slips in the lovely pastels—peach, flesh and pink.

Slips in the smart street shades of blonde, gray, tan, black and navy. And Slips in white.

One of Bullock's Most Popular Slips Is This Tailored Type at $7.95

Fashioned of that lovely heavy crepe de Chine in all the desired shades mentioned above.

Simply tailored with tiny tucks across the front and a pert little silk rosebud trimming. At $7.95.

Another Model That Is New, With Lace-Trimmed Top, at Bullock's, $7.95

—Section of Underskirts and Slips, Bullock's Fourth Floor

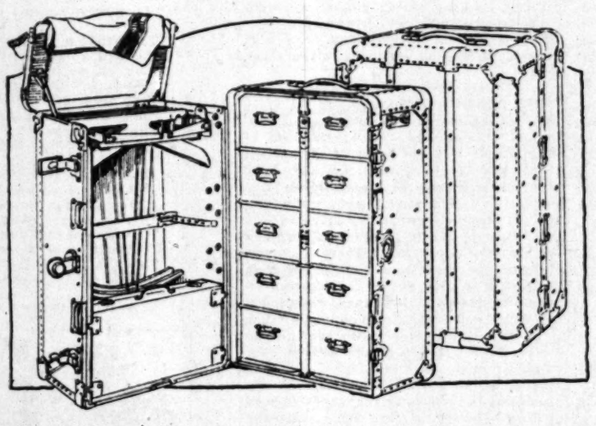
Slim-Silk-tailored! Summer Dresses ~ $25 $35

The slim, silk tailored sort of dress for daytime wear. Big splashy floral prints. Pastel crepes of many plaits and perfect "tailoring."

Just seventy have come—anticipating that summer's smartness is to be told in terms of the simple, wearable silk crepe dress—lovely in color. Flesh, peach, periwinkle, white, navy, jonquil, Coolidge gray.

Well-done sports and tailored type dresses for women—in excellent silk crepes. At $25 and $35. Sizes 34 to 44.

The Fashion Sections — BULLOCK'S — *Third Floor*



25 Bullock-Hartmann Trunks Arrive to Make Stir, $57.50

Have you realized that railroad rates go into effect on May 22? And that day is racing down on us? Take a look at the sketch above—have you ever seen such a complete trunk for $52.50? Bullock's Trunk Section is confident it is a value hard to beat!

Read the detailed story (giving thought to the low price, $57.50!)

Three-ply veneer body (green vulcanized hard fibre covered and bound), brass plated hardware, 4 steel runners (that means upstanding under strain) with 2 on each panel.

Green Hartex lining (washable) in the garment section. Equipped with a shoe box, dust curtain, laundry bag! Protective cushion top (a feature not to be ignored in sizing up its value). Five steel bound drawers with washable Hartex facings. Drawers equipped with new locking bar, tie tapes, and an iron holder! Tapes specially designed to carry men's hats, drawers for carrying women's hats. Complete with a pressing board, this model but $57.50.

Trunk Section, Bullock's Fourth Floor—Hill Street Building, South

Reduced! 72 Sweaters for Girls---$2.95

Like the sketch or in checks or stripes—these sweaters are all in the popular slip-over types.

Some with round necks. Some with V necks. A variety of styles and colors in sizes 6 to 14 years. But, of course, not every size in every style.

At Bullock's for a special feature Wednesday, $2.95.

—Girls' Sweater Section, Bullock's Fifth Floor

Girls' Crepe Bloomers at 65c Special

2 for $1.25

Bloomers in pink or white—of that splendid Windsor crepe so durable and practical for school wear.

These bloomers are well cut and finished, in sizes 6 to 16 years—quite out of the ordinary at 65c a pair.

—Junior Undermuslins, Bullock's Fifth Floor

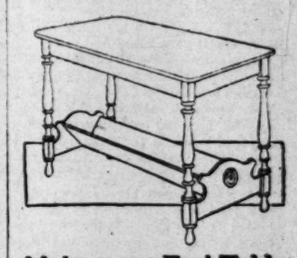
Convincing Prices Make Notable Good Furniture

Check Down This List of Four Values!

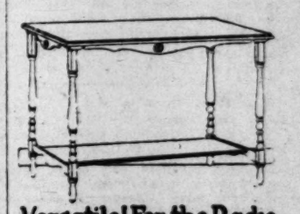
Wednesday is scheduled as a special mid-week furniture day. With items and prices chosen to widen the circle of Bullock's specialized furniture!



Mahogany End Table Convincing at $5.95

Another splendid event similar to one that Bullock's staged several weeks ago! Those who know Bullock's "good" furniture sale standards will not want to miss this one! Those who have not attended a Bullock furniture event, should investigate for their own advantage.

Mahogany from top to bottom with a most attractive book trough built under the table. But $5.95 each!



Versatile! For the Radio or used as Console Table

Specialized, $12.75!

Another furniture item that should start rapid selling on Bullock's Seventh Floor! Mahogany construction and finished an antique mahogany color! And radio fans, look at the sketch! See the shelf below for batteries?

"That's a good looking bargain!" exclaimed one Bullock customer at the last popular selling of these tables. Bullock's is confident that you will agree.

Fireside Benches in Mahogany Low, $10.75

Durably made in mahogany, effectively covered with tapestry! Measurements: 40 inches long, 14 inches wide and stands 18 inches high!

An especially attractive design. The price should focus interest early!

Furniture Section, Bullock's Seventh Floor

Breakfast Table, $19.75 Matching Reed Chair, $6

The Reed Furniture Section comes to the fore with two items, specially low priced. Interesting, too, now warm mornings are in sight!

First the reed breakfast table (36x48) at $19.75. It has a graceful oval shape, with an oak top that goes in for a beveled edge. It's new and a saving, too!

The matching reed chairs are to be remembered for breakfast room or sun porch use. $6 each is an under-pricing.

LENGTH OF YEARS

Medical scientists now insist that there are no physical reasons why our men and women should not live 150 years at least. But there is a feeling that the motor traffic on the highway offers a rather assertive physical warrant for earlier demise.

MANY LAST HORSES

Nearly 1000 horses were disposed of at a recent sale of draft animals in an Illinois city. It's a wonder that the horses don't come out against the draft. But, anyhow, there seems to still be a call for the four-legged critters. There were over 1000 persons at the sale—which would make it a horse apiece.

FROM STRENGTH TO STRENGTH

Many are the conditions that make a country strong, but their effect is only comparative. Riches are good, not in themselves, but in their disposal. Laws are good only so long as they are wise laws and wisely enforced. Obedience to the law, indeed, out-values the making of it. Population increase is healthy where health conditions are good and children well born. Education is good—the higher the average intelligence of a people the greater their material success. But the secret of a nation's greatness is outside and beyond all these and President Coolidge expressed it in one terse sentence—"The strength of a country is the strength of its religious conviction."

VOTING IN JAPAN

The Japanese are liable to make April 28 a national holiday as a commemoration of their new franchise measure, which carries the right to vote to all males over 30 years of age. This will give the ballot to upward of 15,000,000 citizens and is the greatest concession to individual representation that the empire has ever known. Under the old law the voting was limited to less than 3,000,000 persons. Women are not yet permitted to vote, but it is predicted that they will yet be given the franchise. The new law may not go into effect for a couple of years, unless there is a dissolution of Parliament or a change in the Cabinet of administration. However, it is in the law of the land and is a forward step in popular government.

BEST PEACE MOVE

If all other countries were to start movements along the lines arranged by the governments of Britain and Australia the greatest cause of war between nations would be removed and peace would soon be as easy as it is now difficult. The Australian commonwealth and the British government plan to set aside large sums to transplant 450,000 Britons to Australia in the next ten years. England has a surplus of people and Australia a surplus of untilled acres. The plan is to select the migrants and provide them with funds for passage and the development of farms. The earth is a cross-word puzzle of overpopulated and sparsely inhabited areas. When this puzzle is solved the path of peace will be considerably straightened. Britain and Australia are on the right track.

BIBLE IN THE SCHOOL

Under a new law a Delaware schoolteacher may be fined $25 if she fails to read five verses from the Bible or have the pupils recite the Ten Commandments at the beginning of each school day. This is supposed to represent a certain amount of moral or religious training, but it is rather barren unless applied with the proper spirit and interpretation. It would be meaningless were the teacher not in right accord. Also thousands of citizens insist upon a complete severance of church and state and see in this law a trespass upon the Constitution. They say that it is just as wrong to send a teacher to jail for refusing to read the Bible as it is to send him to the lions for insisting on doing so. There seems to be always room for a quarrel when the matter of religious discipline is brought up.

A WIDESPREAD CALAMITY

A disaster has taken place in the districts of Chalchihultes and Sombrerete in the State of Durango, Mexico, of such magnitude that, had it occurred in some better known part of the earth, it would undoubtedly have attracted universal expressions of horror and sympathy. Over a large area earthquake shocks have prevailed for seven days, intermittently, hundreds of families and farms have been wiped out and 12,000 persons are reported to be homeless and facing famine. Little is written and little is heard of this major calamity. Yet for a week and longer the newspapers were recently filled with sensational stories of the attempted rescue of one man from a cave-in in Kentucky. Distance does make a vast difference, in spite of airplanes, radio and the gospel of universal brotherhood. Mexico and her President, however, are meeting the situation with all the love and courage to be expected of this great Latin-American republic.

UNIVERSITY GROWTH

With the new State University project now well under way, Southern California is thinking more intently than ever in terms of higher education. It has been estimated that the Westwood College buildings will be housing about 10,000 students within the next three years. If this number be added to what the Berkeley and other buildings of the great University of California will be containing in 1928, at the present rate of increase, this State then will have the largest institution of learning, with the largest number of students, in America, if not in the world.

As it stands, the University of California has over 14,000 regular students studying for degrees and nearly 1000 teachers, and, with those taking extension courses and attending the summer schools, there are in all over 25,000 students. There is no other university in the country outside of New York that has such a long roll of undergraduates. The Educational Directory of 1924 reported the University of Chicago as having 13,357 regular students, with 401 instructors, that of Minnesota 11,810, with 650 teachers; Illinois 11,083, with a faculty of 1170 members, and the University of Michigan 10,000, with 775 teachers. Old Harvard, formerly near the head of the list, has only half as many students as our great institution of learning, while Yale has less than a third. Columbia University of New York has made great strides in recent years and now has 32,000 undergraduates and 1200 instructors. There are, however, included in these figures nearly 600 attending Barnard and Teachers' Colleges.

President P. L. Campbell of the University of Oregon published a statement in May, 1924, listing the value of gifts to State universities. Many of these gifts took the form of buildings, libraries, professorships, stadiums and funds for research work. Of the forty-three on the list there was only one that had received a greater amount of benefactions than California and that was the University of Michigan. The gifts to our university totaled $13,000,000, while those to Ann Arbor amounted to $25,000,000. The rich State of Illinois had received for its university in such gifts only $377,000, Indiana $2,500,000 and Ohio $1,684,000.

For years rich Californians have been lavish in their benefactions to their great State institution and that is one reason why students have thronged to it from all over the country. The splendid gift of James Lick, $700,000 for the great observatory on Mt. Hamilton, completed in 1888, started the ball rolling, and California's men and women of wealth have since that time showered gifts upon the university until today it is as well equipped as any in the country. It has given greater aid to astronomical, metallurgical and agricultural science than any other. Besides the splendid observatory on Mt. Hamilton it has another at Santiago, Chile, where valuable researches have been made by California astronomers. Its agricultural college is a wonder of far-reaching efficiency. It has also done conspicuous work in the field of medical science, with its two fine departments, one in Los Angeles and the other in San Francisco.

To be a graduate from the University of California is to have a peculiarly high standing among the alumni of the land, and that so many young Southern Californians will enjoy this privilege amid the delightful surroundings of the new colleges in Los Angeles is something of which they and their kinsfolk may well be proud. In fact, to receive a diploma from one of our scholastic institutions affords a distinction to the graduate, as he is known to have come from a State that, in proportion to its population, is more free in its expenditure for educational purposes than any other in the Union. According to data published by the United States Bureau of Education, giving the receipts of universities, colleges and professional schools, the California institutions received in 1922 the vast sum of $22,330,000, or a greater amount than any other State save New York, Massachusetts and Pennsylvania, though there are several States on the list besides those named that have a greater population than California. The total cost of public-school education in California in 1922, as given by the same authority, was $93,534,000. There were only four other States that expended more money during that year for this purpose and these were all of much larger population.

Californians realize, as did the ancient Job, that "the price of wisdom is above rubies." They are continually laying new foundations upon which "knowledge shall grow from more to more."

A NEW TOURIST

Two years ago Donald McElheny, now 15 years old, of Windsor, Ont., Can., placed a message in a pop bottle which he threw into Lake St. Clair. It was recently found off the coast of Santa Barbara, Cal. —[News item.

This bottle had traveled down the Detroit River, across Lake Erie, plunged over Niagara Falls, navigated Lake Ontario, breasted the St. Lawrence and swept out upon the Atlantic Ocean. Whether it rounded Cape Horn or passed through the Panama Canal will never be known; but it finally found its way up the coast to Santa Barbara.

Everything seems to be on its way to California. Every old flivver seems to be all a-quiver to shimmy to California. Human derelicts-beat their way to California, where cold is no more and where storms do not come up nor kill. Every ship in the Navy recently had palpitation of the heart until it sailed into California waters. Every man, woman and child dreams of the time when he may come to California. Even the old pop bottle that became a cast-away up in the heart of the East set out for California. It decided to come to California if it took two years to do it.

Left alone the water of every stream that flows down into the Mississippi Basin and every drop that rushes toward the Atlantic along the east shore of the country is dreaming of California. It will roll along until it finally curls around the continent and at last washes the golden sands of California.

Is there magic in our map? Is there a peculiar lodestone in our Sierras? Is there an overpowering attraction in the old State's soil? Are the inhabitants of California mesmeric in their optimism?

Going Down

[Copyright, 1925, by Public Ledger Company]

THE TRUNK STRAP

After a long voyage over the earth, holding together the odds and ends of baggage, the trunk strap on its return home was used in Philadelphia recently in the ancient and accepted way.

A youth of the family had become a bit confirmed in putting his fingers on what did not belong to him. He had been caught repeatedly and reprimanded by the judge. But the final offense caused His Honor to deliver himself in good, old-fashioned Anglo-Saxon.

The father pleaded for probation for his offspring and was finally given charge of him on condition that he would take a strap and his boy into the cellar and there apply them together and administer chastisement until the marks of virtue and honesty appeared in large and unmistakable welts.

The sentence was executed and Solomon was again vindicated regarding the rod and the child. It may be that a little hickory oil given in old-fashioned doses might have a salutary effect upon the mind and heart of the coming generation.

The strap should be used with discretion; it should never be swung by a madman nor a fool. However, the parent of other years who said it hurt him worse than it did his child may have opportunity for utterance of his tender sentiments again.

Is it wise to allow the trunk strap to travel too far abroad? Should it not be required to keep within hailing distance? Is the trunk strap a greater educative force in a baggage car or stateroom than it is hanging as a silent reminder in the woodshed?

THE MISSION BELLS

The finding of the long-lost bells of Carmel Mission and their restoration to their old place in the belfry of the ancient church near Monterey add a new and poetic page to the history of the California missions. Old Carmel went to ruin in the '70's, but has been restored in recent years, and the return of the bells adds the finishing touch to the restoration. There were two of them and they were both stolen from the church in 1830 during the Mexican regime. In 1861 and 1862 they were found in Soledad and San Antonio and were taken to St. Patrick's Church in Watsonville and stored there. Nobody knew whence they originally came, and there they lay in Watsonville for over sixty years until it was discovered the other day that they belonged to Carmel. Now they are home again and soon will send their sweet tones pealing over hill and dale.

Carmel Mission was founded by brave old Junipero Serra soon after he and his Franciscan fraters reached Monterey in 1770. It was due to Serra's foresight that the mission was planted there. He saw that Monterey was not an ideal place for a mission, owing to the absence of broad acres to cultivate and water to irrigate them. Spying about, he found a beautiful and fertile valley on the shores of a river, which he named Carmel. The site selected was amid hundreds of acres of rich, rolling land, which he previsioned as fields of grain, orchards and vineyards. When the church, with its surrounding barricade, was completed he gave it the name of San Carlos Borromeo, but it soon came to be known simply as Carmel and is so called today.

Some miles farther south he already had built the mission of San Antonio, in the Santa Lucia Valley. Before a single adobe had been laid in place he directed that the bells afterward to be hung in the tower should be swung from the limbs of a large oak tree, and as soon as the first one was up he tugged at a rope, sending forth a far-echoing peal, and, calling at the top of his voice, "Come, ye Gentiles, come to the holy church! Come to the faith of Jesus Christ!"

The Gentiles were the Indians whom he had come to convert to Christianity and who afterward were to be his laborers and neophytes. But when he called forth in his rhapsodic way there was not a Gentile in sight and no church but an oak tree with bells hanging from its branches. Those of his companions who thought the old enthusiast had gone mad were not men of such vision as he, nor did they probably know that "The groves were God's first temples."

Carmel and the other missions still have their influence, for one may not gaze upon their old walls or broken belfrys without a feeling of reverence for them and what they stood for in the olden days—what they represented of faith, of the fear of God, of patient labor, of endurance and of flagellant piety. On a quiet morning or evening Monterey will again hear the old bells of Carmel as it did long before Sloat raised the American flag and took possession of California in the name of the republic. For it is recorded that, although the distance is five miles over the heavily wooded hills, their tones could be plainly heard at the old-time California capital by the sea.

And when one of poetic lore hears the Angelus sounding from that old mission tower he may be reminded of Bret Harte's song:

Bells of the past, whose long-forgotten music
Still fills the wide expanse,
Tinging the sober twilight of the present
With color of romance!

I hear you call and see the sun descending
On rock and wave and sand,
As down the coast the mission voices blending
Girdle the heathen land.

Just About It
by James J. Montague

NOT ACCORDING TO PLAN

An erudite college professor was wedded
To a lady whose lineage was Norse;
The wife of his bosom was ivory-headed,
But strong as a Percheron horse.
While he, though his brain was exceedingly agile,
And admittedly one of the best,
In person was puny and spindling and fragile,
And flabby and flat in the chest.

And all the eugenists exclaimed in elation:
"Just wait till the kids come along!
The husband's a marvel of pure cerebration,
And the wife is both husky and strong!
Most men into fatuous love matches blunder
And anon curse the day they were wed,
But the fruit of this union will wake the world's wonder,
For they're bound to be perfectly bred."

The children arrived and were carefully nourished;
(Their number was goodly, viz., ten)
They all, on the training accorded them, flourished
And grew to be women and men.
Each spent the allotted four years in a college,
But when they'd all finished at length,
The girls seemed to have all the quota of knowledge,
While the boys had corralled all the strength.

No longer eugenists declare with elation
That the race will be certain to gain
When marriage is made but a shrewd combination
Of health and of muscle with brain.
Time proved that these people were rather bad guessers,
Though to us it can make little odds
That the girls of the family are college professors
While the boys are all carrying hods!

(Copyright, 1925, by the Bell Syndicate, Inc.)

Consuming One's Own Smoke

In the judgment of the present writer, the Eighteenth Amendment is a permanent part of American law. Its justification lies in its effect as social sanitation, a matter as vital as physical sanitation, and defensible on the same grounds. It ought not to be a matter of national interest what a man does if it concerns himself alone—in other words, if "he consumes his own smoke." But the manufacture and traffic in alcoholic spirits never kept to itself. Its "smoke" invaded every walk in life and limited the freedom of every citizen. But prohibition, however necessary, should consider interests of society only. It is not a duty of the State to sit in judgment on personal habits, to invade homes without warrant nor to interfere with the ways of other nationals so long as they do not interfere with ours. But every phase of the liquor traffic does so interfere, and its outlawry has come to stay.

DAVID STARR JORDAN.

Correct this sentence: "I've used it only six months," said he, "and I can see a new growth of fuzz on my head."

Sooner or later the reckless driver's friends also figure in the vital statistics.

ARE YOU A HYBRID?

BY W. E. ALLEN

Several weeks ago I heard a speaker over the radio emphatically that hybrids are never fertile (that they do not spring.) A day or two ago I noticed an assertion in a ticle to the effect that Luther Burbank emphatically of our most useful plants and animals are hybrids or the of hybrids.

For two such extremely divergent statements there appear to be three ways of explanation. First, the two men may have meant far different things when they used the word "hybrid." Second, it is supposable that one or both of them may have been hopelessly ignorant concerning the field where he tried to speak with authority. Third, it is possible that one or the other may have deliberately distorted or contradicated the facts.

For present purposes it is sufficient to assume that the first explanation is correct and that the two men were talking about widely different things under a single name. Apparently the radio speaker used the word "hybrid" in the extremely narrow meaning of offspring from parents of two distinct, "fixed" species. On the other hand, Burbank evidently used "hybrid" to mean the offspring of animals or plants which are merely different from each other to greater or less extent.

The Standard Dictionary says that a "hybrid" is an animal or plant produced by mixture of different breeds, species or genera and gives the words "mongrel" and "half-breed" as having similar meaning. The Encyclopedia Britanica says that "hybrid" is used for fertile offspring of more remotely related parents (e.g. different species) and "mongrel" for fertile offspring of more closely related parents (e.g. different varieties,) but that there is no satisfactory boundary between them. A leading biologist, Prof. Woodruff of Yale University, says: "One ordinarily thinks of a hybrid as a cross between two species or, at least, two characteristically distinct varieties of animals or plants; but, as a matter of fact, the offspring of all sexually reproducing organisms are really hybrids because two parents seldom, if ever, are exactly the same in all of their germinal characters."

"Hybrid" is a word so much used by florists, gardeners, agriculturists, breeders of live stock and breeders of pet animals that it is worn threadbare. It is a practical word which plays a large part in their plans and in the handling of their business, because it is through the making and keeping of hybrids that they seek to improve their stock. Without any exception that I have ever met, such professional people use the term "hybrid" to denote the offspring of parents which differ from each other in some way or several ways. They all know that offspring cannot be obtained by crossing certain plants or certain animals, but they also know that there are such large numbers of plants and animals which will cross breed that there will always be plenty of material to use in experimenting to produce new breeds.

There are probably more than 1,000,000 species of animals on earth at present. If only 10,000 of these species could be crossed to produce hybrids it would be quite correct to say that "most" species of animals cannot be crossed because the 990,000 species remaining are certainly "most" of the 1,000,000. That, however, does not prevent the breeders from finding plenty of work to do with the 10,000 (or even with 100, if that should be all that could be crossed.)

So, when a person says that hybridization is not possible or that all hybrids are infertile, we must conclude that he is using the word in some very unusual way or that he is so impressed by the 990,000 that he ignores the 10,000 (to say nothing of many thousands of plants which hybridize) or that he is not stating facts. So far as common knowledge goes, Burbank's statement does well enough. Furthermore, scientific information leads to somewhat similar (though possibly less extreme) conclusions.

TO KATHLEEN

Kathleen Mavourneen, the day may be dreary,
The sun may shine dim through the shades of the past;
The path may be rugged and lonely and weary,
But the weariest way will turn at the last.

Kathleen Mavourneen, the day that is dying
Has long borne its burden of care and of sorrow;
Wild storms have beaten—the sea birds are crying,
And you, do you hope for a brighter tomorrow?

Kathleen Mavourneen, cease now your repining,
The day has now come when your sadness should cease;
The sun of today will soon be declining,
To light in a New Day, the Valley of Peace.

Kathleen Mavourneen, that New Day is breaking,
The clouds are all scattered, the past is all dead;
Cast grief to the winds, old sorrows forsaking,
A New Day is dawning, whose glory will spread.

Its glory will spread—a glory unending,
As ceaseless and grand as the old ocean's roar;
And angels will sing in full chorus attending,
Till echoes roll back from Eternity's shore.

VAMPS

By LEE SHIPPEY

As nearly as one can judge from recent motion pictures, vamps are young women who would be rather attractive if they weren't afflicted with St. Vitus dance.

They simply can't keep still. They constantly fling their arms out—and around. They wiggle and wriggle and skip. They jump about like jack-in-the-boxes and stride to and fro with all the grace of mechanical toys.

That is how they show their pep. And their pep seems to be the only thing which makes vamps of them. Good and loyal husbands who have been brainy enough to pile up lots of money and live in palatial homes seem to be won instantly—not by any miraculously—by that display of pep, wholly unaccompanied by any display of intellect. A fidgety stenographer might make any one of these husbands wild with annoyance, but a vamp whose nervous spasms should be enough to stop a clock makes them instantly forget home and babies and long to buy illicit champagne and become real cut-ups.

On the whole, it makes an average man feel pretty well satisfied with himself to see a vamp style vamp show. It makes him feel superior. He feels that, whatever his weakness, it will be a rainy day in Guatemala before an empty-headed, vanity-intoxicated, finely dressed creature can make a monkey of him merely by twisting and wriggling and showing, among other things, her lack of taste and good breeding. So, when he sees a successful business man or a gay young scion of some ancient house falling for that sort of thing he cannot resist the idea that he himself averages up pretty well. And he is inclined to wonder if some of the directors don't make motion for emetics.

PEN POINTS

Cynicism: The hard place where the blister was.

The smaller the town the pride it feels in its parking problem.

Rights: Privileges enjoyed by people strong enough to lick the others.

Yet no chorus lady ever was conspicuously nude as a man in his first knickers.

Prosperous times are those which most of us pay more for a few of us.

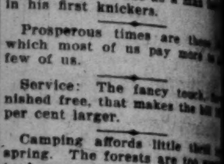
Service: The fancy touch, finished free, that makes the bill 10 per cent larger.

Camping affords little thrill in spring. The forests are too poor to burn well.

Nobody has a cinch, and it may be that germs have other people to prey on them.

The eternal triangle that gives most thrill is the one from second to first.

About the only effects of the war now remaining visible in America are girl ushers.



It always happens when the driver is in a big car and the driver in a reverie.

Americanism: Admiring a princess; demanding that he stop waving and make a speech.

The reason every bird has a home is because it isn't so popular about a good neighborhood.

The "nameless pathos in the air" of spring may have connection with what dad spends for millinery.

Yet there is no particular virtue in forgiving and forgetting if you licked the other fellow.

Correct this sentence: "It is timidity," said he, "that keeps me from affecting a walking stick."

The things that seem most in the way are a sore thumb and a man about the house during working hours.

The new international ... won't help much unless it is designed to eliminate stepping on one another's toes.

It takes more than an eyeopener to make a man see himself as others see him.

Many a man is satisfied to be in the crowd without knowing where it is going.

The nice thing about accepting advice is that we can always blame the fellow who gave it to us.

Habits are something that holds ... ly would worry a man at all if he ... didn't worry his wife so much.

A good many women now ... admit bobbed hair would be a great convenience if it didn't take a long time long to fix it so it will look like it ain't.

OAKS DIVORCE DELAY FOUGHT

Wife Says Former Chief Seeks to Embarrass Her

Alleges Threat to Involve Home in Debt

Asserts He Bought Diamonds, Radios on Credit

Threats by Louis D. Oaks, former Chief of Police, to "cause her all the trouble and annoyance he could" in the prosecution of her divorce suit were recited yesterday in an affidavit filed by Mrs. Josie M. Oaks, his wife, in response to a motion of Oaks' attorneys that the case be continued for sixty days.

In her affidavit, Mrs. Oaks set forth that at a meeting with her husband last November, he told her at the time he would deliberately incur as many bills and obligations as he could so that these would constitute a lien on his interest in their home, which Mrs. Oaks now maintains is her own property, and that he would seek to cause her all possible trouble.

CITES CREDIT USE

Mrs. Oaks further asserted in the affidavit that his threats were not idle, since he obtained a $300 radio receiving set from a local music firm on credit after displaying his old badge as police chief and that he obtained another radio set in the same manner from another firm. She also declared that he had purchased a $700 diamond bracelet from a West Ninth-street jeweler, with the statement that he would expect thirty days credit if he did not return it and that attorneys for the jeweler were now contemplating the former police chief's arrest on a charge of obtaining the bracelet under false pretenses.

Judge Hanby of the Superior Court heard the motion of Oaks's attorneys for a sixty-day continuance of the case, but denied it after argument. As a result of the court's ruling, Oaks must appear in Los Angeles by the 23rd inst. if he desires personally to contest his wife's suit. Attorneys for Oaks, in pressing their motion, stated that the former police chief was confined to a hospital at San Antonio and would be unable to appear in court for two months.

OAKS'S LAWYER SPEAKS

Howard S. Lewis, attorney for Mrs. Oaks, however, declared that the delay was being sought by Oaks in order to cause his wife's affairs to become inextricably involved.

Mrs. Oaks's affidavit concluded with the statement that her husband, at the time of their separation, had approximately $20,000, either in his name or his brother's name, at the Hellman Bank, and that the certificates of deposit for this sum bore a memorandum that in event of Oaks's death the money should go to his wife.

HUSBAND FREED IN GIRL CASE

Child Wife in Delinquency Prosecution Not Allowed to Accuse Walker

A complaint charging Jimmy Walker, 23 years of age, with contributing to the delinquency of his 14-year-old bride was dismissed yesterday by Judge Archbald of Juvenile Court on the statutory ground that a woman's testimony of a criminal case against her husband cannot be used in the prosecution of the husband.

Walker and his mother, Mrs. Ruth Lefter, were accused of contributing to the girl's delinquency after Walker was asserted to have eloped with the girl to El Centro where he was said to have married her. It is charged that she was persuaded to swear she was 18 years of age in obtaining a marriage license. Mrs. Lefter was held to answer last week by Judge Archbald and is now awaiting trial by a jury.

According to testimony brought out at Mrs. Lefter's preliminary hearing, the girl left home with Walker and his mother after the girl's mother had been informed the party was going on a picnic in Fish Canyon. Instead of going to the picnic, the party was said to have motored to Mexicali where Walker and the girl failed to get married as they did not possess the necessary fee. Then they were said to have returned to El Centro where, according to the testimony, they were married by a judge.

Screen Cowboy is Badly Injured in Fall Off Horse

Jack Hoxie, hard-riding film cowboy, suffered a broken shoulder when his horse, galloping up the side of a hill yesterday at Universal City, stumbled in a gopher hole and fell on the actor. Hoxie probably suffered several dislocated vertebrae, physicians stated, and will be out of pictures for some time.

Ben Corbett, actor in the same picture, who was riding behind Hoxie, also was thrown from his horse and received a broken left leg.

Hoxie was taken to his ranch home near Burbank where he will remain until he is able to return to pictures. Hoxie and Corbett were riding in a scene in "Straight Shootin'," which is directed by Robert Bradbury at Universal City.

UNIVERSITY COURSE DEALS WITH CIVICS

Dealing with the Civic Center plan, the location of new proposed subways, the Colorado River project, local bond issues and related topics, a political science lecture course on the State and local government will meet during the months of April, May and June at Metropolitan College, University of Southern California, in the Transportation Building, Seventh and Los Angeles streets. Meeting at 7 o'clock every Thursday evening in Room 1215, organization will be completed the 16th inst. Registrations will be taken between 7:45 a.m. and 9:30 p.m. at Metropolitan College.

SOCIETY

BY JUANA NEAL LEVY

Formal announcement is made this morning by Mr. and Mrs. Allan James Wilson of 1521 Hayworth avenue, Hollywood, of the engagement of their attractive young daughter, Miss Barbara Wilson, to Oscar A. Trippet, Jr., son of the late Judge Oscar A. Trippet and Mrs. Trippet of Los Angeles.

Flappers Want Concave Teeth As Beauty Aid

Manilla, P. I.—The flappers of the Moro tribe pay to have the upper part of their teeth filed away so that their general shape is concave.

Custom has taught them that teeth that apparently protrude from the mouth are beautiful. Custom has taught us to wear clothes that contain a half pound of dirt and grime because the dirt is unnoticeable to save the cost of a cleaner's bill.

But, custom has taught false economy for thoroughly clean clothes wear longer and a trip to a master cleaner is a saving in the long run. National campaign for your protection.

(Copyright 1925—Adv.)

The Crime Against the Child of Three

Mothers are usually careful to wash the skin of very young babies with a pure, mild soap specially prepared for the baby's tender skin.

But when the child has grown to two or three years, this special care often ceases, and any old soap is thought good enough.

The skin of a child is soft, sensitive and tender until six or eight, sometimes longer.

It is therefore important to avoid soaps that are harsh, alkaline or rancid. It is as much a crime to use such soaps on the child of three as it would be on a new-born baby.

For all children, use Castolay, The Modern Castile Soap, which has all the good qualities of old, genuine Castile, and advantages that Castile at its best never had. It lathers freely, rinses quickly.

20c. a cake; 3 cakes for 50c. Made by The Andrew Jergens Co., the world's largest exclusive toilet soap makers.

For Bride-Elect

Honoring Miss Florence Eddye Bartlett, daughter of Mrs. Albert Griffith Bartlett, whose marriage to Harry Tipton Steck will be one of the events of the month, a number of charmingly arranged affairs are being given, among them being the luncheon and bridge with which Mrs. Warren N. Horton of West Adams street entertained yesterday afternoon at the Los Angeles Country Club, covers being laid for sixteen. The decorations were carried out with a profusion of spring flowers and delicate ferns. Mrs. Horton was assisted by her sister, Mrs. Victor Ford Collins.

This afternoon Mrs. Richard F. Mogan is entertaining with an informal luncheon and bridge at her home on Plymouth Boulevard, honoring Miss Barlett, a dozen guests being bidden.

Honor Guests

Miss Margaret Gray, Miss Dorothy Gray and Miss Margaret Martin shared the honors at a beautifully appointed luncheon yesterday the news being told at a charmingly appointed tea with which Miss Wilson entertained at her parents' home yesterday afternoon. The dainty young bride-elect is a student at the University of Southern California and a member of the Pi Beta Phi Sorority, while Mr. Trippet is a student at Stanford University, where he will be graduated this June, and a member of the Kappa Alpha Fraternity. No date has been set as yet for the wedding, which, however, will be one of the events of the early summer.

afternoon with which Mrs. John Moore Schmoele (Elizabeth Taylor) and Miss Genevieve Maier entertained at the home of the former in Harvard Boulevard, the decorations being artistically carried out with a profusion of spring flowers and ferns, lilacs and iris predominating in the arrangement, and covers arranged for forty guests. Miss Margaret Gray is one of the most popular brides-elect of the month, her wedding with Dr. Francis Emmett Browne being scheduled to take place in St. Vincent's Church Saturday morning at 12 o'clock. Miss Maier will assist as one of the bridesmaids at the wedding.

Two Weddings

Two weddings in social circles will mark the calendar of today, when at 11 o'clock this morning Miss Hortense Elizabeth Van Mourick, daughter of Mr. and Mrs. Ferdinand B. Van Mourick, will become the bride of Daniel Corbin Roberts, the nuptial mass being read in St. Vincent's Church, West Adams and Figueroa streets, while this evening Miss Marie Crisman, daughter of Mr. and Mrs. W. Scott Crismon, will plight her troth to Barrett G. Hindes, the ceremony taking place in St. John's Church, West Adams street at Figueroa. Mrs. Richard Edward Letts will assist Miss Van Mourick as matron of honor. Miss Elsa Mathews, maid of honor, and the bridesmaids will include Miss Janet Morris, Miss Eleanor Donau, Miss Mary Loos and Miss Beatrice Hewitt. Miss Crismon has chosen her cousin, Miss Ruth Jennings of Salt Lake City, and Miss Harriett Andrews to be her bridesmaids.

WEDDING DAY SET FOR JUNE

Attractive Bride-Elect of Season

[Snyder for National Illustrated News Syndicate]
Miss Esther Miller

ONE of the attractive brides-elect of the season is Miss Esther Miller, daughter of Mrs. George A. Miller of Park View avenue, who announced her engagement to Willard J. Ball, Jr., at a charmingly appointed bridge-luncheon at the Mary Louise. The wedding will be one of the events of June.

while Conway Barbour will serve Mr. Hindes as best man and the ushers will include Barton Jones and Charles H. Toll, Jr.

At Pebble Beach

Mr. and Mrs. Daniel Murphy of West Adams street, with their attractive daughter, Miss Bernardine Murphy, and sister, Miss Sue Sinnott, are enjoying a delightful Easter holiday at their summer home, "Wynanspray," Pebble Beach. Last week Miss Georgina Hicks, niece of Mrs. Dean Mason, and Miss Alice Hicks motored up for a week's visit. They are all planning to return home, however, in time for the wedding Saturday morning of Miss Margaret Gray and Dr. Francis Emmett Browne.

En Voyage

Mr. and Mrs. Eugene O. McLaughlin of South Figueroa street with their daughter, Miss Hortense McLaughlin, left last Saturday for an extended visit in the East, sailing via the Panama Canal.

Easter Luncheon

One of the enjoyable affairs of yesterday was the luncheon with which Mrs. Frederick Klamp entertained at her home in Vista street, Hollywood, the especially honored guest being her house guests, Mrs. Adele Brune-Munger and her sister, Miss Mina Brune of San Francisco. The decorations carried out the Easter color motif in lavender and yellow and covers were arranged for thirty guests, bridge being the feature of the afternoon's entertainment.

Bridge-Luncheon

Mrs. William E. Warmington and her mother, Mrs. R. E. Williams, have issued invitations for a luncheon and bridge at the Ambassador, Tuesday afternoon, the 21st inst.

Church Wedding

One of the loveliest of the post-Easter season weddings was that of Miss Betty Ball, daughter of Mr. and Mrs. John Ball of 1123 West Twenty-first street and Benedict Crowley, son of Mrs. Ella Crowley, which was solemnized yesterday morning at 9 o'clock in St. Vincent's Cathedral, Figueroa and West Adams streets, Rev. Solamus Crowley of Sacramento, brother of the bridegroom, officiating. The bride who was given away by her father, was lovely in her bridal gown of white satin and silk lace, with veil and orange blossoms and carrying a bridal bouquet of bride's roses and lilies of the valley. She was attended by her sister, Miss Jane Ball, who acted as maid of honor and wore cream-colored embroidered net over peach satin, large picture hat and carried Columbia roses. Another brother of the groom, William Crowley, was best man and the ushers were Frank Flynn and Theodore Maroney. Following the ceremony, a wedding breakfast was served at the home of the bride's parents. Two hundred guests were bidden.

Further Use

In these days of slips, it is wise to look over the shabby dress carefully before giving it away. Many times it can be changed into a slip and all worn places discarded.

Tirade in Court Halts Woman's Damage Action

Trial of the $10,000 damage suit brought by Mrs. Mary F. Gregory against the Los Angeles Railway Corporation came to a sudden halt in Judge York's courtroom yesterday afternoon when the plaintiff launched a tirade of heated remarks at attorneys for the railway company.

While Mrs. Gregory was being quieted in chambers by court attaches, attorneys for the defendant moved for a mistrial of the case on the grounds the remarks of Mrs. Gregory, made in the presence of the jury, were prejudicial to the rights of the defendant. The motion was granted, and it Mrs. Gregory intends to prosecute the case further it will be necessary for her attorney to have it reset for trial some time next year.

Mrs. Gregory sued on the ground she was hurled from the step of a street car and suffered a serious injury to her spine.

How to Have a Beautiful Skin

Apply this new, wonderful, harmless cream before retiring; rub it in thoroughly and leave it on overnight. Notice how white and clear your complexion becomes. Nourishes, purifies; imperfections fade away. Your complexion will look like a child's—soft, smooth and beautiful. Get a jar of Mello-glo Beauty Cream today. Diet and Health

By Lulu Hunt Peters, M.D.

ANSWERS TO CORRESPONDENTS

MORE ON WARTS

"Dear Doctor: We have been reading your article on warts and hasten to write you. We have a very harmless and effective remedy for the removal of warts, having used it in our family for years without a failure, and have recommended it to our friends.

"Purchase a dime's worth of collodion and, with a match, smear the collodion all over the wart and quite a distance around it. Do this several times a day, especially after the part treated has been washed. After several applications the wart will grow smaller and later disappear. The principle of the thing is 'the wart is smothered.' —Mrs. H."

You might think of it in that manner, Mrs. H., for perhaps the contraction of the collodion gradually shuts off some of the blood supply. There is a possibility of micro-organisms of some sort causing warts, because we know that one wart can cause another. For instance, a wart on the inner side of a finger may cause a wart to appear on the other finger pressing against it.

I have known of warts to disappear under the treatment you use, also. The reason I did not mention it in the column is that in one or two cases I saw it caused considerable suppurative inflammation. The wart disappeared, but it was a painful process.

However, I think that if the warts are scrubbed very thoroughly with soap and hot water and a light coating of iodin put on once a day, before the collodion is applied, this suppuration would not occur.

Iodin, bicarbonate of soda and potato juice are other remedies for ordinary warts.

Thank you for your interest, Mrs. H.

A GREAT REJUVENATION TREATMENT

"Dear Dr. Lulu: Just five months ago today I sent for your wonderful booklet on reducing. Inclosed are two snapshots which speak for themselves and are more than I can ever express in words.

"When I started on the diet I weighed 211½. (I am 5 feet 4 inches tall.) Today I weigh 145 and look at least ten years younger and feel more than that. I wanted to reduce fifteen or twenty pounds more. Then just watch me keep my weight!

"I can never tell you how grateful I am to you. I feel wonderful, have never had better health, I have the last three months, and I can says, 'God bless you and the work you are doing, and may you have an extra star in your crown.' —Mrs. S."

I wish more of you would send me snapshots of yourselves before and after. I wouldn't have known your pictures were of the same person, Mrs. S. Some improvement in the second picture!

You reduced 33½ pounds in three months. That's at the rate of about 10½ pounds per month. That's a trifle speedy. I think though it was apparently all right for you, since you feel and look so well.

Thank you for letting us know, Mrs. S. I am running your letter because it will help many others into the fold, and better health better health will result.

Mrs. J.—We have no record of speech defects you may have had. In sending a self-addressed stamped envelope with your request, please also for the list of books on Hygiene.

Tomorrow: Answers to Correspondents.

HOUSEHOLD SUGGESTIONS

Pictures in the Home

No pictures in the home seem to be the popular thought at the present time. However, one or two carefully selected ones will give a home-like appearance to many rooms and some rooms really require them as a finish to the small house. Attractively framed mirrors answer the purpose better as they give an appearance of size to the small room.

The Window Box

About time to think about the window and porch boxes. Wash the inside of the box before putting in the earth. This will keep the box from rotting and prevents insects.

The Nursery Walls

The walls in the playroom or nursery should be painted in a thoroughly practical way. Then the fingerprints can be washed off easily and the room will always look clean. If you do not care for the plainness of the painted walls, have a design stencilled around the top as a border, using designs appropriate to children.

For the Spring Bride

Add to your trousseau a large square of mosquito netting to use before you make the final dash through the confetti, throw it over you. It can be removed in the automobile, and with it the confetti.

The Treasured Wave

In order to keep a marcel wave in place over night, twist a piece of tulle around the head, holding it in place with invisible hairpins. This is much better than the confining boudoir cap as the latter is apt to make the head perspire and in this way ruin the wave.

VETERAN OF FILM GOES TO DE MILLE

Director Rupert Julian Signed for Lengthy Term

Special Pictures Planned

Rupert Julian, veteran film director, who made "Merry-Go-Round" and "The Phantom of the Opera" for Universal, yesterday signed a long-term contract to direct for Cecil B. De Mille, it was announced at the De Mille studio.

Two pictures, both of the big type, will be made by Julian this year. One will be a well-known New York stage play, the title of which is not announced, and the other is said to be an adaptation of a classic which has been in litigation for some time. The name of the second production is also withheld.

Julian is recognized as one of the leading directors in the profession. He became an actor at 16 years of age, in New Zealand, and traveled all over the globe for years. He was with Famous Players-Lasky in the days when Marguerite Clark was a star and also wrote scenarios for Universal. He also produced "The Beast of Berlin" for Universal. This was one of the first so-called war-propaganda plays.

GIRL-CASE HEARING SET

Charged with giving intoxicating liquors to two young girls, H. A. Williams and Fred Lang were arraigned before Judge Archbald in Juvenile Court yesterday on charges of contributing to the girls' delinquency. Judge Archbald fixed their bail at $500 each and set their preliminary hearing for the 30th inst. Bail for the men were raised by Dep. Dist.-Atty. Florence Woodhead.

Salted Almonds
Chicken Saute, Tyrolienne
Stewed Celery Boiled Rice
Fruit Salad
Mince Pie a la Mode
Milk Coffee

BAKED BEANS

Wash three cupfuls of Navy beans and cover with cold water early in the morning. In the afternoon drain the beans, place them in a saucepan with one small onion stuck with two whole cloves, and enough water to cover. Heat slowly and cook just below the boiling point until the skins will break when blown on. Drain off the water, remove the onion, place the beans in an earthernware bean pot, add a half-pound piece of salt pork that has been parboiled in boiling water fifteen minutes, and cut in half-inch strips to the rind, and one cupful of boiling water mixed with two teaspoonfuls of salt, three tablespoonfuls of molasses, two tablespoonfuls of sugar, two teaspoonfuls of mustard and one teaspoonful of black pepper. Cover the pot and bake in a slow oven six hours; uncover and bake one hour. Reheat before serving.

BOSTON BROWN BREAD

Sift one cupful of graham flour with one cupful of corn meal, one cupful of rye meal, three-quarters of a teaspoonful of soda and a scant teaspoonful of salt; add to them three-quarters of a cupful of molasses and one and three-quarters of a cupful of a milk; mix well, fill a buttered mold three-quarters full with the mixture; cover and steam three hours.

CHICKEN TYROLIENNE

Clean and cut in joints a young and tender chicken; if six are to be served use two chickens. Melt half a cupful of butter in a saute pan, add the chicken, which has been dusted with seasoned flour, and simmer slowly for twenty minutes or until nicely browned on all sides. Add one tablespoonful of orange juice, half a cupful of meat gravy, half a cupful of diced cooked ham, and one peeled and chopped tomato. Simmer for fifteen minutes, place on a hot dish and garnish with chopped parsley and apple rings fried in butter.

FRUIT SALAD

Mix one cupful of peeled and diced oranges with one cupful of peeled and diced grapefruit, one cupful of peeled and diced apples, half a cupful of stones and chopped dates, half a cupful of chopped walnut meats, and two-thirds of a cupful of cream salad dressing. Serve on cold lettuce-covered plates.

HAM SALAD SANDWICH

For each sandwich cover a slice of bread with mustard-flavored salad dressing, cover with a slice of boiled or baked ham, cover with a lettuce leaf, cover with salad dressing and cover with a slice of bread. Place the sandwich on a lettuce-covered plate and place on top of the sandwich a ring of green pepper and in the ring place a slice of hard-boiled egg; sprinkle the egg with chopped parsley and garnish the plate with slices of sour pickle and ripe olives.

[All rights to reproduce reserved by A. L. Wyman]

convention when from the platform she gave her president's report.

"Mrs. Meeker asked us to sacrifice powder, rouge, manicures, shampoos and candy, to buy a redwood tree for Memorial Grove. We never have had any of those things unless you call molasses taffy candy and we wash our hair in a tin basin. But we sacrificed and our club has given for the grove 100 per cent."

"That is the best exemplification of the spirit of women's clubs in the federation," said Mrs. Toll who did not stop the ovation to the country president.

CLUB HERE LEADS

Another country club president, Mrs. F. H. Edwards of Lone Pine, distinguished herself with this concrete report:

"We hike every week eight miles on the railway track. We voted 100 per cent at the Presidential election. We have given 100 per cent to the Memorial Grove. We are protecting our creek for drinking water. We are taking care of the graveyard in the town. We see that the best and only clean motion pictures come to town. One of our members comes thirty-two miles to each meeting and never misses. We are the church of the town and look after the education of the children. We are affiliated with the Chamber of Commerce."

The Tuesday Afternoon Club of Los Angeles holds the record as reported by the president, Mrs. Grace B. Willard, for the largest percentage of contributions to the redwoods which was 500 per cent, with Signal Hill Club of Long Beach coming second 435 per cent contribution, according to membership.

Mrs. Geoffrey Holt, chairman of the Woman's division of the California Development Association, will ask Wednesday by resolution for the co-operation of the federation in celebrating the seventy-fifth anniversary of the entrance of California into the Union, by uniting in fifty pageants, at fairs, expositions and festivals given during 1925 and by wearing Spanish costumes and colors as widely as possible.

WOMEN'S WORK, WOMEN'S CLUBS

Petitions Filed

Now that the petitions for candidates for Woman's City Club offices have been formally filed and the office seekers officially announced, the race will begin in earnest. Club members will be attending garden fetes, receptions and card parties given by backers of the various candidates until the eve of election.

Mrs. J. T. Anderson and Mrs. S. L. Wiley, seekers after the presidency of the organization, stress the point that it is friendly competition. They have appeared arm in arm at every club meeting since announcing their candidacies.

Other candidates are: First vice-president, Mrs. R. T. Brain and Dr. Jessie A. Russell; second vice-president, Mrs. Homer U. Prather and Mrs. Allie Simmons Wheeler; secretary, Mrs. H. V. Davis and Dr. S. M. Locke, and treasurer, Mrs. Effie M. Crawford.

Four members of the board of directors will be elected from the following list: Mrs. A. M. Adams, Mrs. E. C. Bellows, Mrs. Dana Cox, Mrs. D. E. Crail, Mrs. L. C. Crossman, Mrs. F. R. Feltsham, Mrs. Herman Kreusler, Mrs. Myrtle M. Mattera, Mrs. Alice McCartney, Mrs. J. S. Myers and Mrs. Hector Zahn.

Mrs. Davis is the incumbent secretary and Mrs. E. C. Bellows, running for one of the directorships, is the present president of the club.

To Honor Writer

Following the lecture on "Modern Literature" by Ruth Comfort Mitchell at the Friday Morning clubhouse Saturday morning, members of the Women's University Club and old friends of the speaker will gather at the clubhouse, 948 South Hoover street, for luncheon. Stanley Mitchell, brother of the guest of honor, who is now filling the position of secretary to the Automobile Club of Southern California, will share the courtesies of the club on this occasion.

An informal reception will be held in the clubrooms after the luncheon to give old friends of the guest of honor an opportunity to call and greet her.

Ruth Comfort Mitchell is the first of a series of notable writers to be presented by the Woman's University Club. She has a three-fold gift of expression—poetry, drama and fiction. She is "one of ours," born in San Francisco, spent her girlhood in Los Angeles and now resides in a hilltop house in Los Catos.

Flag Presentation

Impressive ceremonies attend the presentation Monday of a large silk flag by the Stanton Woman's Relief Corps of Los Angeles to the Woman's City Club. Mrs. Franke Engemann, patriotic instructor of the Relief Corps, was introduced by Mrs. H. V. Davis of the Woman's City Club, who in turn presented Mrs. Kate Reed Humphries, national secretary of the corps, representing Mrs. Grace B. Willard, national president, who is on her way east to attend the National Council of Women in Washington.

Mrs. Humphries briefly outlined the history and objects of the Woman's Relief Corps as an auxiliary of the Grand Army of the Republic, and presented the flag to Mrs. E. C. Bellows, president of the Woman's City Club, who made a precious speech of acceptance. The salute to the flag by the entire assemblage concluded the ceremonies.

At the breakfast preceding the club meeting several of the hostesses entertained members of the Stanton Relief Corps. At the president's table were Mrs. Kate Reed Humphries, Mrs. Elsie Gage, president of the local relief corps; Mrs. Frankie Engemann, Mrs. Winifred D. K. Laughlin, Mrs. Cora E. Corlett, Mrs. M. J. Hurley, Mrs. Dean Boyle, Mrs. F. A. Graheck, Mrs. Abbie A. Adams, Mrs. Ella French, Mrs. Ida Herendeen, Mrs. Aileen Anderson, Mrs. Ida W. Thomas, Mrs. Lemma A. Beachey and Mrs. Clyde B. Kroesen.

American Federation of Musicians

Among the attractive affairs of April will be the reception of the Woman's Musical Club of Local No. 47, American Federation of Musicians, on the 28th inst., at the beautiful Spanish home of Mrs. Alice Carrico Mortimer on Reno street. The afternoon reception will be preceded by a luncheon.

The club is a new organization now numbering 500 members, composed of instrumental women musicians of Los Angeles who have organized for the purpose of uniting the women musicians into active work and to have a representative organized body ready at any time to take concerted action on any musical movement that vitally affects the community.

Guests of honor at the luncheon and reception will be the officers of the club. Dr. Josephine M. Fernald is president.

Rabbi to Speak

"Is Universal Peace Only a Dream?" is the momentous problem to be discussed by Rabbi Edgar F. Magnin on Monday, the 20th inst., at the Santa Monica Bay Woman's Club luncheon.

Dr. Walter F. Dexter of Whittier College will address an open meeting at the afternoon session in the clubhouse. His subject will be: "The Basis of International Relationships."

Mrs. Clementine Campiglia will tell of "Seven Weeks in the Paradise of the Pacific" at the travel-section meeting at 10 a.m., and Mrs. Louis Jackson, curator of the musical department, will present a Schubert program with Mrs. Fred Salathe, soprano; Lorraine Lightcap, pianist; Hugo Scherzer, pianist, and M. R. Wright, baritone.

Scribblers' League

Mrs. Alice Harriman, publisher and author, will discuss "What Work is Necessary to Literary Success?" at a meeting of the Scribblers' League Saturday evening in Rowland Hall, 313 West Third street. Phyliss Dyenforth Fortune will read several original poems and two members of the league will read short stories which will be criticised by the members.

A short-story contest conducted by the league closed on March 31, last. The manuscripts are now in the hands of the judges, who will announce the prize-winning stories at the annual banquet on June 9.

Ivy Club Dance

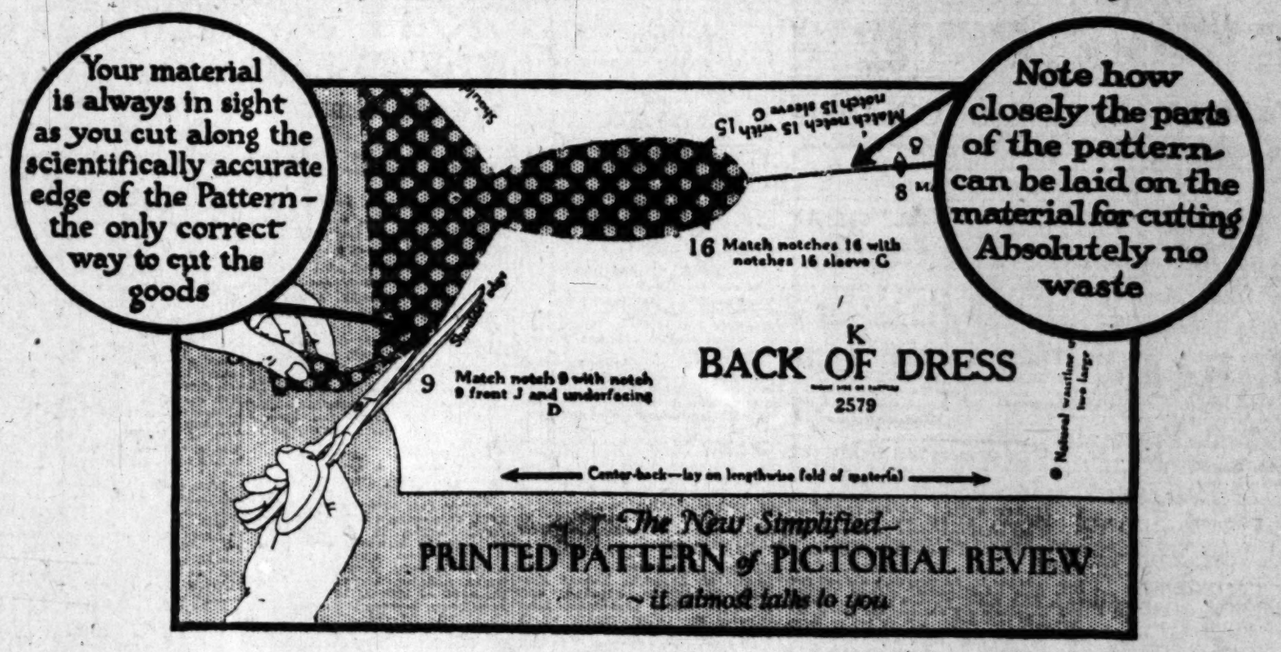
Mrs. Lillian Hatter Dodge, president of the Ivy Club, will receive at a dance given by the club on the 21st inst. at Jinnistan Grotto. Mrs. Dan Fox, chairman of the dance committee, will be assisted by Mrs. Venus Morgan, Mrs. J. C. Corwin, Mrs. Walter Cole, Mrs. Earl C. Graham and Mrs. Willard Sharpe.

P.-T.A. Notes

Mrs. L. T. Nimmo, president of the Dayton Heights Parent-Teacher Association, will preside at an evening meeting of the association tomorrow when Mrs. Susan M. Dorsey will speak on "Character Building in the School." A short business session will be followed by musical numbers by the sixth-grade pupils led by Norman Ducan.

The regular meeting of the Menlo-avenue Parent-Teacher Association will be held tomorrow in the school auditorium. Pupils will provide entertainment and Mrs. Belle Hopps will speak on "The Parents' Part in Parent-Teacher Programs."

Nothing like it in the world



Think of a pattern that *almost talks to you*—that has instructions, printed right on the pattern, so clear and easy to follow that any child who reads can use it.

The new simplified Pictorial Review Printed Pattern is not only *printed*—but it also comes to you *perforated*—and *notched*—and *cut-out* ready for use. No margins to trim off, fold over or cause you to waste material.

Every pattern is printed in large readable type on clean, light-tinted paper. No smudging—no fear of soiling your material.

Try just one of these wonderful new patterns and you'll agree with thousands of other enthusiastic women that there is "nothing like it in the world!"

For the new 54-inch material

PILGRIMAGE RIDE INVITATION GIVEN

A general invitation to participate in a grand pilgrimage ride has been extended to all enthusiasts of horseback riding by the Breakfast Club, 3213 Riverside Drive. The pilgrimage ride was arranged to celebrate the progress made in the development of the community's bridle paths. A barbecue lunch will be served to all riders at the club at 1 p.m. Large contingents will attend the lunch from the Los Angeles Riding Club and from Hollywoodland.

AIR TRIP TAKEN WITH KHJ HOST

Henley and Scott Transport Fans to Bay City

Afternoon Program Combats Lure of Outdoors

Hazen J. Titus, Jr., Concert to be Given Thursday

BY CLAIRE MELLONINO

The studio scenery has been transplanted many times in the past and in a variety of fashions but never has it been our experience to be transported to another spot via the air. But it remained for Henley and Scott, our insurance patrons, to take the staff and microphone to their San Francisco office by airplane. The trip started from Clover Field and the passengers were the Orpheus Four, Harold Hynes, Hatch Graham, Grace Curry, who managed to find space aboard for her harp, and the King Joy Lo Hawaiian Trio.

It was a thrilling sight to see towns whirl by underneath you like so many grains of dust in the wind. And while millions of lights flickered and sparkled like a huge carpet of diamonds, wit and song floated up to the arched heavens from the entertainers seated in the cockpit.

MUSIC EN ROUTE

The Orpheus Four, composed of Sam Glasse, first tenor and manager; Paul Adams, second tenor; Verner A. Campbell, baritone, and Houston Dudley, bass, didn't permit the speed of their journey to affect their style, for they gave several groups of numbers with their customary dash.

Harold Hynes didn't allow the space between him and the ground to keep his tongue cloven to the roof of his mouth for he chattered on in dialect and kept up the spirits of the passengers on the same plane with the altitude.

Hatch Graham and Grace Curry picked appealing tunes from the banjo and harp, respectively, and proved excellent company upon a trip which did not permit stops whenever the desire overcame the traveler.

It also proved the first trip for the King Joy Lo Hawaiian Trio, who, true to their name, distributed plenty of joy over the remainder of the troupe.

When the plane landed in San Francisco the entire ensemble was taken to the offices of Henley and Scott, who extended them a very cordial welcome and who, in turn, were royally entertained by the KHJ group.

BACK TO STUDIO

Upon completion of this trip the scene shifted back again to the KHJ studio, where the Valvoline Trio and Ralph Lang, tenor, took the stage and entertained Radioland.

The inclination of many of our listeners to go fishing, bathing and indulge in other warm weather activities was overcome by the delightful afternoon program presented by the Pacific States Electric Company. We had genial and talented Joseph Heindl, 'cellist; Grace Curry and her golden harp, and Les Roscoe, popular exponent of piano novelties. Edith Petesch assisted at the Knabe.

The noon hour consisted of Major and his Forum Roof Ballroom Orchestra.

After Prof. Walter Sylvester Hertzog had delivered his daily lecture on American history, Floryane Thompson, soprano, and Louis F. Klein, harmonica, contributed the entertainment which every Tuesday evening forms the splendid arch through which Queen Titania and her Sandman enter the KHJ studio. Little 4-year-old Charles Leslie Hill also read his few poems in his own original manner.

Down the moonbeam which shone through the studio window came the Fairyland Express, the love light glowing from its windows. Stopping in the studio beside the microphone, Queen Titania was seen on the platform of the Radioland Coach and she invited Uncle John to bring his Fairy Michrophone and go on a shopping tour to Fairyland.

Arriving in the fairyland across the Slumber Sea, Uncle John discovered that all of his money had disappeared and in spite of Queen Titania's statement that money would not buy anything in Fairyland, he insisted on picking up the little spots of brilliant moonlight which dotted the shores of Dreamland. Looking for something in which to put this moonlight money, the Sandman told Uncle John that he could use his dream bag, and as once emptied its contents on the ground. From this pile of sand there flew up countless tiny butterflies which Queen Titania told us were childish dreams.

The three friends visited many fairy shops and Uncle John acquired a number of Fairyland purchases, among which were a rose set with a dewdrop jewel, a yellow tulip filled with the gold of loyalty, a silver thread, symbolic of the Brook of Constancy, and a bit of blue sky, to which a tiny cloudlet had been sewed by fairy hands with threads of patience.

The studio took on a special brilliance during the children's hour, while Joyce Coad celebrated her sixth birthday anniversary. Known as Little Red Riding Hood, she invited all her youthful friends who, like herself, bring unbounded happiness to many childless homes. Her guests were Helene Pirie, Dickie Brandon, "Sunny" Jane Hughes, Vyola Von, Dick Winslow, Richard Headrick, Henrietta Poland, Baby Muriel MacCormac, Billy Lord, George Ezra Crane, Jr., and Mickey McBann.

Don't forget to be present Thursday night, Hazen J. Titus, Jr., will pay us a visit that evening. He is an unusual figure whose friendship it is worth while developing. Be on hand to meet him.

TRIAL OF BROKERS IN FORGERY IS SET OVER

The plea of Roland Berscheid and Mrs. Margaret Berscheid to a grand jury indictment charging fifteen counts of forgery and obtaining money under false pretenses, was set over yesterday by Judge Hahn to the 17th inst., at the request of their counsel. They were brokers of real estate and real estate paper and are accused of forging trust deeds and the like and selling them. Specific charges in the indictment amount to about $11,000.

College Drive Committee to be Announced

Preparatory to arousing interest for Loyola College in behalf of a $250,000 fund for a new building, friends of the institution yesterday elected an executive committee consisting of Joseph Scott, chairman; Rev. Henry Welch, S. J., P. F. O'Brien, Victor Rossetti, Mrs. Arnold Burkelman, Miss Margaret Phillipson and Dr. Lillian M. Grandmason.

This committee will send out several hundred invitations within a few days for a dinner to be given next week at the Biltmore at which time the auxiliary committee to assist in the short campaign will be named.

Loyola College, successor to St. Vincent's College, founded in 1865, has so grown in attendance that one more building is needed at once. Plans will later mature for others of a comprehensive group. Sponsors of the college are organized as the Loyola College Building Fund Association with the following officers: President, Isidore B. Dockweiler; vice-president, United States Judge McCormick, Dan Murphy, J. Miseman MacDonald, Francis S. Montgomery, Mrs. John F. Francis, Mrs. Emiline Childs, and Mrs. W. H. Brophy; secretary and treasurer, Rev. A. J. Quevedo, S. J.

CREW NEAR DEATH IN CRASH

All Aboard Fishing Boat Saved as Steamer Cuts Craft in Two; Second Collision Averted

Eight men from the Los Angeles Harbor fishing schooner Diamond arrived at the harbor yesterday afternoon aboard the French steamer Indiana, and related details of an almost miraculous escape from death when their vessel was rammed and sunk by the Indiana in a heavy fog at 7 p.m. Monday. The Standard Oil tanker Japan Arrow missed a collision with the Pacific Mail liner Santa Olivia by inches at almost the same spot, about twenty miles southeast of the breakwater.

The fog caused delay to a score of vessels but no other accidents were reported. It was unusually heavy and extended several hundred miles up and down the Coast.

The Indiana, it was declared, struck the Diamond on the starboard side amidships and cut her square in two. Capt. Peter Damario and four men were aft, while three men were forward, one in the pilot house; no one happened to be below and no one was in the direct path of the steamer. Fortunately, also, the Diamond carried her skiff lashed to a purse seine on her after deck.

With their crumpled vessel sinking beneath them, Capt. Damario and the four men aft drew their sheath knives and slashed the lashings so that the skiff floated free. They scrambled into her and picked up the other three men, but two were injured—Luko Butatacovich, who suffered a deep knife wound in his leg, and Anton Kursar, whose left leg was crushed by a flying timber.

It was almost two hours before they sighted the Indiana, which had hove to and lowered a boat commanded by her first mate, Ferdinand Morcet. The fishermen found the steamer before the lifeboat found them, however. By this time Butatacovich was so weak from loss of blood that he could not be removed from the ship's hospital when the Indiana arrived yesterday.

The others in the rescued crew are Nick Perica, Mat Burin, Mio Sutalich, Sam Stif, Christian Gaspar and Nick Raljvich, all of San Pedro.

The Diamond was a purse-seiner, sixty-seven feet long and of thirty-four net tons. She was valued at $30,000 and she had about $7000 worth of equipment and supplies aboard, all of which was lost. She left Los Angeles Harbor at 4 p.m. Monday, bound for San Jose del Cabo, Baja California, and expected to be gone several weeks. Capt. Damario declared the Indiana was going at an illegal rate of speed, about ten knots, and that he will hold her owners for the damage.

The ship's mascot, a dog named Spark, also was rescued.

The Japan Arrow was inbound in ballast, in command of Capt. Ernest Ulstern. Only the sharpest maneuvering, Capt. Ulstern reported, kept her and the Santa Olivia, bound out for New York, from smashing each other.

Ten or more vessels were fog-bound at the harbor entrance and as many more were delayed in leaving until almost noon yesterday.

METRO SIGNS LILLIAN GISH

Star Will Come Immediately to Los Angeles for Production Under New Contract

Lillian Gish, famous screen actress, has signed a long-term contract with the Metro-Goldwyn-Mayer Corporation and will come to Los Angeles at once for her future photoplay activities, it was announced officially late yesterday by Louis B. Mayer, vice-president of the corporation.

Miss Gish signed the contract with Metro-Goldwyn-Mayer after lengthy negotiations in New York with Nicholas M. Schenck, another vice-president of the corporation, and Mr. Schenck, by long-distance wire, informed local executives that the star had signed and was preparing to leave at once for Los Angeles from New York.

Details of the contract and its provisions were withheld, but it is believed that under its terms Miss Gish will probably become one of the highest-paid stars in the profession.

The negotiations for her services were begun by Mr. Schenck immediately after Miss Gish had won a dramatic court victory over Charles H. Duell in a suit for release from her contract with him. They had been carried on without let-up since, as virtually every other great film combine was after her services.

Veteran Peace Officers Ask to be Retired

With more than twenty years of service in the Police Department behind him, Detective Lieutenant James W. Cline's request for retirement was yesterday approved by the Police Commission and the application referred to the Police and Fire Pension Board for final action. Lieut. Cline asked for his retirement to take effect the 26th inst. For some time past he has been in charge of the Auto Theft Detail of the Detective Bureau.

The application of Lieut. J. M. Hooverel for retirement on physical disability the 18th inst., when he will have completed twenty years' service, was similarly acted upon. The communication from Chief Heath stated that Lieut. Hoover is now a patient at the Norwalk State Hospital, and will probably be there indefinitely.

BALM SEEKER'S WIFE IS AWARDED DIVORCE

Loraine Lebow yesterday won a divorce from Roy T. Lebow, who filed an action last fall in which he declared another woman was the evil genius of his hearthstone. Lebow in his suit charged that Mrs. Margaret V. Layman of Long Beach had thrice persuaded Mrs. Lebow to leave him, and demanded $75,000 by way of damages for lost love. Later his suit was dismissed. Mrs. Lebow charged cruelty, asserting that her husband had called her unpleasant names and otherwise abused her. Judge Summerfield granted the decree.

BIG DOINGS

FIRST NATIONAL PROGRAM FOURTEEN MILLIONS

By Grace Kingsley

First National is to become an even greater power than formerly during the coming year, judging from the bright outlook conveyed through an announcement emanating from the head offices of the organization. The program of production arranged for release by First National Pictures, Inc., for 1925-26, is, as a matter of fact, the most ambitious ever undertaken by the company, since it entered the ranks of motion-picture distributors, and is a forecast of even bigger things yet to come, according to the announcement of John E. McCormick, western representative.

Somewhere around $14,000,000 is to be spent in production.

Not less than fifty-two big pictures, classed as a winner group, and seven superspecials, are scheduled for production, all of them presenting a dazzling array of names of stars, players, directors and writers celebrated in cinema, stage and literature.

Incidentally, the announcement serves to introduce June Mathis as a producer. This brilliant young writer has long had the producing bee in her bonnet, and now it appears that First National is to give her her big opportunity.

Miss Mathis will produce "Paradise," from Cosmo Hamilton's new novel for which she is also writing the continuity. She will also produce "Joseph Greer and His Daughter," a novel by Henry K. Webster, and "The Sea Woman," a stage play of the sea by Willard Robertson. Miss Mathis will also supervise "Viennese Medley," adapted by her from Edith O'Shaughnessy's charming novel of life in the Austrian capital during and after the World War. Curtis Rehfeldt will direct and Anna Q. Nilsson will play the lead. Altogether Miss Mathis should be a very busy woman, as she is also to make many adaptations of noted plays and novels to the screen.

Included in the seven specials are three great epic pictures to be produced under the personal direction of Frank Lloyd. One of these, "Winds of Chance," by Rex. Beach, featuring Anna Q. Nilsson and Ben Lyon, and an all-star cast including Viola Dana, Victor McLaughlen, Claude Gillingwater, Hobart Bosworth, Dorothy Sebastian and others, is already well into production. The other pictures to be made by Lloyd will be one from Vingie E. Roe's story of California life, "The Splendid Road," and a tremendous epic of Cuban life, "Rainbow's End," another Rex Beach story centering about the stirring days of the Cuban revolution when Weyler, the Butcher, was the oppressor of the Cuban patriots.

Colleen Moore, whose work in "Sally" and "So Big" has placed her at the top among American screen actresses, is to be starred in a production of "Irene," adapted by June Mathis from James Montgomery's popular musical comedy. Of the fifty-two features classed in First National's winner group, Colleen Moore will be starred in three, in addition to "Irene," which is in the special class.

The stories furnished Miss Moore are "The Desert Flower," from Don Mullally's stage success, directed by Irving Cummings and just completed, "We Moderns," a recent stage play by Israel Zangwill, to be directed by John Francis Dillon, and "Charissa and the Post Road," by Grace Sartwell Mason.

Joseph M. Schenck will star Norma Talmadge in George Barr McCutcheon's "Graustark," a romantic drama in which Miss Talmadge is said to do some of the best work of her career. Miss Talmadge will also star in "Two Women." Schenck will also present Constance Talmadge in "Her Sister from Paris," from an original story by Hans Kraely, in "The Man She Bought," by Pearl Doles Bell, and "East of the Setting Sun," George Barr McCutcheon's newest novel.

The other one of the seven specials will be made under the supervision of Earl Hudson in New York. Its title is "Men of Steel," a drama of life in America's steel industry, from the popular story, "United States Flavor," by R. G. Kirk.

Corinne Griffith Productions will contribute four pictures in "The Marriage Whirl," directed by Al Santell, "Classified," "Forever After," by Owen Davis, and "Ashes," adapted from Reginald Goode's noted play. Al Santell, who directed "The Marriage Whirl," will direct "Classified," which starts May 7, next.

M. C. Levee is scheduled for three pictures, including "Just a Woman," featuring Conway Tearle, Claire Windsor and Percy Marmont, which is now in the cutting-room, and two others the titles of which will shortly be announced.

John Stahl will shortly start work on the Hattons' "The Waning Sex." Edwin Carewe, now in the midst of "The Lady Who Lied," adapted from Robert Hichens's novel, "Snake Bite," will make two other pictures, including "Heirs Apparent," and another yet untitled. Samuel Goldwyn's contribution will be a George Fitzmaurice production, "The Dark Angel," from H. B. Trevelyan's stage play now at the Playhouse.

At their eastern studios, where Earl Hudson is supervisor of production, Milton Sills will be starred in three big features, including "The Making of O'Malley," which is almost completed, "The Comeback," from the story by D. C. Crawford, with another not yet titled. Lambert Hillyer is directing Sills.

Doris Kenyon, surrounded by all-star casts, will be featured in three pictures, including "The Half-Way Girl," with Lloyd Hughes co-featured. "Bed and Board," by Lenore Coffee, and "The Lady Who Played Fidele," retitled "The Scarlet Saint," by Gerald Beaumont.

Six pictures featuring Ben Lyon and Mary Astor with all-star casts are scheduled, the titles being "The Pace that Thrills," "A Husband for George-Anne," by Hazel Christie MacDonald; "The Unguarded Hour," by Margaretta Tuttle; "Careers," from "Karriere," a drama by two European dramatists, Alfred Shirokauer and Paul Rosenhayn; "The Boss of Little Arcady," by Harry Leon Wilson, and a story yet untitled.

This does not mean that Mr. Lyon and Miss Astor are both to be cast in all these pictures. In some both will appear, in others they will be featured separately. It is practically settled, however, that Miss Astor will play the lead in "The Unguarded Hour."

Inspiration Pictures, starring Richard Barthelmess, have arranged to supply four big features, the first to be "Shore Leave," from Hubert Osborne's play, made famous by David Belasco's New York stage production. Mr. Barthelmess' other three vehicles are yet to be chosen.

Associated Pictures will present Barbara La Marr in two starring features yet to be titled.

Robert Kane, producing his first pictures for release through First National, has contracted to contribute four to the big program, the first offering and the only one yet titled being "Invisible Wounds."

In all these productions, both east and west, the feature players who are under contract to First National, will be cast wherever available. Among these players are Anna Q. Nilsson, Ben Lyon, Doris Kenyon, Lloyd Hughes, Mary Astor, Myrtle Stedman, Robert Frazer, Charles Murray, Victor McLaglen, Joyce Compton and Hugh Allan.

Hedda Hopper Back

Hedda Hopper comes home after several months in Gotham. With her she brings many interesting stories of the Great White Way, its celebrities, night life and general conditions in theatrical and movie world.

The famous screen vamp can well keep her head erect. She flatly turned down six legitimate stage offers—all of them star roles. Among the producers making overtures to Miss Hopper were John Emerson and Rita Weiman, both star parts in new plays on Broadway.

She was urged to go to Paris and be featured in a new opening there, but shook her head to Eva Lagallin.

Miss Hopper has closed her Long Island home for good. She will sell it. She plans to remain in Hollywood and in pictures. Her visit east was for the purpose of disposing of all her interests so she could arrange her film work definitely in the western colony.

BETTY BLYTHE WILL REMAIN IN EUROPE

The whereabouts of Betty Blythe has been discovered again. Since leaving Hollywood over three months ago, the flitting Betty has been in Berlin starring in a picture called "She," then it was reported she was in London, hobnobbing around with various dukes and Duchesses and of late Dame Rumor has had her on the high seas returning to her native soil. But here is the low down.

Miss Blythe has been persuaded to go to Paris to do another foreign picture. (Can you imagine having to be persuaded to go to Paris?) According to the brief message received this week, the picture will be made at the Gaumont studios in Paris by the Marquis Film Company, a French concern. Edward Jose, director of several American features, will have charge of the production and, besides the studio work in Paris, the company is scheduled to spend at least three weeks on location in Constantinople, a city where the exotic Betty should feel at home after her many portrayals of an oriental queen.

Dispensing Mirth in 'No, No, Nanette'

Jean Nash, Taylor Holmes and Marie Wells

Appearing in the pepful musical comedy, "No, No, Nanette," now in its seventh week at the Mason.

EXCEPTIONAL CAST LENDS INTEREST TO NEW PASADENA PLAY

Nietzsche once remarked, "The happiness of man is, I will. The happiness of woman is, he will." On this basis Willard Robertson has written "Desire," a rather commonplace but at times fine three-act drama, now having its first presentation on any stage by the Pasadena Community Players, under the direction of Gilmor Brown.

Particularly well cast, almost every member of the company gives a well-defined performance, at times rising above the almost unescapable deficiencies of the lines and situations. "Desire" is thoroughly grounded in the obvious; the author merely repeats things one has heard many times before, but he is surprising at the final curtain, in his unswerving fidelity to the obvious once again.

"Desire" is a tale of ambition. A conventionally blond, brisk and assured young man sets out to make his fortune as an architect. But success is fickle and when his first real chance at a big contract looms, he clutches it—caressingly. The opportunity, of course, is feminine and wealthy, so he manages quite nicely.

But his "perfectly good business methods" are questioned, strangely, by his business partner, who also happens to be the girl he intends to marry. She heartily and tearfully fails to appreciate the masculine idea of success at any cost. He duly repents, after losing his signed contract through the violent death of his fair client, and promises to do better. But at the first opportunity he is just as willing as before to profit by human frailty. His calm acceptance of such a line of action is a superb final speech as the curtain falls.

Maurice Wells and Helen Jerome Eddy are convincing as the boy and girl, though Miss Eddy carries off first honors by the utter sincerity of her interpretation. Habitually fine, unselfish, restrained, she is equally real in her few moments of intense emotion. Robert Loofbourrow in the role of the lovable old draftsman is one of the most delightful persons imaginable, while Alice Parker as his garrulous wife does fine work. Tabatha Goodman makes of the wealthy widow a regulation purring, strikingly gowned, grasping vamp of popular superstition. Theodore Rackerby and Percy Ubil complete the cast.

ART CRITIC VISITS TO VIEW WORK HERE

Will C. Both, representing the Meyer Both Company of Chicago, one of the leading commercial art organizations in America, and who has been staying at the Alexandria, took occasion during his visit in Los Angeles to inspect the newly appointed quarters of the California Art Institute at Alvarado and Ocean View avenue.

Mr. Both is especially interested in the results of the prize-poster contest on the subject: "The Call of the Open Road," just completed by ambitious art students throughout Los Angeles. He declares that in his judgment the number of promising art pupils in Los Angeles, as indicated by the returns in the poster contest, was far higher than the average of his home city, Chicago.

UNIVERSAL MANAGER GETS NEW PICTURES

C. L. Theuerkauf, in charge of Universal's western theaters, is becoming Los Angeles' most pronounced commuter. Of late he has been spending most of his time on Pullmans, running back and forth between Los Angeles and San Francisco, in both of which towns he is the guiding hand of Carl Laemmle's Cameo theaters.

He returned from the northern city last week, and after looking at countless vaudeville acts and motion pictures for the local house, he strapped up his brief case and left again today to keep the tabloid musical comedy bubbling in the Bay City Cameo.

Among the first runs that he contracted for while here last week are Edmond Lowe in "Ports of Call," William Fairbanks, Madge Bellamy and Dorothy Revier in "Do It Now;" Betty Blythe in "The Folly of Vanity," Conway Tearle in "School for Wives," and "The Last Man on Earth," a production that is now enjoying an extended engagement at two of San Francisco's first-run houses.

Theatrically Speaking

BY HERBERT MOULTON

In celebration of their first anniversary the group constituting the Potboiler Theater, under the leadership of Sigurd Russell, will offer as its next presentation Andreyev's "The Life of Man," beginning May 4th for a run of two weeks.

According to Mr. Russell, this promises not only to be the most pretentious, but also the most difficult and unusual production yet attempted by the Potboilers. It is a five-act drama with a cast of forty-three players, and calls for masks, dancers, elaborate sets and weird music.

It was just about a year ago that there evolved from the Potboiler art center a little theater movement which has since become known as the Potboiler Theater, now located at 930 South Grand avenue. This group now has eight distinctive productions to its credit, and under the guiding hands of Mr. Russell and Ole M. Ness has given Los Angeles a number of thrills with literary and psychological plays.

It is apparent that the Potboiler organization intends to keep its offerings at a high standard, for it has been announced that they are considering the following plays for future production: "Hell Bent for Heaven," "The Deluge," "Fata Morgana," "Children of the Moon," "Ambush," "Miss Lulu Betts," "The Wrong Box," by Robert Louis Stevenson, and "The Dark Hours," by Don Marquis.

"Hans Sonnenstoesser's Ride"

Marc Connelly, who with George S. Kaufman, is responsible for the writing of "Beggar on Horseback," the comedy which is having its western premiere at the Majestic, recently disclosed just how much of the play as it is now given was due to Paul Apel's "Hans Sonnenstaesser's Hohlenfahrt"—which freely translated means "Hans Sonnenstoesser's Ride to Hell."

"Winthrop Ames had a free translation made of Apel's play, which is about fifteen years old, and gave it to us to read," said Mr. Connelly.

"First George read it, but I refused to do so, and we threw the script aside to talk the thing over. Possibly we absorbed unconsciously the general scope of the play; but it is an absolute fact that there was nothing in the original work that we could have lifted bodily for the simple reason that it would not appeal to an American audience. As we discussed the sketchy outline of a play, new ideas came to us and we elaborated them, built them up until they fitted into the general scheme of things.

"I distinctly recall that the German original had a man with a parrot in it, also a revolving bathtub. Anyone who has seen "Beggar" will notice that these two things are conspicuous by their absence. We had an idea that the campaigning for a foreman of the jury, the jazz wedding, the requisition scene and that of the directors' meeting, not to mention the restaurant episode and the mad nightmare climax of the cells in the Cady Art Factory would appeal to the American sense

"Ramona" Pageant Coming

Garnet Holme, one of the best known pageant masters in the West, is busily engaged in putting the finishing touches on the "Ramona" pageant to be staged in the Ramona Bowl, the natural amphitheater south of Hemet, sponsored for the 25th and 26th inst., and May 2 and 3 by the townspeople of the cities of Hemet and San Jacinto.

Holme, who has made California famous for her pageants, has chosen Earl Schenck to play the role of Alessandro, and Dorise Schukow for the part of Ramona. Schenck is a Hollywood actor, having come here from New York after a brilliant stage career.

Formal recognition has been given to the pageant, which is now being staged for its third year, by Riverside county in voting $1,000 to build a new level road to the Ramona Bowl to accomodate the thousands of motorists who make the visit to the festivities annually.

Ebell Plays Tonight

There will be an evening of three one-act plays, written and directed by Mrs. Margaret Barbrick Gillette, given under the auspices of the Los Angeles Center Drama League, tonight at 8 o'clock at the Ebell clubhouse.

Mrs. Gillette will prove not only her writing but her acting ability, as she will take the feminine lead in "The Muted String," a psychologic drama in which she will be supported by Karyl Marker and G. Allison Phillips, the latter acting also as director for the play. Lighting effects will be under the direction of Mr. Robert Redington Sharpe of the Pasadena Community Theater.

The other two plays, "Her Day," and "The Litterateurs," will have appearing in the casts, Mrs. Marjorie B. Adams, Blanche Williams Urick, Mrs. Jack Vallely, Mrs. Edwin MacGillivray, Mrs. Charles Stanton, Mrs. Harold Appleton, Gertrude Raty and Ruth Brouer, all of whom are active in the play workshop of the Ebell of Los Angeles.

NEWS OF SOUTHERN COUNTIES

MOONSHINE IN FANCY BOTTLES

Officers Destroy So-Called Bonded Goods

Riverside Raids Net More Than a Thousand Gallons

Thirty Bootleggers Resting in County Jail

[EXCLUSIVE DISPATCH]

RIVERSIDE, April 14.—While some thirty bootleggers leaned sorrowfully against the barred windows of the County Jail three trusties under the direction of Jailor Paul M. Scott, today poured 1000 gallons of illicit moonshine into the sewer back of the Courthouse. Nineteen cases of bonded whisky bearing the labels of "White Horse" and other popular brands, some of which is reported to have sold at $10 a quart, was emptied bottle by bottle, as the jailor told a group of interested listeners details in connection with the first Riverside county raid on a "bottled in bond" plant.

The nineteen cases of "bonded" whisky comprising 228 quarts, having a retail value at prevailing prices of $2280, was the property of Roy C. Thomas who was arrested recently near Murietta by Sheriff Clem Sweeters and charged with its transportation. Thomas is now serving a six-month's County Jail sentence. According to the officers, Thomas bought his bottles, labels and other supplies from a Los Angeles house, hauled them to Murietta where he made his liquor and bottled it. He then trucked the "bonded" stuff back to the Los Angeles supply house where it was stamped and sold for distribution the officers said.

Following the arrest of Thomas, officers found his bottling machine, many labels bearing the names of Canadian bonded liquors, corks, lead foil, caps and bottles. Although a thorough search was made the still from which the liquor originally came was not found. A chemist's analysis of the stuff disclosed that it was not fit for use at the County Hospital, where most of the "good" liquor is taken and it was therefore ordered destroyed.

Among other booze poured into the sewer was 275 gallons of wine seized when Mich Burtolon was arrested near Wineville.

MINISTERS GATHER FOR ANNUAL MEET

PRESBYTERIAN CLERGYMEN TO HOLD CONCLAVE AT PASADENA

By a "Times" Staff Correspondent

PASADENA, April 14.—Ministers from various Presbyterian churches in the county began arriving in Pasadena this afternoon for the annual session of the Los Angeles Presbytery, which opens in the Pasadena Presbyterian Church tomorrow morning. There will be approximately 500 ministers in attendance.

Dr. Campbell Coyle, moderator of the Los Angeles Presbytery, will preside and all the elders of the presbytery will be present, it is said.

One of the most important tasks of the conference will be the election of commissioners to attend the general assembly. During the sessions here, which will be extended over a period of two days, the delegates will visit the Retired Ministers' Home, which is located in Pasadena.

All delegates are being housed in Pasadena homes during their stay here. This courtesy is being arranged by Mrs. J. M. Brooks. One of the earliest arrivals was Dr. W. H. Roberts of Santa Ana, who will occupy the moderator's chair during the general sessions.

CAMPAIGN ENDS WITH GOAL ACCOMPLISHED

FRESNO CHAMBER OF COMMERCE GETS OFF TO FRESH START

[EXCLUSIVE DISPATCH]

FRESNO, April 14.—Exceeding their objective of $72,000 by a margin of $823, workers in the reorganization campaign of the Fresno County Chamber of Commerce today were over the top in the annual campaign for funds, which is double that of last year, which was the biggest year in the history of the organization.

The program for which the funds were raised contemplates a complete revolution in Chamber of Commerce procedure as practiced in Fresno county, including the establishing of a special department of publicity, divorcing of the raisin day and district fair activity from other work of the chamber, by placing it in a new division, and the creation of the exposition bureau. A clean sweep in the official personnel of the organization and specific budget expenses for each branch of endeavor is assured. One of the foremost will be that of interesting industries in Fresno.

APPROVE BONDS FOR NEW SCHOOLHOUSE

[LOCAL CORRESPONDENCE]

BRAWLEY, April 14.—Voters of Mulberry school district approved a bond issue of $25,000 to provide for the construction of a new building. Three previous elections failed to record the necessary vote to carry a bond issue because the residents of the district had been unable to agree on the proper location of the new building. This election is asserted to have been a success due to the fact that the residents of the district finally agreed before the day of voting just where they would build the new school. It is proposed to construct the most modern building obtainable for the money.

Pantomime—Drawing the Hairline . . . . . By J. H. Striebel

(Copyright, 1925, Associated Editors, Inc.)

Bank of Solano Beach Granted State Charter

[EXCLUSIVE DISPATCH]

SAN DIEGO, April 14.—The Bank of Solano Beach, with an authorized capital of $50,000, has been granted a charter and the new institution will be in operation within four weeks, it was announced today by Col. Ed Fletcher, San Diego capitalist who is heavily interested in the Solano beach district.

Victor E. Bodine, formerly engaged in banking in Minneapolis, will be cashier of the institution.

The Solano Beach section is one of the newer agricultural and horticultural areas in Northern San Diego county. The town site just south of Oceanside, was laid out last year, since which time the district has developed rapidly.

PREPARE FOR PAGEANT

New Road to Far-Famed Outdoor Playhouse

[LOCAL CORRESPONDENCE]

HEMET, April 14. — Construction of an automobile highway leading directly into Ramona Bowl is now being constructed under the direction of W. S. Conner, Riverside county road superintendent. The road will be open several days before the initial performance of the Ramona pageant, which will be given here April 25 and 26, May 2 and 3, under the auspices of the Hemet-San Jacinto Chamber of Commerce.

The new highway will permit the thousands of pageant visitors to drive directly into the famous natural amphitheater, in which a cast of 150 actors make real the poignant, gripping story of Ramona, written in old San Jacinto forty-five years ago by Helen Hunt Jackson.

In past years pageant crowds have been forced to climb a narrow winding trail to the theater, and while for many this trail added color to the day's program, there were others for whom the climb was too great a physical strain. The trail remains, and those who wish to enter the bowl by that route may do so.

BUILD ARENA FOR ANIMAL CLASSIC

[EXCLUSIVE DISPATCH]

SANTA BARBARA, April 14.—An immense roof, covering a quarter of a block, will be erected here by the Santa Barbara Horse Show Association, which is being incorporated this week by prominent sportsmen and wealthy Montecito residents, according to plans announced today.

The association is being underwritten to sponsor a horse show each year, and plans for the arena drawn by Francis L. Underhill, Montecito architect, call for one of the largest completely covered show grounds in the State. Besides Underhill, the building committee includes Dwight Murphy and Sam J. Stanwood, both wealthy horsemen of Santa Barbara.

The association plans to make the new arena, which will be situated near the beach on Bath street, a community center for expositions and shows for civic enterprises. The land for the arena was donated to the association by Dwight Murphy.

BUSINESS BUILDINGS BURN AT MARICOPA

[EXCLUSIVE DISPATCH]

BAKERSFIELD, April 14.—Causing a loss of nearly $10,000 flames last night destroyed the D and B Pool Hall and building at Maricopa. Housed in the building were a barbershop and a restaurant which were almost demolished by the fire.

The pool hall and barbershop were owned by V. C. Newchurch, who estimates his loss at $4000. Mrs. Minnie Hemmingway, owner of the restaurant, estimated her loss at nearly $1000. The building was owned by D. D. Hagerty, justice of peace, who is in Los Angeles.

BEACH CITY IN OIL BATTLE

Exclusive Los Cerritos District Fights Drilling Permits in Hearing Before Council

By a "Times" Staff Correspondent

LONG BEACH, April 14.—Early scenes connected with the exciting oil rush days of Signal Hill four years ago, were re-enacted in the Council Chamber today by antioil drillers and pro-oil drillers, when the Council took up the question of restricting drilling activities in the fashionable and exclusive Los Cerritos district of Long Beach.

A constant flow of oratory from those opposed to marring the scenic beauty of Los Cerritos and another flow, just as constant, from those who would turn the residential district into another noisy, oily and unbeautiful Signal Hill field, was too much for the City Fathers, who finally announced a special hearing would be set for next Friday evening at 7:30 o'clock, at which time the drilling and antidrilling factions would be given an opportunity to marshal their respective forces in full strength and fight it out.

The fireworks at today's session began when Councilman Charles H. Tucker, president of a financial institution here, and himself a resident of Los Cerritos, presented a petition asking the Council to zone Los Cerritos in its entirety as a strictly residential district. He told the Council the petition represents practically all the residents of the exclusive section.

The petition went further by asking the Council to revoke all existing permits for drilling in the territory that the City Fathers have already granted. One of these permits was issued for oil drilling on the beautiful grounds of Congressman Walter F. Lineberger's home.

"The question before this Council is whether Los Cerritos shall be a second-class oil field or a first-class residential district," declared Attorney Walter Desmond, former postmaster and leader for the anti-drilling faction.

Attorney Louis N. Whealton, former Mayor, was spokesman for those who would turn the district into an oil field in the freznoed search for the big oil pools that operators are certain lie adjacent to Signal Hill field.

READY FOR RACE

Candidates File Petitions for Office at Alhambra

[LOCAL CORRESPONDENCE]

ALHAMBRA, April 14.—With the time for the filing of nominating petitions expiring at midnight last night, the line-up for the municipal election in June is now complete, with three candidates announced for the positions of City Commission, two entered in the race for City Attorney and three names to be placed on the ballot for member of the Board of Education.

W. W. Benedict is the sole candidate for the office of Commissioner-at-Large, or president of the City Commission, to succeed former Senator N. W. Thompson, who declined to run again. Benedict is at present City Commissioner from the Third District.

As candidate for Commissioner from the Third District Dr. Guy S. Archer will be unopposed. John L. Mills will be on the ballot without any opposition as candidate for Commissioner from the Second District.

The City Attorney job will have two contenders, Thomas C. Gould, incumbent, and William J. Clark. For the vacancy on the school board the three candidates in the field are Mrs. E. G. Hartsig, Mrs. Martha O. Euphrat and John A. Hunt. Mrs. Euphrat is San Gabriel's candidate for the board, as that community is in the Alhambra High School district and it has been determined that the San Gabrielans are entitled to enter a representative in the contest.

JAPANESE INJURED

[EXCLUSIVE DISPATCH]

UPLAND, April 14.—V. Muramoto, Japanese rancher of Heber, Imperial Valley, sustained cuts about the left eye and nose which required several stitches to close and was otherwise injured here today when a light motor truck, which he was driving east on Twelfth street, turned over after being struck broadside by a small coupe driven south on Euclid avenue by Mrs. Terese Oregenhale of Cucamonga avenue and Seventh street.

ALL READY FOR RAISIN DAY STUNT

Fresno Prepares to Entertain Army of Visitors at Annual Carnival

[LOCAL CORRESPONDENCE]

FRESNO, April 14.—Lew Cody, well-known actor, will be the King of the Raisin Festival to be held in Fresno, April 30. This was announced yesterday at a regular meeting of the Festival Association.

Many details of the all-day program calculated to entertain an audience in excess of 150,000 persons Thursday, April 30, were announced, a total of sixty entries of floats and decorated automobiles. Added to these will be the marching delegations and stunt entries of numerous organizations in Fresno and other valley towns.

In addition to valley towns San Francisco, Sacramento, Santa Cruz, Stockton, Los Angeles and San Bernardino will be represented in the parade.

The parade will start promptly at 10 o'clock in the morning. At 3 o'clock will start the annual Raisin Day speedway classic with ten renowned race drivers entered in a 150-mile contest for $15,000 in prize money and the Nares $1000 silver cup.

There will be a high school cadet parade, with entries from many schools throughout the State, at 7 o'clock, followed by a military tournament and massed band concert.

Evening entertainment will center at Civic Auditorium where, starting at 9 o'clock, there will be a dance pageant of nations. Queen Lazatte Love and King Lew Cody will be received in state, and the grand ball in their honor will start promptly at 9:45 o'clock.

HIGH SCHOOL CONFERENCE

[LOCAL CORRESPONDENCE]

HUNTINGTON PARK, April 14. Representatives from Compton, Inglewood, Santa Monica, Venci, Gardena, Torrance, San Pedro, Lomita, Redondo and Wilmington highs are expected here tomorrow when the President's Forum of the Bay League high schools will hold a session. Each school will send its student body president and one or two delegates. The visitors on their arrival will be shown about the grounds and building of the Union High School, after which a meeting will be held at which each representative will respond with a short talk. A banquet is to be served at noon.

BANDIT'S NERVE FAILS

[EXCLUSIVE DISPATCH]

FRESNO, April 14.—After employing a taxi-driver to take him to a lonely spot in the country near Madera, with robbery contemplated, the nerve of John Klindera of Fresno failed him and he ordered the taxi back to town.

This was the story Klindera told Sheriff John Barnett at Madera when he was arrested and a large gun and dagger were found on his person.

The youth is being held for investigation by Madera county authorities.

POLICE OFFICER GUILTY

[LOCAL CORRESPONDENCE]

INGLEWOOD, April 14.—A Los Angeles police officer, G. W. High, today paid a fine of $100 in the Inglewood police court. The fine was imposed by Judge A. F. Monroe after the officer had pleaded guilty to a charge of operating an automobile while under the influence of liquor. The officer was taken into custody last Saturday morning after his driving had called attention to his asserted condition.

WALNUT GROWERS MEET

Puente Valley Association Markets Crop Worth More Than a Million Dollars

[LOCAL CORRESPONDENCE]

PUENTE, April 14.—The annual meeting of the La Puente Valley Walnut Growers' Association was held today at the association packing-house here. Three hundred stockholders and members of their families were in attendance.

The association covers 6896 acres in the Puente and West Covina districts, the gross receipts from which for the crop of 1924-1925, were reported to be $1,116,723.85. The crop of 1923-24 was sold for $1,088,300.

S. L. Watts, president of the board of directors, presided and introduced Frank Colville, secretary of the El Monte Chamber of Commerce, who forcefully stressed in his brief talk, the fact that cooperation was of as great a value to a community as the monetary value of a crop.

Carlyle C. Thorpe, general manager of California Walnut Growers' Association, called attention to the exceptional efficiency of the local association stating that the packing cost of the Puente house for the past year had been $8 per ton whereas the average cost per ton of the associations affiliated with the California Association was $19. Mr. Thorpe stated that as a result of co-operative marketing, the culls for last year brought more than the average price received for best-grade nuts during ten years preceding the organization of the association. The average value of the State's walnut crop is now $14,000,000. Of the 111,000 acres now in walnuts only one-fourth are full bearing and this connection Mr. Thorpe emphasized the importance of increasing the market, his report of experiments with branded nuts in the Philadelphia market were illustrated by the use of charts according to Mr. Thorpe's report the branded nuts brought 2 and 3 cents more than unbranded nuts of the same quality. The actual cost of branding was 5 cents per 100 pounds, the regrading and repacking of foreign nuts by importers were another reason advanced by Mr. Thorpe for the adoption of the diamond brand.

At the close of Mr. Thorpe's address an informal vote showed that the stockholders were unanimously in favor of the branding process. M. B. Rounds, assistant farm advisor, gave a brief talk on the temperature surveys made during the past six months by the farm bureau.

ASKS VOTES FOR LARGE BOND ISSUE

San Bernardino Official Explains Pressing Need of New Courthouse

[EXCLUSIVE DISPATCH]

ONTARIO, April 14.—That a new Courthouse for San Bernardino county is an absolute necessity and that in the event the people fail to approve a proposed bond issue of $450,000 for the purpose on May 5, next, it will be necessary to proceed under a direct tax levy, was the declaration today of A. G. Kendall, chairman of the Board of Supervisors, in a brief talk before members of the Ontario Chamber of Commerce in forum luncheon session at the Hotpoint Club.

Mr. Kendall displayed plans of the proposed new Courthouse and explained how the people of the city of San Bernardino had raised a fund of $75,000 and presented the Supervisors with a site for the new building. He asserted that the expense to the taxpayers of the county would eventually be only a small fraction of the building's actual cost, since it is proposed to sell the present Courthouse property, valued at not less than $250,000, and the bonds will be so fixed that they may be called at the end of three years.

The Supervisors are, in a sense, explained Mr. Kendall, merely asking the taxpayers to extend them their credit for a brief period of years. He assured his hearers that the money would be judiciously spent and that there would be no more "hospital scandals."

That $100,000,000 is spent annually on gold fish in the United States alone, that one American "farm" raises more than 5,000,000 of the fish annually and that between 400,000,000 and 500,000,000 are shipped into this country each year from Japan, was the assertion of Charles H. Hayes, local gold fish "farmer" in a talk before the forum on that industry.

MONROVIA RESIDENTS PROTEST IMPROVEMENT

[EXCLUSIVE DISPATCH]

MONROVIA, April 14.—That present action to widen White Oak avenue, "Foothill Boulevard," twenty feet through Monrovia will be bitterly opposed was indicated when twenty-six property owners filed written protests last night before the City Trustees. The protests set forth that the improvement is not a public necessity and would not benefit the majority of the property owners who would be forced to bear heavy expenses. Owners of Standish Court and the Oakmay Bungalow Apartments, which abutt the sidewalk, cited that widening the street would mean financial ruin for them.

The City Engineer's staff has spent several months preparing surveys and estimates of cost on the project, and the city recently published legal notice of intentions to widen the street. A date for hearing of protests will be set by the City Trustees early next month.

GRANT PERMIT FOR NEW NEGRO CHURCH

By a "Times" Staff Correspondent

PASADENA, April 14.—In spite of protests from fifty property owners, the Church of God in Christ will erect a new edifice at 807 Cypress avenue, it was ruled at a meeting of the Board of City Directors today. The congregation of the church is composed entirely of negroes and this is the second attempt the church has made to obtain a building permit. Several weeks ago church officials petitioned the directors to allow the erection of a church in the northeast section of the city. This petition, which was also protested by property owners, was denied. Today a new site was secured and the permission to build was granted.

CHAMPIONS TO PLAY

Girl Lacrosse Team to Stage Game at Burbank

[LOCAL CORRESPONDENCE]

BURBANK, April 14. — Sport lovers of Southern California are taking keen interest in the championship lacross game to be staged in this city Saturday, April 18, at 2 o'clock. The Greater Los Angeles girls' team and the Greater Bay District girl's team will be the contenders. The Greater Bay District team is the present champion and holder of the title and trophy.

These teams and three others in the East are the only feminine teams in the United States, and title games always create widespread interest. Besides being expert lacrosse players, the girls of Southern California hold many championships in swimming, golf, tennis and other sports. They are finished athletes and whenever they play the game is filled with action and thrills in plenty.

Large delegations of followers of the sport are reported to be coming from Los Angeles, Santa Monica, San Pedro, Ocean Park, Venice, Long Beach, Eagle Rock and Glendale.

The contingent of twenty-four players together with the substitutes, coaches and matrons are to be entertained by the Burbank Chamber of Commerce at the Ren Mar Hills clubhouse during the day, where an informal reception will be held.

ORANGE BLOOMS SERVE AS BAIT

Sent East to Kokomo, Ind., They Lure Snowed-in Man to Lankershim Area

[LOCAL CORRESPONDENCE]

LANKERSHIM, April 14.—L. Y. Scott, wife and two children of Kokomo, Ind., are in Lankershim today as visitors. They like the place so well they intend to stay for good. Scott probably will go into the chicken business or buy a fruit orchard.

"Funniest thing you ever heard how I and my family happen to be here," Scott said today.

"About a month ago I was in Kokomo. It was so cold the water pipes were frozen, and snow was all over the place. The more I thought of prospects the bluer I got. Just then the postman, trudging through the slush and ice, handed me a letter from a friend here in Lankershim. In the envelope was a sprig of orange blossoms and in the letter my friend kidded me about staying in a cold country, and invited me to Lankershim. Within a week I sold out lock stock and barrel, and here I am.

"San Fernando Valley is a garden spot. I'm here to stay. No more ice and snow, furnace tending and soft-coal smoke for L. Y. Scott."

Alhambra to Vote on City Bond Issues

[LOCAL CORRESPONDENCE]

ALHAMBRA, April 14.—Bond issues to the amount of $310,000 will be presented to the voters of Alhambra at the municipal election on June 2, it was decided last night when resolutions were passed by the City Commission stating the necessity of three bond issues.

Citizens will be asked to vote for $150,000 in bonds for the water department expansion; $25,000 for a new City Jail and $135,000 for sewer construction.

The bond issue for the water department is intended to take care of the acquisition of additional land for wells, the completion of present wells, reservoirs, pumping plants, pipe lines and other work and the purchase of the Graves water system in the northeast part of the city. According to T. B. Downer, superintendent of the water department, the local water demands are increasing 13 per cent each year and the water planes are steadily going down.

The jail bond issue is intended to build a new jail, Police Court and station, using as much of the present structure as possible.

The cost of this city's share in the outfall sewer line from the tricity disposal plant to the Rio Hondo would be included in the proposed sewer bonds.

Fire Destroys Mojave Hotel; Guests Escape

[EXCLUSIVE DISPATCH]

BAKERSFIELD, April 14.—The Kingston Hotel at Mojave was totally destroyed by a fire which started at 9 o'clock this morning and raged throughout the morning. A large force of volunteer firefighters worked feverishly to prevent the flames from spreading to near-by buildings and for a time a large district of the desert city was threatened with extinction.

The hotel was owned by I. Blum, who estimates his loss at $100,000. Thirty-five guests of the hostelry escaped uninjured from the blaze but nearly all of their personal effects were lost. Many of the guests were asleep when the flames started in the basement of the building and a near panic ensued when fire alarms were given by hotel employees.

Flames are believed to have been started by the explosion of a gasoline water heater in the basement of the building. The fire spread rapidly and all efforts were futile to save the construction from destruction.

MAYOR WINS RACE BY SMALL MARGIN

ELECTION AT SAN BERNARDINO ENDS SPIRITED RACE FOR HONORS

[EXCLUSIVE DISPATCH]

SAN BERNARDINO, April 14.—Mayor Grant Holcomb and Fred A. Wilson, participants in one of the closest Mayoralty races in the city's history, Monday, when Mayor Holcomb was returned to office with a scant 168 majority, today joined hands in post-election statements and urged continued progress of the city.

Going into office with the Mayor are three Councilmen, Leo A. Stromee, W. H. Rogers and W. J. Hanford, who indorsed the Mayor's policies of "San Bernardino Forward" in the campaign. In the First Ward, W. J. Hanford was elected over W. A. Blair by 47 majority.

The results of the balloting for the principal offices were:

For Mayor: Grant Holcomb, 3280; Fred A. Wilson, 3124.

For Treasurer: W. A. Boren, 3510; Ben Cowan, 1899.

For Councilman: First Ward—W. J. Hanford, 486; W. A. Blair, 439. Second Ward: W. H. Rogers, 986; J. W. Catlek, 648. Fourth Ward: Leo A. Stromee, 871; Fred Ames, 700.

HEATED ARGUMENT ENDS IN GUN PLAY

[LOCAL CORRESPONDENCE]

ALHAMBRA, April 14.—J. D. Hunter, proprietor of a grocery store and market on West Main street, is at liberty on $300 bail as a result of an argument with Martin Marcus, who manages the vegetable market at the Hunter store. Hunter was arrested this noon on complaint of Marcus, who says that Hunter threatened him with a revolver. According to the police the dispute between the two men arose over the rent which Marcus pays for his stand. The disturbance at the store created considerable excitement in the neighborhood, resulting in a hurry call for the police.

The Broadway Department Store Is Open All Day Saturdays! Store Hours: 9 to 5:30

Greater Broadway Day

Thursday April 16th

Not Today—

Again we announce Greater Broadway Day! Set aside distinctly for the purpose of winning new friends and cementing old relationships. Greater Broadway Day has become widely renowned for unusually good values.

Never oftener than once a month; sometimes at greater intervals these Greater Broadway Days are held. When the word goes forth throughout the store, it is a signal for greater preparedness in view of the exceptionally low markings and the worthiness of the merchandise.

In this page we bring your attention to a few—a very few—of the day's offerings. Many articles not advertised carry equally as attractive prices. Look for the Greater Broadway Day signs.

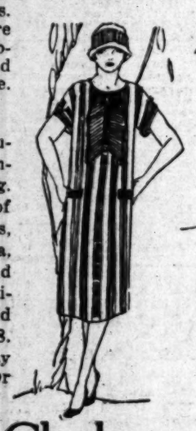
Misses' and Junior's
Coats and Dresses
Exceptional at **$14.75**

COATS—one of the most remarkable features of Greater Broadway Day! Jaunty *Prince of Wales* coats, double-breasted and with velvet collars! They are fashioned of tweed in assorted colors. Other sports models are represented in such fabrics as crystalana and polaire. 85 at this price. Sizes 13 to 18.



DRESSES—100 unusually attractive frocks included in this offering. They are fashioned of dainty printed silks, crepe de Chine, kashora, and other fabrics, and may be had in practically all the wanted shades. Sizes: 13 to 18.
—The Broadway —Third Floor

100 Fur Chokers
Unusual at **$7.95**

—A special purchase, in which The Broadway fur buyer was granted most generous price concessions, accounts for this ridiculously low pricing.
—Kit fox scarfs, Patagonian foxes, three-skin natural or beige squirrel chokers; single-skin German fitch chokers and Thibetine ensemble chokers (beige or platinum) are included. All exceptional values.
—The Broadway—Third Floor.

Greatly Underpriced 50 Wool
Skirts at $1.95
—Both tailored and pleated models included. These coats have been reduced from several much higher-priced lines, and represent most remarkable values. Incomplete lines and broken sizes.
—The Broadway —Third Floor.

100 Silk
Tunics and Overblouses
$2.95 each

Mostly dark colors; sizes, 36 to 42. Made of an excellent quality of crepe de Chine and trimmed with braid, contrasting colors, etc.
—The Broadway —Third Floor

Women's Three-quarter Length
Knitted Roman Stripe Coats
An Outstanding Feature at **$5.95**

A most remarkable value at this low price! They were bought at an appreciable price concession and have been marked unusually low.

Shown in full "top coat" (three-quarter) lengths, in tan and rust combinations. Brushed double collar, cuffs and facing—all one color. Sizes 36 to 42. Only 60 at this price.
—Sweater Section—The Broadway—Third Floor

50 Women's Cotton Gabardine
Suits for Outing Wear
$6.00 ea.

—Knee-length coat and well-cut breeches—good looking, durable outing togs, priced exceptionally low for Greater Broadway Day. Sizes 16 to 44.
—The Broadway—Third Floor

150 Distinctive
Ensemble Suits
Outstanding at **$30**

—A wonderful opportunity for the thrifty shopper to combine thrift with pleasure! These suits are decidedly of the type which would ordinarily sell for a great deal more, and, undeniably, they will please even the most fastidious woman with their correct styling and beautiful fabrics.

—Materials include Georgette, flat crepe, bengaline, faille, marchon and twill, shown in a host of engaging spring and midsummer models. Snuff, cocoa, Lanvin, rust, Monterey, navy, gray, sand and other fashionable shades. Sizes 14 to 44.
—The Broadway—Third Floor.

A Hair Goods Special!
Ventilated Transformations
Extraordinary at **$15.00**

These are *ear-to-ear* side part transformations, made of 18-inch high-grade hair. They are carefully made so that they fit closely over the natural hair, thereby making possible a neat and becoming hair dress.
The Beauty Shop—Third Floor

125 Women's
Coats for Sports Wear
Special at **$15**

—Downywool, downywave, angora, block polaire and other demanded sports fabrics fashion these coats, which have been assembled especially for this event. They are trimmed with fur strips, fancy stitching, embroidery and tucks, correctly and effectively.
Colors: tan, shrimp, blue, gingersnap, rosewood; brick dust, sand, etc. Sizes 34 to 44.
—The Broadway—Third Floor.

Late Spring and Mid-Summer Models
200 Smart Frocks
For Women—Greater-Broadway-Day Priced at **$16.00**

—Late spring and midsummer models styled for sports, for dress or for street wear, in a diversity of modish ways. They are trimmed with contrasting colors and buttons, etc. Materials are of crepe de Chine, prints, flat crepe, kasha cloth and flannel. Sizes: 16 to 46.
—The Broadway—Third Floor.

The Buyer Says:

"Biggest value we have ever featured in hats for Greater Broadway Day"

500 Hats $2.50
Specially priced at

—They are exceptionally good-looking and priced unusually low indeed. But then, they were purchased advantageously and have been priced less for Greater Broadway Day.
—Large, medium and small shapes are included, in black, white and colors. They are fashioned of straw, crepe or taffeta combined with straw, and silk crepes, and attractively trimmed.
—The Broadway—Third Floor.

Three Lines of **Infants' Hose ½ Price**
Regularly 35c, 50c, 75c

Long ribbed cotton hose—with pink and blue heels and toes, very soft and serviceable, regularly 35c, now half.
—Long silk (white) "Polly Hose," speaks for itself. Regularly 50c, now half.
—Silk half hose with crocheted tops ribbon run. Broken sizes, all white. Regularly 75c, now half.
—The Broadway—Fourth Floor

Little Tots'
Coats, Half Price
Regularly $4.95 to $20.00

—Here is an opportunity to pick up just the coat you are looking for! Smart little models with the new sleeve and yoke effect—raglan or set-in. Some are belted, all are excellently tailored. Smart shades. Not all styles in every size.

You May Buy Them Thursday at Half Price!

—The Broadway—Fourth Floor.

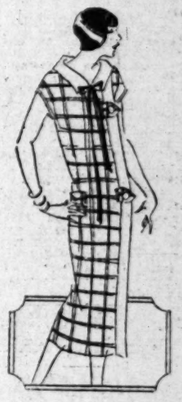
Lowered in Price!
Girls' Coats
Smartly Tailored **$7.75**

—Before Easter, you would have paid much more than $7.75! This is a Greater Broadway Day Special!

—Several clever styles are shown for girls of 6 to 14 in a smart spring shade of tan. Each coat is fully lined.
—The Broadway —Fourth Floor.

Women's Etamine, Broadcloth and Gingham
Wash Frocks Reduced
$2.98

—When you see these smart wash frocks, you'll exclaim with delight—for they're really remarkable at this low price.
—Etamines in plain and fancy weaves adorned with bandings and contrasting colors. In lovely spring shades. Broadcloths in the popular candy stripes—and a few tissue ginghams. Not a full range of sizes in the latter.
—The Broadway—Fourth Floor.



Crystal Knit "Milo Sheen"
Costume Slips
$2.59

—A special purchase! Lustrous attractive shadow-proof "Milo Sheen" slips in the new straight lines with fullness introduced at the hips.
—In many delightful shades and white in sizes to 42. Amply cut. Remarkable value!
The Broadway—Fourth Floor.

For Miss Two to Six
Panty Dresses $1.25
Panty dresses of gingham in cunning styles. They're practical as well as becoming. Mothers, this is your opportunity!
—The Broadway—Fourth Floor

INTEREST GAINS IN SEMIFINALS

Oratory Chief Gets Flood of Calls and Letters

List of Judges Indicative of Contest's Popularity

Bar Association's Members Invited to Attend

SEMIFINALS CALENDAR

National Oratorical Contest semifinals will take place at 7:30 in the evening, the 17th inst., as follows:

Group A, Chaffey Union High, Ontario.

Group B, High School at Bakersfield.

Group C, Glendale Union High School.

Group D, High School, South Pasadena.

Group E, Bovard Hall, U.S.C., Los Angeles.

Group F, Belmont High School, Los Angeles.

Public interest in the six big oratory combats in the semifinals of the National Oratorical Contest on the Constitution, to be staged by thirty-six high school champions in Southern California on the evening of the 17th inst. is constantly increasing as those events approach.

Contest Director Blanks's telephone rings every few minutes, the director being called on to answer numerous questions about the contest, the orators, the prizes, the place, date and hour fixed for the meets, and a great many other things. His mail is heavy with requests for seat reservations. The indications are that the meetings will tax the various auditoriums to capacity.

Arrangements were completed yesterday for the judges who will pass on the merits of the addresses delivered by the youthful silver-tongues. Convincing evidence of the approval with which the contest movement is regarded by citizens of high standing in the different communities is found in the list of judges. The list includes educators, business men, attorneys, judges and prominent representatives of many other callings. All, in consenting to act as judges, have taken occasion to express approbation of the National Oratorical Contest as a stimulus to patriotism and better citizenship.

APPROVAL EXPRESSED

The following are a few expressions from communications received by Director Blanks from the judges:

"I consider it a privilege to act as one of the judges in the oratory contest." "It will give me great pleasure to help in any way I can to further a better knowledge of the Constitution." "I shall be pleased to act as one of the judges and know that I shall enjoy the debate." "I am very much interested in the National Oratorical Contest and will be glad to act as a judge." "I have always been deeply interested in prompting the study of the Constitution by the students in the high schools and am pleased to be of service in this contest." "I greatly enjoyed acting as a judge in last year's contest and consider it a privilege to render the same service this year."

The names of the judges at each of the six group meets constituting the semifinals are as follows:

JUDGES LISTED

For Group A, meeting at Chaffey Union High School, with schools of San Diego, Brawley, San Bernardino, Anaheim, Riverside and Escondido participating, the judges are E. P. Clarke, president of the State Board of Education; Harold Stonier, executive secretary of the University of Southern California, and Ernest Jaqua, dean of Pomona College.

For Group B, meeting at the high school at Bakersfield, with the schools of Bakersfield, Taft, Fresno and Visalia participating, arrangements for the judges will be made locally by the committee in charge of the contest in that district.

For Group C, meeting at Union High School, Glendale, with the schools of San Pedro, Moorpark, Long Beach, Glendale, Venice and Gardena, participating, the judges are: Prof. Charles E. Martin, head of the department of political science of the University of California, Southern Branch; Henry R. Archbald, judge of the Superior Court, Los Angeles; George P. Rinehart, editor of the Covina Citizen; R. L. Ashley, Pasadena; Arthur C. Brown, Whittier; Prof. W. H. Veatch, University of California, Southern Branch; Gavin W. Craig, judge of the Superior Court, Los Angeles, and Prof. Charles Lindsley of Occidental College.

OTHER GROUPS

For Group D, meeting at South Pasadena, with the schools of South Pasadena, Santa Maria, Covina, Pomona and Excelsior participating, the judges are: Prof. John R. MacArthur of the California Institute of Technology, Pasadena; Marshall Stimson, Los Angeles attorney; Dr. Graham Taylor of the University of Chicago; Paul E. Schwab, Los Angeles attorney; Frederick H. Blair, South Pasadena, and Prof. Charles A. Marsh, University of California, Southern Branch.

For Group E, meeting at Bovard Hall, U.S.C., Los Angeles, with Hollywood, Polytechnic, Manual Arts, Jefferson, Los Angeles, Franklin and Lincoln High schools of Los Angeles participating, the judges are: E. R. Perry, city librarian; O. E. Monnette, president of the Bank of America; B. H. Waite, manager of Bullock's; P. B. Kennedy, vice-president Security Trust and Savings Bank; F. H. Vercoe, chief public defender of Los Angeles county; Rev. Peter Corcoran, superintendent of Los Angeles Catholic Girls' School; Dr. Carl S. Patton, pastor First Congregational Church; V. H. Rossetti, vice-president Farmers' and Merchants' National Bank; Dr. F. C. Touton, head of the department of education, University of Southern California; Andrew T. Mullen, director Mullen & Bluett.

For Group F, meeting at Belmont High School, Los Angeles, where the participating schools will be Roosevelt, Belmont and Loyola College of Los Angeles, the high school of Burbank and Owens Valley High School of Bishop, the judges are: Dr. Ray Malcom of the University of Southern California; Right Rev. W. Bertrand Stevens, bishop coadjutor (Episcopal,) Diocese of Los Angeles; and Alan Nichols, Leslie H. Kranz and Timon E. Owens, Los Angeles attorneys.

ATTORNEYS INVITED

In recognition of the cordial cooperation which the contest movement has enjoyed from the members of the bar ever since it was first launched in 1923, a special invitation was sent to the 1200 members of the Los Angeles Bar Association yesterday, asking them to attend such of the semifinal meetings as were most conveniently located with reference to their homes.

The members not only of the local bar association but also of the national organization have taken an active interest in the promotion of the contest in every part of the country. At the annual convention of the American Bar Association last summer that body adopted a resolution in reference to the National Oratorical Contest, reading in part as follows:

"The American Bar Association, by its president and executive committee, heartily indorses this contest. The association urges repetition of the contest to the end that the boys and girls in our schools—the hope of America—thoroughly grounded in the principles of American government, intelligently informed as to the provisions of its constitution, appreciating their heritage, may become not only its valiant defenders, but missionaries bringing to all our people a better conception of American ideals and American institutions."

ARTHUR RIBBEL IS WINNER AT SAN DIEGO

[EXCLUSIVE DISPATCH]

SAN DIEGO, April 14.—Arthur Ribbel, San Diego High School sophomore, 16 years of age, was judged the winner in the local contest of the National Oratorical Contest on the Constitution tonight at the high school auditorium. He won a cash prize of $25 and will represent this district in the semifinals of Group A Friday night at Chaffey Union High School in Ontario.

Second and third places respectively, went to Philip Stockton, 18 years of age, a junior at La Jolla High School, and Francis Whelan, 17 years of age, a sophomore at San Diego High School, the only other contestants.

First prize was awarded to Ribbel, the judges announced, because of his keen analysis of the Constitution as a document. The other orations were said to have been more general in character.

The judges were Lieut. J. M. McNulty, commander of the local unit of the Naval Reserves; Lieut. E. V. Isaacs, U.S.N., (retired,) war hero, and Harold Angier, commander of San Diego Post of the American Legion.

Ribbel won fourth place in the local Constitution contest last year and Stockton was third last year.

Principals In Army Nuptials

Harold Boyd and Miss Mildred Parkhouse

ARMY LASSIE WEDS TONIGHT

Salvation Headquarters to be Scene of Nuptials Uniting Prominent Social Workers

With the bridegroom's father, Lieut.-Col. C. R. Boyd, officiating, the marriage of Miss Mildred Parkhouse to Harold Carvell Boyd, will take place this evening at 8:15 o'clock in Salvation Army headquarters, 833 West Ninth street.

Miss Parkhouse and her fiance are members of the Salvation Army as are all in the bridal party, which will consist of Robert Field, best-man.; Miss Mabel Bruce, bride's-maid; Miss Mabel Fraser and Laura Isaacs, flower girls, and Eva Kranz and Richard Headrick, ring-bearers.

The bride is the daughter of Field Major and Mrs. T. W. Parkhouse of Milwaukee, Wis., who have been officers of the Salvation Army for thirty-five years. Lieut.-Col. and Mrs. Boyd, parents of the bridegroom, have been officers in the Army for thirty years, filling important commands in New York and various middle-western cities before coming to Los Angeles for the command of Southern California division.

Mr. Boyd and his fiancee have known each other since they were 13 years of age at which time they were members of the Salvation Army band in Milwaukee.

Los Angeles No. 2 band will play the wedding march and the band and songsters of No. 2 corps will provide th incidental musical program.

This will be a public wedding and all friends of the Salvation Army are invited to attend.

DECEMBER-MAY IDYL OVER

Missing Boy-Husband Found Washing Dishes at Pomona to Earn Divorce Money

The December and May romance that nearly a year ago united Mrs. Mary May McGinnis, 70-year-old Long Beach rooming-house owner, with Edward Cochran, 22, an oil worker, has come to an unhappy ending, it was disclosed yesterday by Mrs. Cochran.

She was informed by private detectives that her young husband has been found in Pomona washing dishes in a hotel to raise money, he is declared to have said, to return to Detroit and get a divorce. He had left his home some time ago.

Cochran, who has a job as man of all work in the Pomona hotel, said yesterday that any attempt to make a mystery of his leaving Long Beach was simply bunk.

"I left because there was nothing else to do," he said. "The whole world knows that our ages made living together impossible and I was the last to find it out.

DENIES QUARREL

"We have had no quarrel. She knew I was going and we shook hands when I left. There is nothing in the world that will induce me to return and I don't think there is any law to make me go back if I don't want to. I don't know about this divorce business and care less. The whole affair is a personal matter and I don't think the public gives a darn whether I go, stay or drop out of sight."

Discovery of Cochran at Pomona set to rest fears felt since he disappeared, chiefly by his wife, that he had metwith foul play. Now that he is alive and in the frame of mind not to return to his wife, she may ask police to bring him back on a desertion warrant, she said yesterday at her home at 720 West Fifth street, Long Beach.

Although in tears over the blasting of her dream of happiness, Mrs. Cochran said she has no blame for "Edward."

"He can have a divorce if he wants it," she said tearfully, "but he cannot say anything against me or blame me for wrecking our hopes and dreams."

NOT COMPLAINING

The gray-haired woman related how her boy husband had induced her to put her life savings, about $35,000 in a three-story rooming-house. When the place was finished, she said, it was smaller than they expected and it has not been a financial success.

She declared that she was too hard pressed to buy Edward an automobile, although she wanted to. She said she had given him $8000 since last July.

"But I am not complaining," she philosophized. "He worked so hard in the new house and seemed to be so happy over it. I guess the worry over the loss of everything was too much for him."

When the couple were honeymooning in the East last summer, newspaper dispatches quoted Mrs. Cochran as saying Edward would not take "no" for an answer. He was quoted as remarking that "we love each other dearly and we are going to be extremely happy."

PRINCE OF OLD FRANCE VISITS HERE

Attends Ceremony in Honor of His Father by Confederacy Daughters

When a prince of the royal blood of France, who traces his title back to the ninth century, disguises himself as a Simon-pure "Johnny Reb" and enlists in the army of the Confederate States of America—shade of the Marquis de Lafayette! But let Prince Victor de Polignac, who, with the Princess, arrived in Los Angeles last tell his own story:

"We are here in the United States to attend, or, rather, we have attended, the unveiling by United Daughters of the Confederacy of a monument erected at Mansfield, La., to my father, Prince Camille de Polignac. And now we make the general visit and return to France."

"The Daughters of the Confederacy—a monument to your father, in Louisiana—how come?" stammered the ignorant interviewer.

The Prince de Polignac smiled a deprecatory smile, and a pale light gleamed through the right-hand clouded lens of his spectacles:

"My father lived long in Louisiana, and he fought often for the South. But now you will excuse us, I know, for we have traveled over the hot desert and would have dinner and retire. Some time again perhaps I will talk more."

The reporter made anxious inquiry regarding the troubles of the French Cabinet.

The Prince smiled again. Yes, there were troubles, but he was not what you call conversant with them.

The French loan? No, unfortunately, he knew little about the French loan.

Was the franc falling in value? Again the Prince smiled, but said nothing. He had a suite at the Alexandria, and his francs might speak for themselves.

The Prince de Polignac is small and slender. He was courteous and quiet. His clothes were simple, inconspicuous. The Princess de Polignac remained in the background, smiled and spoke not. But—

Every guest on the main floor knew that a descendant of the confidant of Marie Antoinette had arrived when three husky taxicab drivers staggered through the lobby of the Alexandria and solemnly deposited in line before the desk sixteen bags, grips and portemanteaus of various sizes and colors!

Not so did the Prince Camille de Polignac travel when he wore the battling gray of Robert E. Lee!

Retired Pastor Here Succumbs to Long Illness

Rev. H. L. Glover, retired Methodist minister and the father of Lydia Glover, member of the faculty of the University of Southern California, died yesterday at his home, 820 West Thirty-sixth street, after a long illness. Funeral services will be conducted tomorrow at 1:30 o'clock at the University Methodist Episcopal Church, Rev. William A. Brown officiating.

Dr. Glover, who was 62 years of age, was a member of the New York East Conference and for many years had been pastor of several of the largest Methodist Episcopal churches on the Atlantic Coast. Failing health forced him to retire and he came to California five years ago.

He is survived by a widow, Mrs. Eda Glover, and two daughters, Lydia and Katherine.

Boys Struck by Hit-and-Run Car; One Badly Hurt

By a "Times" Staff Correspondent

VENICE, April 14.—Knocked down by a hit-and-run motorist, Bobbie Rasmussen, 7 years of age, of Rialto Court, Oakwood avenue, is in a critical condition. His brother, Richard, 5, was also knocked down, but escaped with bruises.

The two children were crossing the street near their home when struck.

Bobbie Rasmussen is suffering from a possible skull fracture and was taken to St. Catherine's Hospital.

NEW RATES FOR MAILS NOW APPLY

Regulation Changes Also in Effect, Parcel Special Delivery Included

"Now see here! I want this parcel to be delivered in New York without any delay. The last package I sent to Aunt Sue didn't arrive until ten days after I mailed it, and her birthday was spoiled. This is the postoffice, isn't it?" So it goes from pretty girls at the parcel-post window.

"Yes, miss." This from the smiling and gallant clerk after today. "If you want special handling and special delivery on this package the delivery stamp will cost 10 cents and the special handling stamp 25 cents."

Starting at midnight last night the revised postage rates and regulations went into effect throughout the United States. The most unique feature of the new rules is the special handling privilege, which renders parcel post the same as first-class mail.

In the future, private mailing or post cards, first class, will require a 2-cent stamp. Third-class printed matter, for each two ounces or fraction of two ounces, up to and including eight ounces, 1 1-2 cents; fourth class, over eight ounces, parcel-post zone rates apply.

Books and catalogues: Third class, for each two ounces or fraction of two ounces, up to and including eight ounces, one cent; fourth class, over eight ounces, parcel-post zone rates apply.

The Postoffice Department expects to increase the national revenue $60,000,000 from these additions in rates to meet the salary rises granted by Congress to postal employees.

SALESMANSHIP LECTURE

Dr. A. A. Stanley of New York will deliver a lecture on salesmanship and psychology tonight at the Sawyer University of Commerce, 805 South Flower street.

"Local Laughs" Prize Coupon

EVERY WEEK the Los Angeles Times produces a humorous film, paying fifteen cash prizes for the best jokes submitted—$5, $3, $2, and twelve prizes of $1 each. Prize-winners are announced on the screen of the theaters where the film is shown, each joke bearing the name and address of the contributor. Every one is eligible to compete, the only rule being that jokes must not exceed thirty words. Jokes should be written on the blank below or on paper of similar size, and be mailed to "Local Laughs" Editor, Los Angeles Times, Los Angeles, Cal.
